containing terms like what is an array variable
array variables can also be called how do you
initialized elements in an array and more

blue pelican java lesson 15 project what s that diameter

Apr 23 2023

here are a couple things to get you going in the
right direction the project descriptions states to
create a new method within the circle class called
diameter right now on line 33 you are declaring
diameter as a new class not a method try
refactoring line 33 so diameter is a method
instead of a new class
