**Party Wars** 2014-10-22 party wars is the first book to describe how the ideological gulf now separating the two major parties developed and how today's fierce partisan competition affects the political process and national policy. Barbara Sinclair traces the current ideological divide to changes in the republican party in the 1970s and 1980s, including the rise of neoconservatism and the religious right. Because of these historical developments, democratic and republican voters today differ substantially in what they consider good public policy, and so do the politicians they elect. Polarization has produced institutional consequences in the house of representatives and in the senate, witness the majority party's threat in 2004-2005 to use the nuclear option of abolishing the filibuster. The president's strategies for dealing with congress have also been affected, raising the price of compromise with the opposing party and allowing a republican president to govern largely from the ideological right. Other players in the national policy community, interest groups, think tanks, and the media have also joined one or the other partisan team. Party Wars puts all the parts together to provide the first government-wide survey of the impact of polarization on national politics. Sinclair pinpoints weaknesses in the highly polarized system and offers several remedies.

**Parties at War** 2009-01-08 political parties formed the cornerstone of the liberal democracy for which Britain claimed it was fighting in the second world war. However, that conflict represented the most sustained challenge to the British party system during the twentieth century. War forced the suspension of normal electoral politics and exerted considerable extra demands on the time and loyalties of party activists and organizers. This all posed a serious challenge to the conservative, Labour, and Liberal parties. Parties at War uses an unusually broad and deep range of records of the main political parties to explore how they responded to the challenge of war. Extensive use of the local as well as the national level papers of the major parties offers a fuller picture than ever previously attempted. Andrew Thorpe focuses on what parties actually did at both local and national levels to sustain their organization during the war. He assesses the varying impacts of war not just on each of the parties but also over time and between the different regions and areas of Britain. Thorpe demonstrates how wartime struggles over organization had significance not just for the election of the first majority Labour government in 1945 but also for the longer term development of party in modern British politics.

**Civic Wars** 1997 historian Mary P. Ryan traces the fate of public life and the emergence of ethnic, class, and gender conflict in the 19th century city, using as examples New York, New Orleans, and San Francisco. Ryan illustrates the way in which American cities of the 19th century were as full of

cultural differences and as fractured by social and economic changes as any metropolis today 41 photos

**The Conservative Party and British Politics 1902 - 1951** 2014-01-14 the history of the conservative party during the first half of the twentieth century was marked by crisis and controversy from joseph chamberlain s tariff reform campaign through the lloyd george coalition and the national government between the wars to the defeat of 1945 and the post war recovery this study provides a lucid account of this turbulent and formative period in the history of the most durable and adaptive force in modern british politics

The History of the Rebellion and Civil Wars in England 1819 gotham at war is an accessible entertaining account of america s biggest and most powerful urban center during the civil war new york city mobilized an enthusiastic but poorly trained military force during the first month of the war that helped protect washington d c from confederate capture its strong financial support for the national government may well have saved the union new york served as a center for manpower military supplies and shipbuilding and medically new york became a center for efforts to provide for sick and wounded soldiers yet despite being a major northern city new york also had strong sympathy for the south parts of the city were strongly racist hostile to the abolition of slavery and to any real freedom for black americans the hostility of many new yorkers to the military draft culminated in one of the greatest of all urban upheavals the draft riots of july 1863 edward k spann brings his experience as an urban historian to provide insights on both the varied ways in which the war affected the city and the ways in which the city s people and industry influenced the divided nation this is the first book to assess the city s contributions to the civil war gotham at war examines the different sides of the city as some fought to sustain the union while others opposed the war effort and sided with the south this unique book will entertain all readers interested in the civil war and new york city about the author edward k spann is professor emeritus of history at indiana state university he is a specialist in nineteenth century history and urban history spann has authored a number of books including the new metropolis new york city 1840 1857 and ideals and politics new york intellectuals and liberal democracy which was nominated for a pulitzer prize

