work the discussion of this book is able to guide the reader's mind to god's real purpose all of us today know that there are many different teaching or doctrine of churches but all discussions in this book are based on ancient jewish and christian documents especially until the 2nd century ad that the ot teaching is the same as the nt without any clashing and deserves consideration by christian scholars below is a glance at this book 1 there is a lot of evidence from ancient jewish documents explaining who is the jewish messiah in the ot 2 this book also explains clearly that rom 5 15 is actually the law of soul for soul in exod 21 24 without the law of soul for soul there is no redemption of sins by christ 3 amazing for about the law should be cut off as in exod 12 19 which seems harsh and as if god is easy to punish but in fact is very generous long suffering merciful contrary to what christians mean today 4 ancient jewish teach that the temple in jerusalem are human bodies and were written by the apostle paul in the nt one example is 1 cor 6 19 20 5 explaining the concept of the trinity in the understanding of the 1st and 2nd century ad churches the trinity verses in the nt that do not appear in the ot such as john 1 1 col 1 15 etc are actually based on the ot and were teach by ancient jewish a long time before the 1st century ad 6 wars in the ot as evidence of god's love to restore the destruction because of sin and it is based on exod 21 24 the war still continues until the end of the world and all humans from all generations are involved no one excluded 7 clearly that the law of soul for soul eye for eye tooth for tooth as written in the book of moses is not scary harsh or without love on the contrary it proves wonderful love this law is the nt teaching also included in luke 6 27 to love your enemies 8 based on the church document in the 1st or 2nd century ad this book explains nt passages that are difficult to understand such as rom 3 20 and rom 7 6 that it is as if christians no longer need to keep the law rom 2 13 are saved by keeping the law while rom 3 20 are not saved by keeping the law also explains eph 2 15 it seems contrary to matthew 5 17 18 based on the letter of barnabas in the 2nd century ad describes eph 2 is the teaching in the ot to keep the law of moses but maybe different from what the christian church teaches today 9 based on the church documents in the 1st or 2nd century ad this book also explains col 2 16 and rom 14 about food and drink and certain days such as the sabbath and all of them are the ot teachings many more

please note this is a companion version not the original book sample book insights 1 the stonehenge documentary i was involved in in 1998 brought in malagasy archaeologist ramilisonina to explain the significance of stone monuments to the locals he explained that stone is an everlasting material with which one honors and commemorates the dead 2 an analogy is a comparison that implies an equivalence or a parallel between two things we use analogies all the time even at the most basic level of identification when we decide to call an ancient stone or metal object with a particular type of sharp edge an ax we are employing the simplest sort of analogy 3 the use of physical materials to express intangible meanings is not a new phenomenon stone has no inherent meaning that associates it with the eternal the dead or the ancestors but its meanings are always historically contingent and subject to change according to social context 4 the meanings of the materials used to build stonehenge were not always obvious to the people who built it stonehenge was built as a place of the ancestors but some scholars thought it was just a monument to the establishment of peace and unity
