a choice highly recommended title january 2017 this book is an interpretive analysis of political campaigns in america instead of focusing on how campaigns are designed and run it investigates the role campaigns play in our american politics and the close symbiosis between campaigns and those politics the text examines how campaigns are an important manifestation of how we do politics in this country hallmarks of this text include showing how campaigns can undermine our democracy and asking how democratic they and by extension our politics really are demonstrating that the ability of the media to accurately fairly and deeply report on campaigns has been severely compromised both because of the growing distance between campaigns and media outlets and because of the structure of big media corporate ownership and its tight relationship to big money it asks important questions about the media including how do the media reporters in particular cover campaigns what pressures and forces shape what and how they present campaigns what is the impact of the ever increasing chasm separating campaigns and the media how does the close tie between corporate mainstream media and super pac money affect campaign coverage how does the ability of campaigns and media to segment voters into ever smaller slices influence how campaigns are covered tracking the continuing growth of unregulated private unaccountable dark money in campaigns as a threat to our democratic elections and politics democracy rests fundamentally on transparency and accountability sunlight and our

campaign laws and norms now allow and encourage exactly the opposite largely because of decisions by the united states supreme court

Calendars of the United States House of Representatives and History of Legislation 2013

the book addresses topics such as tourism education and its development in the latter part of the twentieth century taking tourism to be a broader field than hospitality

marriage for life begins by listening to the lived experiences of catholic married hiv positive women in order to better understand their struggles the eight women interviewed in chicago illinois usa shared their stories of marriage of family life of church involvement and of living with hiv their candid reflections offer a fresh and grounded perspective on the challenges of living with hiv in a us context after listening to and learning from these women s experiences reimer barry constructs a theology of christian marriage that is life giving in a world with aids while catholic teachings have developed and now affirm the equal dignity of women and men troubling legacies of women s subordination remain embedded in liturgical practices and theological texts arguing that self care is an indispensable component of a healthy marriage reimer barry constructs a life affirming theology of marriage that is sensitive to the struggles of her collaborators she argues that marriage for life must promote the full flourishing of both partners respect wives as equal partners with their husbands and offer a coherent and empowering sexual ethic building on the wisdom of her collaborators lived experiences reimer barry examines the need for a more adequate catholic response to hiv and aids arguing that church communities should promote comprehensive sexual education affirm both abstinence and condom use for hiv prevention and actively work to reduce stigmatizing behaviors within church communities she also unpacks the implications of marriage for life for catholic liturgical practice marriage preparation programs sexual education programs and family ministries modeling her method on what pope francis calls the art of accompaniment reimer barry argues that catholic theology of marriage must be renewed and updated so that all can plainly understand that marriage is for life

A Futurist's Guide to Emergency Management 2016-02-19

using a risk management approach to tease apart the complex issue of climate change this book assesses the key vulnerabilities and redirects the discussion to present a comprehensive plan to overhaul our response to climate change according to the 2014 u s climate report temperatures might increase by 5 degrees even with aggressive strategies to reduce greenhouse gas emissions and could increase by as much as 10 degrees if emissions continue unabated the report also predicts increases in extreme weather caused by global warming will continue it is time to apply the lessons of sustainable disaster mitigation and hazard resilience to respond to the challenges posed by global warming identify and assess the options we have for addressing the crisis and create a practical plan for managing the problem unlike other books on climate change this one uniquely applies a risk management

approach to answer the question considering what our policies look like now what do we need to do next to mitigate climate change robert o schneider phd explains how the warming climate will affect everything from peak temperatures and weather extremes to infrastructure such as groundwater reservoirs airports and wastewater systems making the dire nature of the crisis clear to readers in practical and personal terms by enabling readers to understand the scientific and historical contexts of the climate crisis the author makes a compelling case for the urgency of implementing a national climate policy to respond to the challenges posed by global warming

Political Campaigns in the United States 2016-09-22

the issues arising from rapid global integration have generally been treated in isolation by most academic works this volume examines the many pitfalls of globalization from the perspective of impoverished and indigenous peoples including the widening wealth gap the struggle for restoration of dispossessed lands and cultural rights global warming and ecological annihilation and the experiences of women in underdeveloped regions the united states growing prison industrial complex is discussed the author concludes with a call for reassessing current ways of living and proposes recreating cultures of conservation and sustainable economies instructors considering this book for use in a course may request an examination copy here

