Plato and a Platypus Walk Into a Bar 2016-10-13 here's an accusation sherlock holmes never deduced anything when it comes to language it all depends on what your definition of is is and one for the existentialists you haven't lived until you think about death all the time daniel klein and thomas cathcart take philosophy to task with flair and gusto in this wise and hilarious treasure of a book lively original and powerfully informative plato and a platypus walk into a bar is an irreverent crash course through the great thinkers and traditions it's philosophy for everyone from the curious layperson to the professor who's seen it all klein and cathcart have the knack of getting to the core of an issue in a crystal clear line meaning there's more room for jokes good jokes clever jokes jokes that'll have you laughing so hard the people nearby will shoot you strange looks it's the philosophy class you wish you'd had and finally it all makes sense

Plato and a Platypus Walk Into a Bar-- 2006 here's an accusation sherlock holmes never deduced anything when it comes to language it all depends on what your definition of is is and one for the existentialists you haven't lived until you think about death all the time crammed with over one hundred jokes and graced by the occasional cartoon written in a marxist style groucho's not karl's and featuring frequent appearances from a comic two man greek chorus plato and a platypus is a hilarious romp through the classic areas of philosophy don't be put off by the seriousness of the contents page what follows is anything but

Plato and a Platypus Walk Into a Bar 2016-10-13 please note this is a companion version not the original book sample book insights 1 the meaning of life is a slippery subject there are questions beyond scientific observation that are called metaphysics the telos of human life is happiness but it's not everybody's cup of tea 2 the structure of reality is slippery some philosophers draw a distinction between essential and

accidental properties the way aristotle put it is that essential properties are those without which a thing wouldn't be what it is and accidental properties are those that determine how a thing is but not what it is

3 the meaning of life is slippery the structure of reality is slippery some philosophers draw a distinction between essential and accidental properties

4 the structure of reality is slippery some philosophers draw a distinction between essential and accidental properties the meaning of life is slippery

Summary of Thomas Cathcart & Daniel Klein's Plato and a Platypus Walk Into a Bar... 2022-10-07T22:59:00Z in this joyous introduction to the major debates in western philosophy we see how cartoons can shed light and humour on life's big questions topics such as gender morality and the meaning of life are examined here with a razor wit and eye open this book if it actually exists and meet philosophers interrogating the world de beauvoir on a building site kant in a snowglobe machiavelli on a tennis court this is philosophy as you've never seen it before

I Think, Therefore I Draw 2018-11-01 q why are there almost as many jokes about death as there are about sex a because they both scare the pants off us thomas cathcart and daniel klein first made a name for themselves with the outrageously funny new york times bestseller plato and a platypus walk into a bar now they turn their attention to the big d and share the timeless wisdom of the great philosophers theologians psychotherapists and wiseguys from angels to zombies and everything in between cathcart and klein offer a fearless and irreverent history of how we approach death why we embrace life and whether there really is a hereafter as hilarious as it is enlightening heidegger and a hippo walk through those pearly gates is a must read for anyone and everyone who ever expects to die and now you can read daniel klein's further musings on life and philosophy in travels with epicurus and every

understanding of respiration and looking and in sum to the particular links across the board between the human characteristics of bipedal walking and meaningful talk the author first introduces the philosophical neurological anthropological and aesthetic aspects of the subject in historical perspective then focuses on rhetoric and introduces a tension between the small and large issues of rhythm he thereupon turns his attention to the roles of breathing in poetry as a life and death matter with attention to beats and walking poems this opens onto technical concepts from the classical traditions of rhetoric and philology turning to the relationship between prosody and motion he considers both animals and human beings as both ostensibly able bodied creatures and presumptively disabled ones finally he looks at dancing and writing as aspects of walking and talking with special attention to motion in arabic and chinese calligraphy the final chapters of the book provide a series of interrelated representative case studies

Talking the Walk & Walking the Talk 2015-09-01 this is a very timely book the coverage it gives to the topic is superb the individual organisational and institutional causes of corruption are laid out along with analyses of the choices that we all have to make to deal with its consequences in these times of increased scouting of corporate behaviour there is something to learn here for policy makers corporate leaders and researchers alike paul sparrow lancaster university uk ronald burke and cary cooper have assembled the most comprehensive volume of work available today on the topic of organizational corruption however the volume is far reaching in more than just its content in addition to attracting some of the most widely read scholars in the area burke and cooper have found space for a number of bright new voices and thus insights as well this makes for a volume that is as vibrant and exciting as it is

complete scholars not only should read it they will enjoy doing so marshall schminke university of central florida us corruption in organizations is creating an increasing number of victims and causing huge costs this timely book brings together international researchers who address the causes and consequences of corruption in organizations and the action needed to reduce levels of corruption worldwide corruption is a worldwide problem and is likely to increase as a result of the current economic meltdown specific attention is devoted to causes of corruption such as individual levels of moral development moral disengagement greed the routinisation of corruption and organizational factors such as conflicts of interest reward systems and organizational cultural values the companion suggests methods and examples to reduce levels of corruption that include education and training whistleblowing the increase of organizational controls through rules and structure and developing an ethical organizational culture academics and postgraduate students interested in both crime and corruption in organizations will warmly welcome the companion policymakers in government those involved in professional services such as accountants and lawyers as well as managers of any organization interested in conducting ethical business will find the companion invaluable

