access to more than 30 videos covering a wide range of procedural and diagnostic topics and focusing on the latest ultrasound guided techniques from the reviews of the seventh edition collectively they have once again produced an excellent text that manages to cover the broad scope of emergency medicine while remaining an easily readable and practical resource last for the inevitable comparison of this current edition of tintinalli s emergency medicine with other available emergency medicine textbooks available in my opinion tintinalli s still comes out on top it is more concise and easier to read than some yet it covers the breadth of emergency medicine practice more comprehensively than others just as previous editions did the seventh presents all of the most pertinent and up to date information in a well organized format that is comprehensive yet easy to read that and many of the attractive new features in this current edition will ensure its place on my bookshelf for years to come jama john e freund s mathematical statistics with applications eighth edition provides a calculus based introduction to the theory and application of statistics based on comprehensive coverage that reflects the latest in statistical thinking the teaching of statistics and current practices this text is appropriate for a two semester or three quarter calculus based course in introduction to mathematical statistics it can also be used for a single semester course emphasising probability probability distributions and densities sampling and classical statistical inference the full text downloaded to your computer with ebooks you can search for key concepts words and phrases make highlights and notes as you study share your notes with friends ebooks are downloaded to your computer and accessible either offline through the bookshelf available as a free download available online and also via the ipad and android apps upon purchase you ll gain instant access to this ebook time limit the ebooks products do not have an expiry date you will continue to access your digital ebook products whilst you have your bookshelf installed all the things they don t tell you about property investment john fitzgerald is a widely respected leading australian property expert a multi millionaire and an impassioned and enduring philanthropist the book that belongs in the pocket of every clinician working in an acute care setting this portable manual encapsulates the most clinically relevant content of tintinalli s emergency medicine eighth edition the world s bestselling text on the topic and puts it at your fingertips or in your pocket or backpack covering the full spectrum of emergency medicine in all patient populations adult and pediatric this full color guide is composed of concise chapters that focus on clinical features diagnosis and differential and emergency management and disposition packing a remarkable amount of information in a compact full color presentation tintinalli s emergency medicine manual eighth edition is enhanced by contributors from across the globe numerous tables and full color photographs and illustrations enrich the text and help you deliver skillful and timely patient care this new edition includes extensive updates to all sections incorporating the latest guidelines evidence based protocols and relevant research

Management 8th Edition Update 2005-09-26

the author's classroom takes you inside John Schermerhorn's classroom and provides additional teaching ideas and resources for each chapter. Adoption of the book gives you access to three sets of powerpoint slides for each chapter, special in-class activities and unique websites, a detailed instructor resource guide including lecture outlines and notes, class exercises and sample assignments, and a test bank with 3,000 multiple choice, true/false, and essay questions. Student resource website provides additional materials beyond the book and includes interactive online versions of all cases, interactive skill and outcome assessments that enable students to assess their managerial style and readiness, expanded discussion of reality checks and margin photo essays found in the text. New Learning System: The book is written with an embedded learning model that facilitates student learning building on the hallmark features of the previous editions. This system now also includes visual learning preview providing a graphic outline of the material at the beginning of each chapter to demonstrate how the topics relate to each other. Learning checks at the end of each section to allow students to check their understanding before moving forward. Where We've Been feature at the end of each chapter summarizes and ties the chapter to the opening vignette. The Next Step directs you to cases, projects, self-assessments, and experiential exercises included in the Management Learning Workbook. Student Portfolio Builder provides online templates for building a student portfolio to summarize academic outcomes and display career credentials to potential employers.

Management 8th Edition Update 2008-06-23

Sold worldwide and translated into 13 languages, John Murtagh's *General Practice* is widely recognised as the gold standard reference for general practice and primary health care. Its emphasis on the importance of clinical reasoning, early diagnosis and treatment makes this the essential reference for medical students, trainees and general practitioners, written by renowned general practitioners and educators, and with all content reviewed for currency by leading experts. The eighth edition provides fundamental knowledge and skills required for the challenging field of general practice. Key features include diagnostic strategy models for common presenting problems, including diagnostic triads, clinical frameworks including management and treatment, evidence-based research, with all content reviewed for currency by leading experts. Extensive coverage of mental health, health promotion, women's health and paediatric and geriatric care. New to this edition: new chapters on obesity, mood disorders, breast disorders and traveller's health and tropical medicine; updated and new information on genetic disorders, chronic pain and infectious diseases, including acute respiratory distress syndrome with reference to coronaviruses and COVID-19. Restructure of table of contents to allow for easier navigation. About the authors: John Murtagh is Emeritus Professor in General Practice at Monash University, Professional Fellow of General Practice at the University of Melbourne and Adjunct Clinical Professor in the Graduate School of Medicine, University of Notre Dame. Jill Rosenblatt is a general practitioner and was Adjunct Senior Lecturer in the School of Primary Health Care at Monash University. She received a Distinguished Service Award of the RACGP in 2014. Jill has a wealth of rural and urban medical experience. Justin Coleman is a general practitioner in the Tiwi Islands and was Senior Lecturer at Flinders University. He is on the editorial advisory board of *Diabetes Management Journal*, a member of *Choosing Wisely Australia*, NPS, and a prolific writer for a number of publications. Clare Murtagh is a general practitioner in Sydney. She holds postgraduate qualifications in dermatology, medical education and sexual and reproductive health.
