Asterix apud Britannos

1982

first published in 1972 handbook for history teachers is intended to be a general and comprehensive work of reference for teachers of history in primary and secondary schools of all kinds the book covers all aspects of teaching history among them are the use of sources world history art and history principles of constructing a syllabus and the psychological aspects of history teaching the bibliographical sections are arranged on three parts school textbooks a section on audio visual aids and finally books for the teacher and possibly for the sixth form it thoroughly investigates and critiques the various methods employed in teaching history within classrooms and suggests alternatives wherever applicable diligently curated by

the standing sub committee in history university of london institute of education the book still holds immense value in the understanding of pedagogy

Operation Britain

1987

the romans have landed in britain but the stiff upper lipped local brits put up a jolly good fight asking asterix obelix and the magic potion for help but their mission seems doomed to failure when their barrel of potion is confiscated until asterix remembers he has some strange leaves in his pocket leaves which will surely change his world

Asterix Apud Britannos

1992

british prehistory will never look the same again professor colin renfrew university of cambridge stephen oppenheimer s extraordinary scientific detective story combining genetics linguistics archaeology and historical record shatters the myths we have come to live by it demonstrates that the anglo saxon invasions contributed just a tiny fraction 5 to the english gene pool two thirds of the english people reveal an unbroken line of genetic descent from south western europeans arriving long before the first farmers the bulk of the remaining third arrived between 7 000 and 3 000 years ago as part of long term north west european trade and immigration especially from scandinavia and may have brought with them the earliest forms of english language as for the celts the irish scots and welsh history has traditionally placed their origins in iron age central europe oppenheimer s genetic synthesis tells a different story there is indeed a deep divide between the english and the rest of the british but as this book reveals the division is many thousands of years older than previously thought be prepared to have all your cherished notions of english history and britishness swept away clive gamble