**Gotham at War** 2002-09-01 after the second world war two contrasting political movements became increasingly active in italy the communist and feminist movements in this book walter baroni uses autobiographical life writing from both movements key protagonists to shed new light on the history of these movements and more broadly the similarities and differences between political

activists in post war italy

Autobiographical Cultures in Post-War Italy 2021-01-14 lasting from 1861 to 1865 the civil war pitted brother against brother and resulted in the deaths of well over 600 000 soldiers this encyclopedia provides information about a variety of topics related to the war and its aftermath including political issues generals battles and campaigns armies weapons and ammunition naval vessels medical treatments and aspects of daily life in the military and on the home front

*The Civil War* 2009-06-25 this is the first truly definitive history of the first world war the war that has done most to shape the twentieth century the first generation of its historians had access to only a limited range of sources and their focus was primarily on military events more recent approaches have embraced cultural diplomatic economic and social history in hew strachan s authoritative and readable history these fresh perspectives are incorporated with the military and strategic narrative the result is an account that breaks the bounds of national preoccupations to become both global and comparative to arms the first of three volumes in this magisterial study examines not only the causes of the war and its opening clashes on land and sea but also the ideas that underpinned it and the motivations of the people who supported it it provides full and pioneering accounts of the war s finances of the war in africa and of the central powers bid to widen the war outside europe

**The Works of Hubert Howe Bancroft: History of Mexico. 1883-88** 1888 the american civil war had a devastating impact on countless numbers of common soldiers and civilians this book shows how average americans coped with despair as well as hope during this vast upheaval

– 2013-12-19 many books have tried to analyze the reasons for the chinese communist success in china s 1945 1949 civil war but suzanne pepper s seminal work was the first and remains the only comprehensive analysis of how the ruling nationalists lost that war not just militarily but by alienating the civilian population through corruption and incompetence now available in a new edition this authoritative investigation of kuomintang

failure and communist success explores the new research and archival resources available for assessing this pivotal period in contemporary chinese history even more relevant today given the contemporary debates in hong kong and taiwan over the terms of reunification with a communist led national government in beijing this book is essential reading for anyone seeking a nuanced understanding of twentieth century chinese politics

**The First World War** 2003-02-06 this book provides a thorough critical overview of the current debate on the ethics of war as well as a modern just war theory that can give practical action guidance by recognizing and explaining the moral force of widely accepted law traditionalist walzerian and revisionist approaches have dominated contemporary debates about the classical jus ad bellum and jus in bello requirements in just war theory in this book uwe steinhoff corrects widely spread misinterpretations of these competing views and spells out the implications for the ethics of war his approach is unique in that it complements the usual analysis in terms of self defense with an emphasis on the importance of other justifications that are often lumped together under the heading of lesser evil it also draws on criminal law and legal scholarship which has been largely ignored by just war theorists ultimately steinhoff rejects arguments in favor of moral fundamentalism the view that the laws and customs of war must simply follow an immutable morality in contrast he argues that widely accepted laws and conventions of war are partly constitutive of the moral rules that apply in a conflict the ethics of war and the force of law will be of interest to scholars and advanced students working in just war theory applied ethics political philosophy political theory philosophy of law and criminal and military law

**A People at War** 2007-04-16 this detailed study traces the history of the soviet polish war 1919 20 the first major international clash between the forces of communism and anti communism and the impact this had on soviet russia in the years that followed it reflects upon how the bolsheviks fought not only to defend the fledgling soviet state but also to bring the revolution to europe peter whitewood shows that while the red army s rapid drive to the gates of warsaw in summer 1920 raised great hopes for world revolution the subsequent collapse of the offensive had a more striking result the soviet military and political leadership drew the mistaken conclusion that they had not been defeated by the polish army but by the forces of the capitalist world britain and france who were perceived as having directed the war behind the scenes they were taken aback by the strength of the forces of counterrevolution and convinced they had been overcome by the capitalist powers the soviet polish war and its legacy reveals that in the aftermath of the catastrophe at warsaw lenin stalin and other senior bolsheviks were convinced that another war

against poland and its capitalist backers was inevitable with this perpetual fear of war shaping the evolution of the early soviet state it also further encouraged the creation of a centralised and repressive one party state and provided a powerful rationale for the breakneck industrialisation of the soviet union at the end of the 1920s the soviet leadership s central preoccupation in the 1930s was nazi germany this book convincingly argues that bolshevik perceptions of poland and the capitalist world in the decade before were given as much significance and were ultimately crucial to the rise of stalinism

