in this publication apostle frequency revelator explores the divine truth that the glory of god is no longer a mystical spiritual phenomenon because in this end time season god is causing his glory to manifest visibly in such a way that everybody can see it in the same manner in which the israelites saw a pillar of fire by night and a pillar of cloud by day throughout the scriptures we read about the glory of god manifesting itself in a tangible and visible way in the natural realm and such an enthralling spectacle is going to intensity in these end times as we are adjourning quickly towards the second coming of the lord jesus christ for the grand finale of the earth the manifestation of the wealth of heaven evidenced by gold dust diamonds silver stones gemstones and other precious stones is one of the tangible manifestations of the end time glory taking centre stage recently in packed churches is a new phenomenon that really is not that new it is the appearance of gold dust and the transformation of fillings or crowns into gold moreover gold dust was reportedly appearing not only in hands but also on the face and in the hair of the congregants there were even reports of gold fakes appearing in the pages of people s bibles cars bags and houses not only gold but manifestations of silver and even diamonds and other precious stones such as onyx pearl jasper and emerald has also been reported these transformations have been hailed as a new move of god that is sweeping the charismatic churches worldwide throughout ages the wealth of heaven and god s supernatural provision has been manifested in divergent ways whether it be gold dust gold fakes or gold teeth however the gravity and intensity of its manifestation is heightened in these last days in what i call a new wave of gold manifestations the truth of the matter is that the unparalleled degree of manifestation of gold dust in this end time season is not intended to be just a church phenomenon but a church revelation the bible foretold that signs and wonders of such a great magnitude would be seen in the last days and the manifestation of gold dust diamonds silver as well as other precious stones is one of them over the last few years there has been a lot of reports of gold and silver dust appearing upon people mainly in charismatic christian meetings some have also received gold coins gems as well as oil dripping from hands of individuals in their homes and yards others are receiving angelic manifestations seen above them as flowing beautiful transparent figures and circles of faint light referred to as angel orbs moreover angels feathers gemstones coloured sparkle and gold dust are accelerating the reading of this book will therefore help you catch prophetic significance to this current wave of gold manifestations that is heralding a new phase in the church and being symbolic of the transference of wealth from the wicked into the church it will cause you to fully understand the operations of angels of precious stones which works in conjunction with angels of prosperity to bring every wealth transfer that god has laid for you as a believer

the reaffirmation of the revelation in life some men hunt for food and truth while others hunt for resources and power and of the two the man whom hunts for power makes the hunter of truth the hunted wherein there is no knowledge that is not power and no power like the truth and as lawry s taylor states the true glory of the hunt is not complete until you ve heard the lion s side of the story and in regard to his words indeed men whom hunt for food as lions hunt for food are now hunted as lions are hunted by men and of these hunted men the glory of the hunt is not complete because the true glory of the hunted whom rarely live to tell the secrets of their survival that the hunters take with their lives has not been heard because history is written by the victor who keeps all the spoils and maintain their victory by riding the dark horse whom is one with the mentally dark people which calls for enlightened survivors to tell the account of their history themselves because for centuries it has been told by the children of the victor whom were compelled by their grandee of darkness to hate the god of light whose face for centuries shined on all flesh and made all ancestors shades of dark to light in complexion resulting in all people regardless of color of skin whether spirit made or dust made whom over time were made brothers and sisters and children of this same god whom is a father from eternity to eternity and begot humanity through mother nature whom is with god in spiritual union as one maternal soul and one paternal soul who said let us make adam in our image after our likeness resulting with the spirit made natural humans of all nations as their children whose

presence is marked in the book of life of the pages of time with an account to be told that was lived and passed on to the children of god from god whom as the source is the oldest where from the source of god god s oldest children then passed their knowledge on to us whom as their progeny once did the same for our children whom like us and god s oldest are gods but as a people whom have been hunted have forgotten what this means Amen

romantic revelations shows that the nonhuman is fundamental to romanticism s political responses to climatic catastrophes exploring what he calls post apocalyptic romanticism chris washington intervenes in the critical conversation that has long defined romanticism as an apocalyptic field apocalypse means the revelation of a perfected world which sees romanticism s back to nature environmentalism as a return to paradise and peace on earth romantic revelations however demonstrates that the destructive climate change events of 1816 the year without a summer changed romantic thinking about the environment and the end of the world their post apocalyptic visions correlate to the beginning of the anthropocene the time when humans initiated the possible extinction of their own species and potentially the earth rather than constructing paradises where humans are reborn or human existence ends the later romantics are interested in how to survive in the ashes after great social and climatic global disasters romantic revelations argues that percy shelley mary shelley lord byron john clare and jane austen sketch out a post apocalyptic world that in contrast to the sunnier romantic narratives is paradoxically the vision that offers us hope in thinking through life after disaster washington contends that these authors craft an optimistic vision of the future that leads to a new politics

is revelation really worth the effort does its message resonate with followers of jesus in the here and now encountering jesus in revelation offers pastors and laypeople an accessible tool for studying revelation within the local church it situates revelation in its ancient context while stressing how its apocalyptic nature addresses god s people at every point in history including our own it does this by introducing apocalyptic writing as a form of literature and then surveys the alternative perspective revelation offers on the world of its readers that perspective is one in which we encounter jesus and his call to leave behind the often unrecognized beasts and monsters that inhabit our world readers who find themselves reluctant to study revelation because of the confusing nature of its contents and of academic books written about it will find that encountering jesus in revelation offers accessible and applicable insights as it explores how revelation addresses its readers today

revelation is a strange and puzzling book apart from the few who are endlessly fascinated by it most of us are not

sure what to do with it and since it seems so different from the rest of the new testament perhaps the safest policy is to ignore it but what if that meant losing something really important what if revelation turned out to be the gospel in fancy dress a powerful gripping presentation of the same momentous news we find throughout the new testament if that were so we run a real risk in bypassing it our devotion and discipleship would fail to be as rich and robust as they are meant to be a gospel pageant if this is what revelation brings us perhaps it is time to dust it off and read it again
