ian botham arrived on the international scene just in time to ride sport's first big financial wave and exploit the thatcherite mantra of go out and get what you want he certainly needed the cash having been regularly short since leaving state school in yeovil at 15 in an era short on glamour and personalities botham brought an irresistible cocktail of talent energy and swagger with the stench of economic failure still in the air he made the country feel good about itself again he showed that britain could still produce champions and that the working class still deserved to be valued for this he won himself a fund of public goodwill a fund he sometimes threatened to drain but uncannily managed to replenish before botham many saw cricket as a very staid very boring game he played it with an irreverent dash that stuck up two fingers at the cricket establishment he wore striped blazers and strange hats sported long hair and droopy moustaches he got into trouble over punch ups drugs and girls he was even banned from playing at one point but all this would have meant little had he not been able to keep on achieving remarkable things as he did with impeccable timing and implausible frequency he had an insatiable appetite and an uncanny knack for creating tales of heroism but if he failed on that score there was always the chance of a scandal or two he gave the media everything they needed for front pages and back and some newspapers discovered that it didn't necessarily matter if the story was true or not as long as he was in it ian botham tells the story a great piece of british sporting history one of the greatest of a man for whom the glamour and the grit came together and it was the grit of the times in which botham had grown up and the grit of the where he had come from

in the rhetorical short story purcell examines over ninety short stories as rhetorical artifacts of nearly a century of american history the words of over seventy five authors present a pastiche of american voices from the early days of the great war to the ongoing conflict in iraq and afghanistan each of the stories features a type of rhetorical depiction that enables its audience to connect vicariously with the experience presented by the author this account sees the transformation of the american perspective from an insular one which emphasizes the purpose driven actions of strong individual agents to ones in which individuals are caught up in the inevitable consequences of an all determining stream of events

the cultural and ethnic flavors of flatbush brooklyn have changed over these many years from seventeenth century dutch to eastern european and jewish and the present caribbean influence over time small rich farms run by patrician families gave way to the dignified garden homes of victorian flatbush when the economy could no longer support farming through annexation by brooklyn development of the railroad and trolleys which inspired the name of baseball's famed trolley dodgers and the drain of suburban flight flatbush residents actively sought to keep their town a place to call home