*Civil War in China* 1999-07-22 applying lessons from history to the reality of poverty today in the united states the most affluent country in the world this book analyzes contributing factors to poverty and proposes steps to relieve people affected by it american history is replete with efforts to alleviate poverty while some efforts have resulted in at least partial success others have not because poverty is a multifaceted complicated phenomenon with no simple solution winning the war on poverty studies the history of poverty relief efforts in the united states dating to the nineteenth century debunking misperceptions about the poor and tackling the problem of the ever widening gap between the rich and poor it highlights the ideological differences between liberal and conservative beliefs and includes insights drawn from a well rounded group of disciplines including political science history sociology economics and public health premised on the idea that only the lessons of history can help policymakers to recognize that the united states has a persistent poverty problem that is much worse than it is in many other democracies the book suggests an 18 point plan to substantively address this dilemma its vision for reform does not pander to any particular ideology or political party rather the objective of this book is to explain how the united states can win the war on poverty in the short term

**The Ethics of War and the Force of Law** 2020-11-25 to commemorate the 150th anniversary of the end of the civil war diversion books is publishing seminal works of the era stories told by the men and women who led who fought and who lived in an america that had come apart at the seams for those who did not die on the battlefield but who were instead taken prisoner the civil war presented an even more intense version of hell prison conditions were abysmal and the prisoners frequently died of starvation and disease these accounts of prison escapes show what desperate men will do fleeing unequivocal peril to land behind enemy lines struggling to get back to their own side and live to fight another day searing and difficult this account puts readers into the minds of men at the precipice willing to risk death for freedom

*The Soviet-Polish War and its Legacy* 2023-09-21 the carefully selected and edited readings in

this book are chronologically arranged so that students can trace the progression of events and understand the thoughts of those living during the critical civil war and reconstruction periods both the civil war and reconstruction were pivotal moments in american history that have shaped race relations perceptions of national power and the relations between the national government and the states powerful political figures who were often guided by lofty motives found themselves caught up in circumstances that were largely beyond their direct control issues often proved far more complex than anticipated and many initial solutions that were set in motion more than 130 years ago continue to affect current u s politics this book provides american history students and teachers with a handy reference that examines all important aspects of the civil war and reconstruction eras the author models how an expert scholar interacts with primary sources thereby providing guidance that shows readers how to pick apart and critically evaluate firsthand the key documents chronicling these major events in american history the deftly edited readings in this book are presented in chronological order so that students can trace the progression of events and thinking of various individuals during the critical civil war and reconstruction periods annotations explain key terms and highlight key portions of laws presidential speeches and orders supreme court decisions and other sources from the period

**Winning the War on Poverty** 2018-04-12 this book tells the story of the rise and decline of the united electrical radio and machine workers of america ue from 1933 to 1990 once the third largest industrial union in the united states the ue was the most powerful left wing institution in u s history and arguably the most significant victim of the anti communist purges that marked post world war ii america this is an institutional study of the formation of the ue and the struggle for its control by left wing and right wing factions unlike most books on unions during the cold war this study carries the story up to the present showing the long term effects of the ideological battles

*Library of Universal Knowledge* 1880 this book compares two countries with striking parallels in economic and political outcomes yet with some distinct features in terms of institutional structures relative size and culture therefore this book forms a fruitful platform for the study of the similarities and differences in the economic and societal development of japan and finland despite their geographic distance from one another and the aforementioned differences both countries experienced rather similar economic and societal development patterns after the second world war the study of these societies both individually and through commonalities will provide a unique perspective on the emergence of modern economies and institutions the book provides

comprehensive coverage on issues such as welfare state formation and society security and military spending education system industrial development international trade governmental economic policies energy solutions and bubbles and their collapse thus issues typical for these countries as well as most modern states studied from a longitudinal perspective the book aims to answer a fundamental question in social science why do there seem to be common trends and developmental paths among countries differing in size culture and economic structure this book will provide insights for those seeking to decipher how the developments in their own countries came about and where they may be headed to

