E-learning in Tertiary Education Where Do We Stand? 2005-06-01 in many oecd countries tertiary education systems have experienced rapid growth over the last decade with tertiary education increasingly seen as a fundamental pillar for economic growth these systems must now address the pressures of a

Transformations in Tertiary Education 2019 this book takes stock of current thinking and practice around performance based funding of public research in tertiary education institutions as a tool to help governments meet their research goals

OECD Reviews of Tertiary Education OECD Reviews of Tertiary Education: Poland 2007 2007-09-19

tertiary education for the knowledge society provides a thorough international investigation of tertiary education policy across its many facets governance funding quality assurance equity research and innovation academic career links to the labour market and internationalisation

Performance-based Funding for Public Research in Tertiary Education Institutions Workshop Proceedings 2010-12-01 despite significant reforms in the past decade in relation to criteria and standards based assessment in tertiary education contexts assessment remains the most significantly criticised aspect of the student tertiary experience and a major driver of student engagement the key tool in this experience is the rubric also known as the criteria sheet or the guide to making judgments this book discusses the significance of assessment rubrics in tertiary education assessment rubrics impact the student experience in multiple ways as a guide to students and assessors prior to grading at the point of grading by the assessor when moderating during the post grading process in providing an additional guide to students in the assessment planning stage and as a feedback mechanism to students once results are released this book explains how the rubric reflects key principles of assessment it explores different models of rubrics used in tertiary contexts and provides data from students and academics on the efficacy of these various models as the key tool when marking moderating and providing feedback it also details exemplars of rubrics used in academic disciplines and discusses how higher education teachers use exemplars and how they integrate exemplars with criteria and rubrics it captures the student voice by explaining how students use rubrics for self assessment and self regulation purposes a key inclusion is the importance of sessional staff input into the creation of assessment rubrics prior to the grading moderating and feedback processes

Globalisation and Tertiary Education in the Asia-Pacific 2008-09-22 in many oecd countries tertiary education systems have experienced rapid growth over the last decade with tertiary

education increasingly seen as a fundamental pillar for economic growth these systems must now address the pressures of a globalising economy and labour market within governance frameworks that encourage institutions individually and collectively to fulfil multiple missions tertiary education systems must aim for the broad objectives of growth full employment and social cohesion in this context the oecd launched a major review of tertiary education with the participation of 24 nations the principal objective of the review is to assist countries in understanding how the organisation management and delivery of tertiary education can help them achieve their economic and social goals poland is one of 14 countries which opted to host a country review in which a team of external reviewers carried out an in depth analysis of tertiary education policies this report includes an overview of polands tertiary education system an account of trends and developments in tertiary education in poland an analysis of the strengths and challenges in tertiary education in poland and recommendations for future policy development this review of tertiary education in poland forms part of the oecd thematic review of tertiary education a project conducted between 2004 and 2008 oecd.org/edu/tertiary/review

OECD Reviews of Tertiary Education Tertiary Education for the Knowledge Society Volume 1 and Volume 2 2020-01-13 this book examines the transition of young adults with disabilities from school to tertiary education and work

Facilitating Student Learning and Engagement in Higher Education through Assessment Rubrics 2008 this book describes pathways to tertiary education and employment for students with special educational needs it examines options beyond upper secondary education and the facilitators or inhibitors influencing these pathways in the czech republic denmark france the netherlands and norway

Oecd Reviews of Tertiary Education Croatia 2005 this book examines the transition of young adults with disabilities from school to tertiary education and work

E-learning in Tertiary Education 2011-05-27 despite a spectacular expansion of the higher education sector in sub saharan africa the supply of tertiary education has generally failed to keep pace with demand and the region continues to lag all other regions in terms of access to tertiary education this is in part a consequence of deeply entrenched patterns of inequitable access to higher education and the perpetuation of what researchers refer to as elite systems to date access to tertiary education in sub saharan africa has unduly benefitted students drawn from the region s wealthiest households and overall enrollment remains disproportionately male and metropolitan these factors stifle the catalytic potential of higher education corroding its potential for driving economic growth and sustaining poverty reduction instead patterns of access to tertiary education have generally reinforced and reproduced social inequality instead of eroding its pernicious social and economic effects this report aims to inform an improved understanding of equity in tertiary enrollment in sub saharan african countries and to examine the extent to which inequity functions as a bottleneck inhibiting the ability of african universities to effectively drive improvements in overall quality of life and economic competitiveness in our survey of the evidence we also aim to identify which policies most effectively address the challenge of promoting equity of access in ssa tertiary education systems in order to achieve these objectives the report collects generates and analyzes empirical evidence on patterns of equity examines the underlying causes of inequity and evaluates government policies for addressing inequity

