why does the notorious highwayman dick turpin have such an extraordinary reputation today how come his criminal career has inspired a profusion of often misleading literature and film this eighteenth century villain is often portrayed as a hero dashing sinister romantic daring a robin hood of his times the reality as jonathan oates reveals in this perceptive carefully researched study was radically different he was a robber torturer and killer a gangster whose posthumous reputation has eclipsed the truth about his life in the early 1700s turpin progressed from butcher s apprentice and poacher to become a member of the gregory gang which terrorized householders around london by robbery and violence then came his two year career as a highwayman robbing travelers his partnership with matthew king whom he may have killed in whitechapel his murder thomas morris in epping forest and his eventual capture and execution jonathan oates recounts the episodes in turpin s short brutal life in dramatic detail basing his narrative on contemporary sources trial records and newspapers in particular and he traces the development of the turpin legend over 250 years through novels ballads plays television and film the dick turpin who emerges from this rigorous and scholarly biography is in many ways a more interesting man than the legend suggests

with its engaging thief taker hero this ya series from the acclaimed author of the adamantine palace is perfect for fans of trudi canavan and robin hobb berren has left his past as an apprentice thief taker behind him in a mist of blood and screams and death press ganged as a sailor his old life is now just a distant memory until the day he spots someone who might well be his old master syannis the man who killed berren s first love syannis was thought dead but he is a hard man to kill as berren chases down the man he believes to be an enemy he finds himself caught up in a web of political machination and danger unlike anything he has encountered for syannis is a deposed prince and he is willing to go to any lengths including dealing with the black hearted sorcerer saffran kuy to regain his throne as berren struggles to understand his feelings towards syannis and his mad quest he slowly comes to realize that the world is going to war and berren is caught in the middle can he navigate a path through the dangers which surround him will he find a way to extricate himself from the sorcery and intrigue that follow him at every step and who is destined to be the king s assassin

london in the eighteenth century was the greatest city in the world it was a magnet that drew men and women from the rest of england in huge numbers for a few the streets were paved with gold but for the majority it was a harsh world with little guarantee of money or food for the poor and destitute london s streets offered little more than the barest living yet men women and children found a great variety of ways to eke out their existence sweeping roads selling matches singing ballads and performing all sorts of menial labor many of these activities apart from the direct begging of the disabled depended on an appeal to charity but one often mixed with threats and promises down and out in eighteenth century london provides a remarkable insight into the lives of londoners for all of whom the demands of charity and begging were part of their everyday world

for any of the five million people who saw the prime time bbc series garrow s law this is an absorbing book it is written by expert commentator john hostettler who has studied garrow extensively the book uses the true facts on which the programme was based to compare drama and reality part i looks at the world in which the real life garrow worked marking out the main aspects of crime and punishment which at the time operated primarily to deal with a troublesome but deprived and under privileged strata of society these unfortunates fed the conveyor belt to the courts prisons and gallows it was a world of few rights effortless conviction ready condemnation draconian punishments and utter prejudice this is the backdrop against which tv audiences were in 2009 introduced to the story of the feisty individual who set out to change matters judicial order procedural chaos and impudence in the face of authority fired the imagination of viewers as garrow sought ever more ingenious ways of avoiding legal rules such as those which prevented him from speaking directly to the jury visiting a client in prison or knowing the evidence in advance part ii takes the reader through the cases portrayed in the tv series explaining their true origins and the jig saw of facts roles or events with which the scriptwriters wrestled in the interests of dramatic impact the book compares the factional drama with what actually happened at the time he also explains how in reality the law had its own fictions such as pious perjury to prevent accused people from being completely subjugated by the legal system garrow s law is a minor masterpiece in which the author brings his immense knowledge of his subject to bear in a highly readable and entertaining work that will be of interest to lawyers and general public alike
