decade century millennium here s what comes next

Jan 08 2023

decade is ten years century is one hundred and millennium is one thousand after that we can use words like epoch for one million years and aeon for one billion years there aren t many official words for other year types like 10 000 years but we do have some unofficial variations

is there an english word for a period of 10000 years

Dec 07 2022

no there is no more commonly used word for a period of 10000 years but i would also advise against using myriaannum it does not look especially well formed to me as a classical compound it combines greek myria and latin annum and the prefix myria seems to be obsolete in scientific compounds like mega annum in my opinion it s best

convert 10 000 centuries to years calculateme com

Nov 06 2022

10 thousand centuries is equal to exactly 1 million years

softbank ceo predicts ai that is 10 000 times smarter than humans
