Criminal Justice Ethics 2016-02-23 this book answers two basic but under appreciated questions first how does the american criminal justice system address a defendant s family

status and second how should a defendant's family status be recognized if at all in a criminal justice system situated within a liberal democracy committed to egalitarian principles of non discrimination after surveying the variety of family ties benefits and family ties burdens in our criminal justice system the authors explain why policymakers and courts should view with caution and indeed skepticism any attempt to distribute these benefits or burdens based on one's family status this is a controversial stance but markel collins and leib argue that in many circumstances there are simply too many costs to the criminal justice system when it gives special treatment based on one's family ties or responsibilities privilege or punish breaks new ground by offering an important synthetic view of the intersection between crime punishment and the family although in recent years scholars have been successful in analyzing the indirect effects of certain criminal justice policies and practices on the family few have recognized the panoply of laws whether statutory or common law based expressly drawn to privilege or disadvantage persons based on family status alone it is critically necessary to pause and think through how and why our laws intentionally target one's family status and how the underlying goals of such a choice might better be served in some cases this book begins that vitally important conversation with an array of innovative policy recommendations that should be of interest to anyone interested in the improvement of our criminal justice system

Research Methods in Criminal Justice and Criminology 2018-02-06 while in plato's time there may have been some truth to his belief that there can only be one single justice and one single law such is not the case today criminal justice systems vary widely across the world in their approaches to the problem of crime bringing together the collective

wisdom of cliff roberston and dilip k das two world renowned experts and university professors who have been involved in the criminal justice system for over thirty years an introduction to comparative legal models of criminal justice presents the theme that a country s legal model to a great extent determines the character of its police and corrections as well as its legal system this book examines these different systems and is a useful reference guide for all criminal justice professionals examines various approaches the book begins with a brief overview of the five legal models the continental civil system characterized by an inquisitorial nature and practiced in most european countries is discussed followed by the common law model which is known for its adversarial quality and is used in most english speaking countries the religion based islamic system and the rehabilitation oriented marxist system are also profiled those systems that are still emerging or are hybrid in nature are characterized as mixed in some cases the secretive nature of certain countries methods especially those using extreme punishments necessitated reliance on reports published by the u s state department by examining how other societies deal with problems of justice criminal justice professionals will gain insight as to which police and corrections methods are likely to be the most successful in their jurisdictions and which will create more problems than they solve

Privilege or Punish 2009-04-20 this book offers a history of crime and the criminal justice system in america written particularly for students of criminal justice and those interested in the history of crime and punishment it follows the evolution of the criminal justice system chronologically and when necessary offers parallels between related criminal justice issues in different historical eras from its antecedents in england to

An Introduction to Comparative Legal Models of Criminal Justice 2008-06-11 designed as a text for criminal justice and criminology capstone courses toward justice encourages students to engage critically with conceptions of justice that go beyond the criminal justice system in order to cultivate a more thorough understanding of the system as it operates on the ground in an imperfect world where people aren't always rational actors where individual cases are linked to larger social problems and where justice can sometimes slip through the cracks through a combined focus on content and professional development toward justice helps students translate what they have learned in the classroom into active

strategies for justice in their professional lives preparing them for careers that will not simply maintain the status quo and stability that exists within our justice system but rather challenge the system to achieve justice

Criminal Justice and the Social Sciences 1978 communicating the excitement and importance of criminal justice research this practical and comprehensive book shows students how to perform and understand statistical analyses while helping them recognize the connection between statistical analyses used in everyday life and their importance to criminology and criminal justice this updated fifth edition is packed with real world case studies and contemporary examples utilizing the most current crime data and empirical research available each chapter presents a particular statistical method in the context of a substantive research story

A History of Crime and the American Criminal Justice System 2018-10-10 updated to reflect changes in the criminal justice systems in several countries the second edition of this textbook explores and illustrates the idea that a country's legal model influences the character of its police corrections and legal system each chapter is designed as an independent unit of study and includes new pedagogical fea

