chosen is a youth and young adult poem book for those of us who know that we are simply different god s calling has no age requirement and the gifts are without repentance sometimes life may not resemble those of our peers around us but chosen will help you know that you are not alone this book will express some of the thoughts and feelings that many young people who realize that they are being called to something greater even at a young age may feel please allow yourself to go on this journey of emotions and experiences with me and finish this book to the end you will learn that there is hope and find out what god truly is saying about you

Sylvia Plath Poems Chosen by Carol Ann Duffy

2012-10-30

sylvia plath was for both english and american poetry one of the defining voices of twentieth century and one of the most appealing few other poets have introduced as many new readers to poetry though she published just one collection in her lifetime the colossus and a novel the bell jar it was following her death in 1963 that her work began to garner the wider audience that it deserved the manuscript that she left behind ariel was published in 1965 under the editorship of her former husband ted hughes as were two later volumes crossing the water and winter trees in 1971 which helped to make sylvia plath a household name hughes s careful curation of plath s work extended to a collected poems and a selected poems in the 1980s which remain in print today and stand testimony to the profound respect that frieda hughes said her father had for her mother s work it was not until the publication of a restored ariel in 2004 that readers were able to appraise plath s own selection and arrangement of her work this edition of the poems chosen by the poet laureate carol ann duffy offers a fresh selection of sylvia plath s poetry to stand in parallel to the existing editions introduced with an inviting preface the book is essential reading for those new to and already familiar with the work of this most extraordinary poet

A Book of English Love Poems

2016-05-21

alan sillitoe 1928 2010 was an award winning poet and one of the leading british novelists of the twentieth century he wrote more than fifty books establishing an enduring critical and popular success with his 1958 novel saturday night and sunday morning which set a new direction in writing about the reality of working class lives

in post war britain his stories of working class life earned him a reputation as one of the angry young men of a new generation of writers his poetry however revealed his own inner life in a way that he found impossible to do in fiction presented here are sillitoe s poems that present the world as he saw it using a storyteller s skill he brought to life the people and places that captured his imagination and took him on a search for meaning fascist graffiti scrawled by an unseen hand on a wall in irkutsk three sons standing in silence by the grave of their father this is sillitoe s world as seen with his poet s eye a vision that is at the same time clear and precise politically engaged fiercely intelligent and deeply personal drawn from his eight volumes of poetry this selection has been chosen by his wife the poet ruth fainlight

Alan Stillitoe Selected Poems

2020

it is often winter in sue leigh s poems but the darkness is almost always weighed against a pale sun the brightness to be found in nature quiet making or in a loved place where one can walk among old trees and listen to the wind she is a poet interested in the possibilities and limitations of language in particular the relationship of sound to silence how we may catch hold of the living moment whether she travels to japan or walks in the fields near home whether the time is now or the distant past she inhabits a world that is both mysterious and familiar how might we live in such a world what matters in a life what of ourselves do we leave behind t s eliot famously said of marvell s poetry that it showed a tough reasonableness beneath the slight lyric grace something similar comes to mind reading sue leigh s poems they have a lightness and elegance to accompany the emotion which is always there but there is a harder element in them too a platinum like thread that gives each poem its own form they are a remarkable product of compassionate humanity and an observant eye bernard o donoghue i feel the influence of david jones in her perception of things as signs something other i also find in her writing a great tension between opposites profusion and austerity the dark burnished pauline stainer

Poetry of Byron

1892

born in 1793 john clare lived and worked during the golden age of british poetry the time of shelley byron keats and coleridge in the grand tradition of english nature writing he stands alongside wordsworth as a poet of extraordinary humanity and great spirit clare was 18 years old when the first luddite riots occurred he was deeply resistant to the first years of england's enclosure and he offers a contemporaneous look at what the world was like for those struggling with the impact of the first industrial revolution uneducated but remarkably well read clare was briefly celebrated in london only to spend his final years in a lunatic asylum he died in one on may 20 1864 almost exactly one year before william butler yeats was born and the world set out on the path to modernism as james reeves an early critic and admirer has said the existence of clare the poet is of course a miracle this is its most precious gift clare was a happy poet there is more happiness in his poetry than in that of most others this was no mere animal contentment of body and senses but a quiet ecstasy and inward rapture such happiness is not to be had except at a price tom pohrt's

drawings and watercolors have been widely admired there are few alive whose sensibility more properly matches clare's it's as if samuel palmer had taken the commission to illustrate a selection of the peasant poet pohrt has himself made the selection of poems from the vast quantity that survived clare's chaotic life robert hass joins the project to place clare's work in the larger context of nature poetry in the west the result is a book sure to please those who know already of clare's fine poems and those for whom this book will be their exciting introduction

Careless Rambles

2014-04-15

a note on toni thomas chosen these are poems of that day when the fiction lifted poems of ecclesiastical life burning sweet on the bread sticks these are narratives and portraits that buy happiness with a steel wick crowbar it to an unyielding clothesline so that september can come with its thrifty tongue and so the lyric opens and hemlines perfect luminaries are bleeding and we learn that all the world s a crock of shattered blue danube but anyone can stand up resolute in a tail wind with enough grace i opened this book on the poem an arc of chintz floats and i loved it loved those sun damaged men and rigging of sails and holiness which invades the courtyard you whisper in my ear the author says and the hem of my dress keeps lengthening many poems to admire here i recommend history lesson the perilous undertakings of the everyday world i call midnight among others these poems are toni thomas prayers her psalms the reality exists in memory alone proust tells us and this book of chosen moments chosen from many other moments of our time stands up for that notion ilya kaminsky

Chosen Poems

2013-10

excerpt from poems of wordsworth chosen and edited mr tennyson s decisive appearance dates from 1842 one cannot say that he effaced wordsworth as scott and byron had effaced him the poetry of wordsworth had been so long before the public the suffrage of good judges was so steady and so strong in its favour that by 1842 the verdict of posterity one may almost say had been already pronounced and wordsworth s english fame was secure but the vogue the ear and applause of the great body of poetry readers never quite thoroughly perhaps his he gradually lost more and more and mr tennyson gained them mr tennyson drew to himself and away from wordsworth the poetry reading public and the new generations even in 1850 when wordsworth died this diminution of popularity was visible and occasioned the remark of lord macaulay which i quoted at starting the diminution has continued the influence of coleridge has waned and wordsworth s poetry can no longer draw succour from this ally the poetry has not however wanted eulogists and it may be said to have brought its eulogists luck for almost every one who has praised wordsworth s poetry has praised it well but the public has remained cold or at least undetermined about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an

important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