United States of America Congressional Record 2015-07

mediating the uprising narratives of gender and marriage in syrian television drama shows how gender and marriage metaphors inform post uprising syrian drama for various forms of cultural and political critique these narratives have become complicated since the uprising due to the syrian regime s effort to control the revolutionary discourse as syria s uprising spawned more terrorist groups some drama creators became nostalgic for pre war days while for some screenwriters a return to pre 2011 life would be welcome after so much bloodshed others advocated profound cultural and social transformation instead they employed marriage and gender metaphors in the stories they wrote to engage in political critique even at the risk of creating marketing difficulties for the shows or they created escapist stories such as transnational adaptations and old damascus tales serving as heritage preservation mediating the uprising underscores that television drama creators in syria have many ways of engaging in protest with gender and marriage at the heart of the polemic

his book first and foremost looks into experiences of greenlanders in denmark and in addition offers a canadian comparative perspective it presents my representation of greenlanders in denmark inuit in southern canada it is heavily based on interviews with inuit but presented in this publication through my eyes this book uses discussions on arctic urbanization migration and perceptions to comprehend experiences of greenlanders in denmark and places these experiences into a broader context by referring to experiences in canada as well

Someone Is Hiding Something 2019-02-01

this book focuses on the crises facing al qaeda and how the mass killing of muslims is challenging its credibility as a leader among islamist jihadist organizations the book argues that these crises are directly related to al qaeda s affiliation with the extreme violence employed against muslims in iraq syria afghanistan and pakistan in the decade since 9 11 al qaeda s public and private responses to this violence differ greatly while in public al qaeda has justified those attacks declaring that for the establishment of a state of true believers they are a necessary evil in private al qaeda has been advising its local affiliates to refrain from killing muslims to better understand the crises facing al qaeda the book explores the development of central al qaeda s complex relationship with radical mis appropriations and manifestations of takfir which allows one muslim to declare another an unbeliever and its unique relationship with each of its affiliates in iraq syria afghanistan and pakistan the author then goes on to consider how the prominence of takfir is contributing to the deteriorating security in those countries and how this is affecting al qaeda s credibility as an islamist terror organization the book concludes by considering the long term viability of al qaeda and how its demise could allow the rise of the even more radical violent islamic state and the implications this has for the future security of the middle east north africa and central south asia this book will be of much interest to students of political violence and terrorism islamism global security and ir

Hong Kong in the Shadow of China 2017-10-05

this volume presents articles which focus on the ethical evaluation of performance enhancing technologies in sport the collection considers whether drug doping should be banned the rationale of not banning ethically contested innovations such as hypoxic chambers and the implications of the prospects of human genetic engineering for the notion of sport as a development of natural talent towards human excellence the essays demonstrate the significance of the principles of preventing harm ensuring fairness and preserving meaning to appraise whether a particular performance enhancer is acceptable in the context of sport selected essays on various forms of human enhancement outside of sport that highlight other principles and concepts are included for comparative purpose sport enhancement provides a useful starting point to work through the ethics of enhancement in other human practices and endeavors and sport enhancement ethics should track broader bioethical debates on human enhancement as a whole the volume points to the need to consider the values and meanings that people seek in a given sphere of human activity and their associated principles to arrive at a morally grounded and reasonable approach to enhancement ethics

Life After Midlife 2015-06-02

in post soviet russia there is a persistent trend to repress control or even co opt national history by reshaping memory to suit a politically convenient narrative russia has fashioned a good future out of a bad past while putin s regime has acquired nearly complete control over interpretations of the past the future of the soviet past reveals that russia s inability to fully rewrite its soviet history plays an essential part in its current political agenda diverse contributors consider the many ways in which public narrative shapes russian culture from cinema television and music to museums legislature and education as well as how patriotism reflected in these forms of culture implies a casual acceptance of the valorization of stalin and his role in world war ii the future of the soviet past provides effective and nuanced examples of how russia has reimagined its soviet history as well as how that past still influences russia s policymaking