**Famous Adventures and Prison Escapes of the Civil War (Civil War Classics)** 2015-01-13 this book focuses on the lives struggles and contrasting perspectives of the 60 000 workers military administrators and technical staff employed in the largest most strategic industry of the nationalist government the armaments industry based in the wartime capital chongqing the author argues that china s arsenal workers participated in three interlocked conflicts between 1937 and 1953 a war of national liberation a civil war and a class war the work adds to the scholarship on the chinese revolution which has previously focused primarily on rural china showing how workers alienation from the military officers directing the arsenals eroded the legitimacy of the nationalist regime and how the communists mobilized working class support in chongqing moreover in emphasizing the urban working class and nationalist components of the 1949 revolution the author demonstrates the multiple sources of workers identities and thus challenges previous studies that have exclusively stressed workers particularistic or regional identities

**The Civil War and Reconstruction Eras** 2017-10-27 this book presents a comprehensive history of the seven apache tribes tracing them from their genetic origins in asia and their migration through the continent to the southwest the work covers their social history verbal traditions and mores the final section delineates the recorded history starting with the spanish expedition of 1541 through the civil war

Cold War in the Working Class 1995-01-01 exam board aqa edexcel ocr wjec level a level subject history first teaching september 2015 first exam june 2016 give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility access to history is the most popular trusted and wide ranging series for a level history students this title supports the content and assessment requirements of the 2015 a level history specifications contains authoritative and engaging content includes thought provoking key debates that examine the opposing views and approaches of historians provides exam style

questions and guidance for each relevant specification to help students understand how to apply what they have learnt this title is suitable for a variety of courses including aqa america a nation divided c1845 1877 ocr the usa in the 19th century westward expansion and civil war 1803 c1890

Annual Reports of the War Department 1900 a forensic study of vietnam s war imperial history and international relations in the years following the second world war a forensic study of war imperial history and international relations following the second world war and leading into the cold war and defeat of western imperialism in asia and above all the story of the pivotal battle and french defeat at dien bien phu it shows france s revanchist attempt to regain imperial glory in her former asian empire following humiliation in the second world war defeat and vichy the effort was spurred by de galle s chauvinism and desire to recover france s honour and reputation after so many humiliations by friend and foe the communist led vietminh were guided to victory by ruthless revolutionary ho chi min far from the attractive uncle ho who is revered as a communist saint in contrast to louche playboy emperor bao dai and the very able general giap communist strength in rural vietnam society the vietminh represented a nation in arms was backed by supplies from communist china and the soviet union it was an existential struggle on the french side the end of cafe society and the gravy train for planters officials the military and politicians military matters including general giap s strategy and tactics are analyzed in detail but it was a soldiers war told at ground level and readers will feel the heat and fear of battle be shocked at war crimes and intrigued by the tales of graham greene et al the global importance was not lost on the powers following exhaustion from world war and in the shadow of the cold war all great leaders were involved roosevelt truman eisenhower churchill stalin khrushchev chou en lai and mao zedong under the shadow of the a bomb a negotiated peace and first detent of the cold war would end in the sumptuous salons of geneva

*Comparing Post War Japanese and Finnish Economies and Societies* 2014-11-13 the black hawk war was a conflict between the united states and native americans led by black hawk a sauk leader the war erupted soon after black hawk and a group of sauks meskwakis and kickapoos known as the british band crossed the mississippi river into the u s state of illinois from iowa indian territory in april 1832 black hawk s motives were ambiguous but he was apparently hoping to avoid bloodshed while resettling on tribal land that had been ceded to the united states in the disputed 1804 treaty of st louis black hawk born ma ka tai me she kia kiak 1767 1838 was a band leader and warrior of the sauk american indian tribe in what is now the midwest of the united states

although he had inherited an important historic medicine bundle from his father he was not a hereditary civil chief black hawk earned his status as a war chief or captain by his actions leading raiding and war parties as a young man and a band of sauk warriors during the black hawk war of 1832

**Workers at War** 2004-09-29 first published in 1996 the first world war was the single most important event of the twentieth century this volume concentrates on non u s aspects of the conflict organized alphabetically its more than 600 detailed entries offer information and insight on such subjects as the causes of the conflict major battles and campaigns weapons systems including military aviation chemical warfare the submarine and the tank and the terms of the peace some 350 biographies provide information on the roles played in the conflict by generals admirals and civilian leaders there are also biographies of individuals who were shaped by the war such as charles de gaulle adolf hitler benito mussolini and joseph stalin essays on each of the countries involved in the conflict new appraisals of such subjects as military medicine and artillery tactics and essays on such diverse subjects as art literature and music in the war each entry has references for additional reading and a subject index provides easy access the volume is an excellent reference source for scholar and neophyte alike