Toward Justice 2017-03-16 in a liberal democracy theory suggests that the political order and character of a civil society are closely connected the political order allows for a dynamic and pluralistic civil society and people's civic participation encourages support for the political order in examining the role of punishment in the u s and the u k however jonathan jacobs maintains that the current state of incarceration is antithetical to the principles of a liberal democracy and betrays an abandonment of that project's essential

values the existing system imposes harsh injustices on incarcerated people it subjects them to inhumane prison conditions creates numerous obstacles that block their reentry into society upon release and erodes their capacity to participate in civic life and exercise individual moral agency and in recent decades the number of its people that the u s has incarcerated has grown dramatically jacobs engages with substantial philosophical literature to argue that necessary and significant reforms to the u s and u k criminal justice systems demand a serious recommitment to the values and principles of a liberal democracy topics include the justification and aims of punishment the role of criminal justice within theories of a just society and empirical considerations regarding long term incarceration and its impact by comprehensively exploring the relationship between criminal justice and justice he highlights distinctive elements of criminal justice as the basis for a retributivist conception of punishment that highlights desert and proportionality jacobs defends retributivism against familiar accusations that it approves vindictiveness and inevitably harms offenders and shows how consequentialist approaches are seriously flawed drawing equally from both philosophy and criminology jacobs argues for a renewed dedication to the values and principles of a liberal democracy as critical to the possibility of criminal justice being truly just

Criminal Justice Library Resources and Services 1986 why is punishment not more effective why do we have such high re offending rates how can we deal with crime and criminals in a more cost effective way over the last decade in particular the united kingdom in common with other jurisdictions such as canada the united states us and australia has sought to develop more effective ways of responding to criminal behaviour

through court reforms designed to address specific manifestations of crime strongly influenced by developments in us court specialization problem solving and specialist courts including domestic violence courts drugs courts community courts and mental health courts have proliferated in britain over the last few years these courts operate at the intersection of criminal law and social policy and appear to challenge much of the traditional model of court practice in addition policy makers and practitioners have made significant attempts to try to embed problem solving approaches into the criminal justice system more widely through examination of original data gathered from detailed interviews with judges magistrates and other key criminal justice professionals in england and wales as well as analysis of legislative and policy interventions this book discusses the impact of the creation and development of court specialization and problem solving justice this book will be essential reading for students and academics in the fields of criminology criminal justice criminal law socio legal studies and sociology as well as for criminal justice practitioners and policy makers

comprehensive introduction to all aspects of the criminal justice system fully up to date it combines a description of the major agencies involved in the control of crime and the pursuit of justice with an introduction to criminal justice theory and key concepts in english criminal law

Crime and Criminal Justice in Israel 2012-02-01 a unique text reader that takes a comprehensive interdisciplinary approach to the study of criminology providing an affordable alternative to the standard textbook this new edition of the authors popular text reader provides instructors and students the best of both worlds authored text with carefully selected accompanying readings now thoroughly updated with new articles new content and new statistics tables and figures this second edition provides an interdisciplinary perspective on crime and criminality that incorporates the latest theories concepts and research from sociology psychology genetics evolutionary biology and the neurosciences the new edition is divided into 15 sections that mirror chapters in a typical criminology textbook new to this edition a new section 11 on mass murder and terrorism makes coverage of these high interest topics even more accessible section 10 now focuses only on murder rape robbery aggravated assault and domestic violence making it easier for students to absorb the material new articles appear in the structural theories section the sections devoted to violent crime and throughout the text reader as needed the authors now more closely link sections on types of crime to sections on theory to give readers a more cohesive understanding of the connections between the two contemporary criminologists favored theories drawn from a survey of 770 criminologists now appear in a table to give readers insight into the professional opinion today on criminological theories

features each section has a 15 page introduction a mini chapter that contains vignettes photos tables and graphs end of chapter questions and exercises followed by three to four supporting readings theory section introductions contain a unique table that compares and contrasts the theories presented while theory concluding sub sections focus on policy and crime prevention a how to read a research article guide which appears prior to the first reading illustrates key aspects of a research article the book s readings are drawn from carefully selected edited journal articles appropriate for an undergraduate audience Crime, Justice, and Society 1996 covering criminal justice history on a cross national basis this book surveys criminal justice in western civilization and american life chronologically from ancient times to the present it is an introduction to the historical problems of crime law enforcement and penology set against the background of major historical events and movements integrating criminal justice history into the scope of european british french and american history this text provides the opportunity for comparisons of crime and punishment over boundaries of national histories the text now concludes with a chapter that addresses terrorism and homeland security

