este manual ha sido elaborado para desarrollar las cuatro destrezas lingüísticas en español como lengua extranjera segunda lengua con un enfoque centrado en la interacción comunicativa y la producción de textos orales y escritos está dirigido a estudiantes de nivel b1 que desean dar el siguiente paso al nivel b2 de e le y a los profesores que enseñan dicho nivel punto c ele cubre los contenidos funcionales y gramaticales que el plan curricular del instituto cervantes estipula para el nivel b2 y está orientado al conocimiento de la cultura chilena especialmente para quienes estudian e le en un contexto de inmersión en chile o américa latina cada unidad está organizada por funciones comunicativas específicas asociadas a temas culturales y usos sociopragmáticos concretos asimismo los distintos temas incluyen actividades de audición variadas en ritmos entonaciones y acentos disponibles en una nube para facilitar el acceso de aprendientes y profesores

Image Analysis and Recognition

2010-06-10

data matching also known as record or data linkage entity resolution object identification or field matching is the task of identifying matching and merging records that correspond to the same entities from several databases or even within one database based on research in various domains including applied statistics health informatics data mining machine learning artificial intelligence database management and digital libraries significant advances have been achieved over the last decade in all aspects of the data matching process especially on how to improve the accuracy of data matching and its scalability to large databases peter christen s book is divided into three parts part i overview introduces the subject by presenting several sample applications and their special challenges as well as a general overview of a generic data matching process part ii steps of the data matching process then details its main steps like pre processing indexing field and record comparison classification and quality evaluation lastly part iii further topics deals with specific aspects like privacy real time matching or matching unstructured data finally it briefly describes the main features of many research and open source systems available today by providing the reader with a broad range of data matching concepts and

techniques and touching on all aspects of the data matching process this book helps researchers as well as students specializing in data quality or data matching aspects to familiarize themselves with recent research advances and to identify open research challenges in the area of data matching to this end each chapter of the book includes a final section that provides pointers to further background and research material practitioners will better understand the current state of the art in data matching as well as the internal workings and limitations of current systems especially they will learn that it is often not feasible to simply implement an existing off the shelf data matching system without substantial adaption and customization such practical considerations are discussed for each of the major steps in the data matching process

RAC workbook

1977

the english profile programme is an elaboration of the performance level descriptions of the common european framework of reference for languages cefr that is concerned specifically with the english language the cefr has become influential in building a shared understanding of performance levels for foreign language learners however there is a considerable gap between the broad descriptions of levels provided which covers a range of languages and learning contexts and the level of detail required for applications such as syllabus or test design which this volume addresses with its combination of theoretical insights and practical advice this is a useful work for academics policy makers curriculum designers textbook writers postgraduate students and examination board staff

Advanced Concepts for Intelligent Vision Systems

2015-10-07

this book has been written to help students prepare for the key word transformation part of the use of english paper grammar of the cambridge english b2 first exam it will give you a good understanding of the different grammatical structures commonly used in this part of the use of english test e g passive active voice conditional sentences phrasal verbs idioms set phrases comparative superlative causative verbs linking words etc if you want to learn how to do key word transformation exercises effectively this book is for you