*The Life and Correspondence of Thomas Arnold, D.D* 1887 this volume explores the way governments endeavoured to build and maintain public support for the war in afghanistan combining new insights on the effects of strategic narratives with an exhaustive series of case studies in contemporary wars with public opinion impacting heavily on outcomes strategic narratives provide a grid for interpreting the why what and how of the conflict this book asks how public support for the deployment of military troops to afghanistan was garnered sustained or lost in thirteen contributing nations public attitudes in the us canada australia and europe towards the use of military force were greatly shaped by the cohesiveness and content of the strategic narratives employed by national policy makers assessing the ability of countries to craft a successful strategic narrative the book addresses the following key areas 1 how governments employ strategic narratives to gain public support 2 how strategic narratives develop during the course of the conflict 3 how these narratives are disseminated framed and perceived through various media outlets 4 how domestic audiences respond to strategic narratives 5 how this interplay is conditioned by both events on the ground in afghanistan and by structural elements of the domestic political systems this book will be of much interest to students of international intervention foreign policy political communication international security strategic studies and

ir in general

**The Apache Peoples** 2013-07-30 this anthology contains 16 readings that deal with military political diplomatic and social aspects of wii and its consequences for the contemporary world the readings are grouped around seven major topics and each topic is prefaced with commentary by lee the readings consist of complete articles or integral chapters rather than abridged selections so that each author s argument can be read in its original form annotation copyrighted by book news inc portland or

Access to History: America: Civil War and Westward Expansion 1803-1890 Fifth Edition 2015-04-24 the british empire played a crucial part in the first world war supplying hundreds of thousands of soldiers and labourers as well as a range of essential resources from foodstuffs to minerals mules and munitions in turn many imperial territories were deeply affected by wartime phenomena such as inflation food shortages combat and the presence of large numbers of foreign troops this collection offers a comprehensive selection of essays illuminating the extent of the empire s war contribution and experience and the richness of scholarly research on the subject whether supporting british military operations aiding the british imperial economy or experiencing significant wartime effects on the home fronts of the empire the war had a profound impact on the colonies and their people the chapters in this volume were originally published in australian historical studies the journal of imperial and commonwealth history first world war studies or the round table the commonwealth journal of international affairs

**Vietnam and the Cold War 1945-1954** 2024-06-30 this invaluable resource offers students a comprehensive overview of the german war machine that overran much of europe during world war ii with close to 300 entries on a variety of topics and a number of key primary source documents this book provides everything the reader needs to know about the german war machine that developed into the potent armed force under adolf hitler this expansive encyclopedia covers the period of the german third reich from january 1933 to the end of world war ii in europe in may 1945 dozens of entries on key battles and military campaigns military and political leaders military and intelligence organizations and social and political topics that shaped german military conduct during world war ii are followed by an illuminating epilogue that outlines why germany lost world war ii a documents section includes more than a dozen fascinating primary sources on such significant events as the tripartite pact among germany italy and japan the battle of stalingrad the normandy invasion the ardennes offensive and germany s surrender in addition six appendices provide detailed information on a variety of topics such as german aces

military commanders and military medals and decorations the book ends with a chronology and a bibliography of print resources

**History of the Black Hawk War** 2023-12-14 during the war of 1812 the area along the genesee river both upriver around the modern city of rochester and along the shores of lake ontario never saw a battle never had any significant military presence and at best held only a minor level of strategic value despite these facts the few inhabitants of this area faced constant threat of british plunder or invasion and had almost continuous visits from both american and british forces during the extent of the war based on first hand accounts and primary source materials

*European Powers in the First World War* 2018-12-07 this is the first comprehensive study in english of soviet women who fought against the genocidal misogynist nazi enemy on the eastern front during the second world war drawing on a vast array of original archival memoir and published sources this book captures the everyday experiences of soviet women fighting living and dying on the front