Criminal Justice and Criminology Research Methods 2020-12-31 world criminal justice systems ninth edition provides an understanding of major world criminal justice systems by discussing and comparing the systems of six of the world s countries each representative of a different type of legal system an additional chapter on islamic law uses three examples to illustrate the range of practice within sharia political historical organizational procedural and critical issues confronting the justice systems are explained and analyzed each chapter contains material on government police judiciary law

corrections juvenile justice and other critical issues the ninth edition features an introduction directing students to the resources they need to understand comparative criminal justice theory and methodology the chapter on russia includes consideration of the turmoil in post soviet successor states and the final chapter on islamic law examines the current status of criminal justice systems in the middle east

Criminal Justice 2015-03 this authoritative set provides a comprehensive overview of issues and trends in crime law enforcement courts and corrections that encompass the field of criminal justice studies in the united states this work offers a thorough introduction to the field of criminal justice including types of crime policing courts and sentencing landmark legal decisions and local state and federal corrections systems and the key topics and issues within each of these important areas it provides a complete overview and understanding of the many terms jobs procedures and issues surrounding this growing field of study another major focus of the work is to examine ethical questions related to policing and courts trial procedures law enforcement and corrections agencies and responsibilities and the complexion of criminal justice in the united states in the 21st century finally this title emphasizes coverage of such politically charged topics as drug trafficking and substance abuse immigration environmental protection government surveillance and civil rights deadly force mass incarceration police militarization organized crime gangs wrongful convictions racial disparities in sentencing and privatization of the u s prison system

Introduction to Criminology 2010-12-09 for 40 years this classic text has taken the issue of economic inequality seriously and asked why are our prisons filled with the poor why aren

t the tools of the criminal justice system being used to protect americans from predatory business practices and to punish well off people who cause widespread harm this new edition continues to engage readers in important exercises of critical thinking why has the u s relied so heavily on tough crime policies despite evidence of their limited effectiveness and how much of the decline in crime rates can be attributed to them why does the u s have such a high crime rate compared to other developed nations and what could we do about it are the morally blameworthy harms of the rich and poor equally translated into criminal laws that protect the public from harms on the streets and harms from the suites how much class bias is present in the criminal justice system both when the rich and poor engage in the same act and when the rich use their leadership of corporations to perpetrate mass victimization the rich get richer the poor get prison shows readers that much of what goes on in the criminal justice system violates citizens sense of basic fairness it presents extensive evidence from mainstream data that the criminal justice system does not function in the way it says it does nor in the way that readers believe it should the authors develop a theoretical perspective from which readers might understand these failures and evaluate them morally and they do it in a short text written in plain language readers who are not convinced about the larger theoretical perspective will still have engaged in extensive critical thinking to identify their own taken for granted assumptions about crime and criminal justice as well as uncover the effects of power on social practices this engagement helps readers develop their own worldview new to this edition presents recent data comparing the harms due to criminal activity with the harms of dangerous but not criminal corporate actions updates research on class discrimination

at every stage of the criminal justice system updates statistics on crime victimization incarceration and wealth increased material for thinking critically about criminal justice and criminology new material on global warming and why black lives matter protests did not cause increases in crime in 2020 expanded discussion of marijuana and drug legalization stronger chapter overviews clearer chapter structure and expanded review questions streamlined and condensed prose for greater clarity

History of Criminal Justice 1996 in recent decades research into the legitimacy of criminal justice has convincingly demonstrated the importance of procedural justice to citizens sense of trust and confidence in legal authorities and their resulting willingness to conform to the law and cooperate with the legal authorities in one of the first studies on procedural justice to use a qualitative research design the author provides the reader with detailed and insightful descriptions of the elements that determine how victims and defendants assess the fairness of their contact with the police and the courts
