it took me 3 months to play my first song but you ll be doing that in less than a week it wasn t because i was slow or bad at guitar neither was it because i practiced less i was simply misguided like every other person to ever pick up the guitar i took the traditional method of learning where you learn all the chords and all the theory behind it before you get to the fun part this also involves months of practice and learning boring theory this book is here to end that to simplify things to make things so simple that you ll be playing your first melody on day 1 and your first song within 7 days how can this book do that you would have heard people say you need to learn theory to be a real guitarist well wrong not everyone needs to know theory why do you need to learn all the boring theory if it s of no use to you why is this forced upon all guitarists this book cuts out all the cr p and gives you a streamlined process of mastering guitar even if you failed every exam at school and you have never picked up a single instrument in your life you will be able to become a proficient guitar player

without years and years of expensive guitar lessons with the right strategy you will get addicted to your guitar and the songs you are able to play how long will i have to practice now i know you have other commitments in life and cannot spend 25 hours a day practicing guitar no one wants to do that this book has been designed with exactly that in mind it will give you goals for each of your 7 days with step by step instructions on what to play each day you won t have to worry if you re practicing too less or too much the book will tell you what you need to be accomplishing each day commit a few hours a day for 7 days and you ll make your friends and family jealous when you pull your guitar out it doesn t matter if you just enter primary school or you are about to retire this calculation applies to all 6 8 billion people between 6 and 80 years of age in this world in guitar for beginners you ll discover a practical day by day guide to own yourself and your guitar in less than 7 days how you be your guitar teacher and progress into the league of the big players the chords that will allow you to play your favorite songs a beyond beginners guide to prepare you for your musical journey free audio tracks to help you with the charts real photos to make sure you are not making any mistakes as you go and much more many people buy a guitar and just look up their favorite songs on youtube tutorials unfortunately one of the most frustrating things about learning to play guitar is ironing out old mistakes don t skip the basics and pick up bad habits that will become almost impossible to break later if you want to throw out your air guitar and impress everyone with your guitar skills then scroll up and click the add to cart button right now

universally recognized as one of the greatest blues artists memphis minnie 1897 1973 wrote and recorded hundreds of songs blues people as diverse as muddy waters johnny shines big mama thornton and chuck berry have acknowledged her as a major influence at a time when most female vocalists sang tin pan alley material minnie wrote her own lyrics and accompanied her singing with virtuoso guitar playing thanks to her merciless imagination and dark humor her songs rank among the most vigorous and challenging popular poetry in any language woman with guitar is the first full length study of the life and work of this extraordinary free spirit focusing on the lively interplay between minnie s evolving artistry and the african american community in which she lived and worked drawing on folklore psychoanalysis critical theory women s studies and surrealism the authors explorations of minnie s songs illuminate the poetics of popular culture as well as the largely hidden history of working class women s self emancipation this revised and expanded edition includes a wealth of new biographical material including photographs record contracts sheet music and period advertisements which further vivify this portrait of an african american musical legend complete updated discography included woman with guitar is a fascinating thorough and extremely valuable biography of one of american

musical history's most vibrant and pioneering artists as the first woman singer-songwriter-guitarist to ever reach stardom. The story of her life in music on and off the stage during one of the most important and formative periods of the origins of popular music is an indelible crucial window into that history. Bonnie Raitt, woman with guitar, has been since it was first published in 1992 and now with this new revised and extended edition still the only real definitive biography of Memphis Minnie, the most important female singer-songwriter and guitarist in the history of Delta Blues. Lucinda Williams, as a most ardent and devoted lifelong fan of Memphis Minnie and her music, avidly devoured the original *Woman with Guitar* when it first came out in 1992. Now I am excited to be reading this new edition and so grateful for its additional rare photos and carefully researched details which shed even more light on this seminal iconic almost mythical musical pioneer who was way ahead of her time and whose soulful music and life so deeply inspired and influenced so many. A must read whether you are already a Memphis Minnie fan or just discovering her for the first time. Maria Muldaur, an excellent book. Bill Wyman, *Woman with Guitar* is not simply a carefully researched biography of Memphis Minnie compiled from the memories of her relatives, friends, and fellow performers; it is a vivid portrait of a talented singer and guitarist. The authors have added a new dimension to blues scholarship. Paul Oliver, author of *Blues Off the Record*, *Woman with Guitar* is a delight. The book is both thorough and brilliant, a rare combination these days. A fanatic interest in Minnie underpins and energizes this wonderful biography. David Roediger, author of *The Wages of Whiteness*, Paul Garon is a co-founder of *Living Blues* magazine and author of *The Devil's Son-in-Law* and *Blues and the Poetic Spirit*. Beth Garon is a painter and collagist. The Garons operate a rare book business in Chicago, Illinois, and have been associated with the US Surrealist Movement for many years.