Research Companion to Corruption in Organizations

2009-01-01 the first mainstream history of humour hilarious and well researched this book from household name william hartston a presenter author and journalist makes a perfect gift of all human qualities humour is perhaps the most puzzling in this very first history of humour author and humourist william hartston looks at every aspect of the evolution of humour and our attitudes towards it with a view to developing a proper theory of everything humorous from comedy in ancient greece and jokes in ancient rome to laughter in the

bible and the secret of comic delivery from how humour changed following the american civil war to how mark twain changed written comedy in the english speaking world william leaves no stone unturned in his quest to understand what makes us chuckle besides being academically well founded a history of humour will unlike almost everything else written on the subject be both seriously humorous and humorously serious

Knock, Knock 2023-05-09 framing the discussion as a crime tried in the court of public opinion presents a lighthearted examination of the trolley problem one of the most famous thought experiments in modern philosophy

The Trolley Problem, or Would You Throw the Fat Guy Off the Bridge? 2013-09-10

you ve got to be kidding how jokes can help you think is a thoughtful and accessible analysis of the ways in which jokes illustrate how we think critically and how the thinking process goes awry in everyday human situations uses jokes to illustrate the various mistakes or fallacies that are typically identified and discussed in courses on critical reasoning provides an effective way to learn critical thinking skills since jokes often describe real life situations where it really matters whether a person thinks well or not demonstrates how philosophy is actually very practical and clearly related to real life human experiences explains how developing good reasoning habits can make a real difference in all aspects of one s life

You've Got To Be Kidding! 2009-09-15 don t think of a black cat is a practical nlp beginners guide performance is vital these days in sport business performing arts and our daily lives nlp and other techniques associated with performance psychology are

Innovative Teaching Strategies in Nursing and Related Health Professions 2019-09-27 age doesn't matter endurance strength stamina these are factors that matter when engaging in a 2187 mile journey along the appalachian trail a real life journal full of reflection memories and thoughts on how to tackle the trail guinness a nearly sixty year old retiree on his 2011 thru hike tells all this engaging read will motivate you to endure in your own life's journeys despite the inevitable obstacles sometimes self inflicted met along the way what makes this story beautiful and painful is the author's willingness to not only share his experiences during his five and a half month journey but to share an honest open look at what the trail and his personal experiences taught him about life this journal will appeal to backpackers looking to hike the appalachian trail and anyone who has found themselves vulnerable and broken

Innovative Teaching Strategies in Nursing and Related Health Professions 2016-07-29 a bold insightful book that rejects the myth of america the unphilosophical arguing that america today towers as the most

philosophical culture in the history of the world an unprecedented marketplace of truth and argument that far surpasses ancient greece or any other place one can name with verve and keen intelligence carlin romano pulitzer prize finalist award winning book critic and professor of philosophy takes on the widely held belief that ours is an anti intellectual society instead while providing a richly reported overview of american thought romano argues that ordinary americans see through phony philosophical justifications faster than anyone else and that the best of our thinkers abandon artificial academic debates for fresh intellectual enterprises such as cyberphilosophy along the way romano seeks to topple philosophy s most fiercely admired hero socrates asserting that it is isocrates the nearly forgotten greek philosopher who rejected certainty whom americans should honor as their intellectual ancestor america the philosophical introduces readers to a nation whose existence most still doubt a dynamic deeply stimulating network of people and places drawn together by shared excitement about ideas from the annual conference of the american philosophical association where scholars tack wiseguy notes addressed to spinoza on a public bulletin board to the eruption of philosophy blogs where participants discuss everything from pedagogy to the philosophy of science to the nature of agency and free will romano reveals a world where public debate and intellectual engagement never stop and readers meet the men and women whose ideas have helped shape american life over the previous few centuries from well known historical figures like william james and ralph waldo emerson to modern cultural critics who deserve to be seen as thinkers kenneth burke edward said to the iconoclastic african american women native american and gay mavericks cornel west susan sontag anne waters richard mohr who have broadened the boundaries of american philosophy smart and provocative america the

philosophical is a rebellious tour de force that both celebrates our country's unparalleled intellectual energy and promises to bury some of our most hidebound cultural clichés