Education and Training Policy Inclusion of Students with Disabilities in Tertiary Education and Employment 2012-08-03 the implementation of work based learning elements in tertiary education programmes can be seen as a trend of recent years different models and approaches have been developed in the context of a bibb research project examples from england france ireland norway austria and poland were investigated analysed and thus the great variety of practice oriented and practice integrated programmes revealed interviews with representatives from research education policy administration as well as with students companies and educational institutions provide an insight into the concrete experience and appraisal of selected educational programmes the overall goal of the project and this publication was to contribute to the greater visibility of vocational professional education at tertiary level and to facilitate a more critical debate about the issue of increasing academisation

Education and Training Policy Transitions to Tertiary Education and Work for Youth with Disabilities 2011-05-27 the prominence of social media especially in the lives of teenagers and young adults has long been regarded as a significant distraction from studies however the integration of these forms of media into the teaching experience can improve the engagement of students global perspectives on social media in tertiary learning and teaching emerging research and opportunities is an essential scholarly publication that embeds innovative current pedagogical practices into new and redeveloped courses and introduces digital and online learning tools to best support teaching practices featuring coverage on a wide range of topics including collaborative learning innovative learning environments and blended teaching this book provides essential research for educators educational administrators education stakeholders academicians researchers and professionals within the realm of higher education

Education and Training Policy Inclusion of Students with Disabilities in Tertiary Education and Employment 2017-11-15 this book gives a riveting account of the higher education advancements made in five east african countries each presenting unique characteristics while some of the counties enjoyed relative calm throughout their years of growth and development others have endured a turbulent past marked by civil war coups and other forms of unrest including one of the most atrocious genocide events ever recorded in the history of mankind it is a known fact that the past defines the present and describes the future the book specifically tracks the historical development of teacher education technical and vocational education and training and university education in kenya uganda tanzania rwanda and burundi the extensive research and up to date accounts provide a rich overview of tertiary education in the five countries with candid reviews of the past the current situation and perspectives on the future the book is a refreshing addition to the books of history and education and a must read for students professionals and policy makers in the field of higher education as well as scholars of history

Sharing Higher Education's Promise beyond the Few in Sub-Saharan Africa 2018-12-17 the problems facing society today are complex multifaceted and require crossing multiple disciplinary boundaries as such these problems call for interdisciplinary collaboration including new and different combinations of skills and knowledge currently tertiary education providers are not well positioned to develop these interdisciplinary capabilities at a rate commensurate with the speed of contemporary change this book places design thinking as the catalyst to create change in the tertiary education sector and to build interdisciplinary skill sets that are required for the graduate of the future by presenting a series of case studies and drawing on global experts in the field this book investigates pedagogical approaches disciplinary facilitation practice curriculum integration and a framework for understanding design thinking pedagogy within tertiary education focusing on how educational institutions can produce innovative graduates with the

ability to traverse disciplinary constraints this book will be essential reading for research students academics and industry practitioners

Work-based Learning in Tertiary Education in Europe 1989 e learning is becoming increasingly prominent in tertiary education rationales for its growth are wide ranging complex and contested including widening access on campus pedagogic innovation enhancement of distance learning organisational change knowledge sharing and revenue generation this report looks at the practice in 19 tertiary education institutions and is designed to elucidate both good practice and international trends it is organised in three sections activities and strategies pedagogy technology and organisation cost efficiency and funding

Developments in Tertiary Education 2018-06-01 strategic role of tertiary education and technologies for sustainable competitive advantage explores how education enables social and economic development through the targeted training of human capital and the evaluation and dissemination of knowledge resources across generations this book provides entrepreneurs leaders policy makers and educators with the necessary tools to make the most of higher education in order to meet emerging economic and social challenges through the use of new technologies enabling effective collaboration and knowledge sharing
