The Economist 2008 the smartphone was an incredibly successful canadian invention created by a team of engineers and marketers led by mike lazaridis and jim balsillie but there was a third key player involved the community of kitchener waterloo in this book chuck howitt offers a new history of blackberry which documents how the resources and the people of kitchener waterloo supported facilitated benefited from and celebrated the achievement that blackberry represents after its few short years of explosive growth and pre eminence blackberry lost its market to digital juggernauts apple samsung and huawei no surprises there like nokia and motorola before it blackberry was eclipsed shareholders lost billions thousands of employees lost jobs bankruptcy was avoided but the company s founding geniuses were gone leaving an operation that today is only a fragment of what had been for kitchener waterloo as chuck howitt tells the story the blackberry experience is a mixed bag of disappointments and major ongoing benefits the wealth it generated for its founders produced two very important university

research institutes many recent digital startups have taken advantage of the city's pool of talented and experienced tech workers and ambitious well educated university grads a strong digital and tech industry thrives today in kitchener waterloo in a way a legacy of the blackberry experience across canada communities hope for homegrown business successes like blackberry this book underlines how a mid sized strong community can help grow a world beating company and demonstrates the importance of the attitudes and decisions of local institutions in enabling and sustaining successful innovation canada has a lot to learn from blackberry town
