*Reclaiming Early Childhood Literacies* 2016-09-01 at a time when literacy has become more of a political issue than a research or pedagogical one this volume refocuses attention on work with young children that places them at the center of their literacy worlds drawing on robust and growing knowledge which is often marginalized because of political and legislative forces it explores young children's literacies as inclusive redefined and broadened encompassing technologies the arts multiple modalities and teaching and learning for democracy cultural sustainability and social justice highlighted themes include children's rights to grow through playful engagements with multiple literacies to interrogate their worlds adults who expand and inspire children's consciousness and awareness of others and the world around them the centrality of meaning making in all aspects of language and literacy development a deep respect for diversities including languages cultures sexual orientation socioeconomic status and more and an expansive understanding of the nature of texts

**Postmodern Picturebooks** 2010-04-26 over the past 15 years there has been a pronounced trend toward a particular type of picturebook that many would label postmodern postmodern picturebooks have stretched our conventional notion of what constitutes a picturebook as well as what

it means to be an engaged reader of these texts the international researchers and scholars included in this compelling collection of work critically examine and discuss postmodern picturebooks and reflect upon their unique contributions to both the field of children's literature and to the development of new literacies for child adolescent and adult readers

**New Directions in Picturebook Research** 2010-07-12 in this new collection children's literature scholars from twelve different countries contribute to the ongoing debate on the importance of picturebook research focusing on aesthetic and cognitive aspects of picture books contributors take interdisciplinary approaches that integrate different disciplines such as literary studies art history linguistics narratology cognitive psychology sociology memory studies and picture theory topics discussed include intervisuality twist endings autobiographical narration and metaliterary awareness in picturebooks the essays also examine the narrative challenges of first person narratives ellipsis and frame breaking in order to consider the importance of mindscape as a new paradigm in picturebook research tying picturebook studies to studies in childhood multimodality and literacy this anthology is a representative of the different

opportunities for research in this emerging field

*Irish Children's Literature and Culture* 2011-03-17 irish children s literature and culture looks critically at irish writing for children from the 1980s to the present examining the work of many writers and illustrators and engaging with major genres forms and issues including the gothic the speculative picturebooks ethnicity and globalization it contextualizes modern irish children s literature in relation to irish mythology and earlier writings as well as in relation to irish writing for adults thereby demonstrating the complexity of this fascinating area what constitutes a national literature is rarely straightforward and it is especially complex when discussing writing for young people in an irish context until recently there was only a slight body of work that could be classified as irish children s literature in comparison with ireland s contribution to adult literature in the twentieth century the contributors to the volume examine a range of texts in relation to contemporary literary and cultural theory and children s literature internationally raising provocative questions about the future of the topic irish children s literature and culture is essential reading for those interested in irish literature culture sociology childhood and children s literature valerie coghlan church

**Children as Readers in Children's Literature** 2015-10-05 we are fascinated by text and we are fascinated by reading is this because we are in a time of textual change given that young people always seem to be in the vanguard of technological change questions about what and how they read are the subject of intense debate children as readers in children s literature explores these questions by looking at the literature that is written for children and young people to see what it tells us about them as readers the contributors to this book are a

group of distinguished children's literature scholars, literacy and media specialists who contemplate the multiple images of children as readers and how they reflect the power and purpose of texts and literacy contributors to this wide-ranging text consider how books shape the readers we become, cognitive and affective responses to representation of books and reading, the relationship between love stories and reading as a cultural activity, reading as protection and enlightenment, picturebooks as stage sets for acts of reading, readers' perceptions of a writer, this portrayal of books and reading also reveals adults' beliefs about childhood and literacy and how they are changing. It is a theme of crucial significance in the shaping of future generations of readers. Given these beliefs influence not only ideas about the teaching of literature but also about the role of digital technologies, this text is a must-read for any individual interested in the importance of keeping literature alive through reading.