Peace, Love, and Confessions from the Appalachian Trail

2022-02-03 a journey through linguistic time and space from aristotle through the twentieth century's era of syntax in search of a dangerous verb and its significance beginning with the early works of aristotle the interpretation of the verb to be runs through western linguistic thought like ariadne's thread as it unravels it becomes intertwined with philosophy metaphysics logic and even with mathematics so much so that bertrand russell showed no hesitation in proclaiming that the verb to be was a disgrace to the human race with the conviction that this verb penetrates modern linguistic thinking creating scandal in its wake and like a trojan horse of linguistics introducing disruptive elements that lead us to rethink radically the most basic structure of human language the sentence andrea moro reconstructs this history from classical greece to the dueling masters of medieval logic through the revolutionary geniuses from the seventeenth century to the enlightenment and finally to the twentieth century when linguistics became a driving force and model for neuroscience the plot unfolds like a detective story culminating in the discovery of a formula that solves the problem even as it raises new questions about language evolution and the nature and structure of the human mind while moro never resorts to easy shortcuts a brief history of the verb to be isn't burdened with inaccessible formulas and always refers to the broader picture of mind and language in this way it serves as an engaging introduction to a new field of cutting edge research

A Brief History of the Verb To Be 2024-05-21 while the historical development of symbolic power has benefitted humanity enormously there is an insidious and seldom recognised price that goes beyond environmental degradation and cultural disintegration with insights from both social and natural sciences this book explores the changing character of subjectivity in contemporary life

□□□□□□□□ 2003-07-18 successfully navigate the rich world of travel narratives and identify fiction and nonfiction read alike with this detailed and expertly constructed guide just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe smart librarians need a guidebook that makes sense of the world of travel narratives going places a reader s guide to travel narratives meets that demand helping librarians assist patrons in finding the nonfiction books that most interest them it will also serve to help users better understand the genre and their own reading interests the book examines the subgenres of the travel narrative genre in its seven chapters categorizing and describing approximately 600 titles according to genres and broad reading interests and identifying hundreds of other fiction and nonfiction titles as read alike and related reads by shared key topics the author has also identified award winning titles and spotlighted further resources on travel lit making this work an ideal guide for readers advisors as well a book general readers will enjoy browsing

Nature and Experience in the Culture of Delusion 2012-03-06 ryan j stark surveys the classic monsters in great literature and film television the bible and perhaps unexpectedly the world in which we live monsterdom is real stark observes but often hidden beneath the concealment spell of modern secular thought this guidebook aims to break that spell and if so to

confirm once more a world that brims with high strangeness or what christian philosophers have always called reality the book appeals to those who study the paranormal dimensions of religion and horror broadly imagined the clergy will also find it helpful as will players of monster riddled video games

Going Places 2013-01-08 this book presents a sweeping overview of the historical and philosophical foundations of schooling in the united states beginning with education among the indigenous peoples of the americas and going on to explore european models of schooling brought into the united states by european colonists the author carefully traces the arc of educational reform through major episodes of the nation s history in doing so janak establishes links between schools politics and society to help readers understand the forces impacting educational policy from its earliest conception to the modern day chapters focus on the philosophical political and social concepts that shaped schooling of dominant and subcultures in the united states in each period far from being merely concerned with theoretical foundations each chapter also presents a snapshot of the nuts and bolts of schooling during each period examining issues such as pedagogical devices physical plants curricular decisions and funding patterns

A Guidebook to Monsters 2024-02-23 from the bestselling author of assholes a theory a book that in the tradition of shopclass as soulcraft barbarian days and zen and the art of motorcycle maintenance uses the experience and the ethos of surfing to explore key concepts in philosophy the existentialist philosopher jean paul sartre once declared the ideal limit of aquatic sports is waterskiing the avid surfer and lavishly credentialed academic philosopher aaron james vigorously disagrees and in surfing with sartre he intends to expound the thinking surfer s view of the matter in the process elucidating such philosophical

categories as freedom being phenomenology morality epistemology and even the emerging values of what he terms leisure capitalism in developing his unique surfer philosophical worldview he draws from his own experience of surfing and from surf culture and lingo and includes many relevant details from the lives of the philosophers from aristotle to wittgenstein with whose thought he engages in the process he ll speak to readers in search of personal and social meaning in our current anxious moment by way of doing real authentic philosophy

A Brief History of Schooling in the United States

2019-08-02 written by sharon kaye who is professor of philosophy at john carroll university philosophy a complete introduction is designed to give you everything you need to succeed all in one place it covers the key areas that students are expected to be confident in outlining the basics in clear jargon free english and then providing added value features like summaries of key books and even lists of questions you might be asked in your seminar or exam the book uses a structure that mirrors many university courses on philosophy using the work of key philosophers to springboard into a discussion of all the main areas of philosophy teach yourself titles employ the breakthrough method which is designed specifically to overcome problems that students face problem i find it difficult to remember what i ve read solution this book includes end of chapter questions and summaries and flashcards of key points available on line and as apps problem most books mention important other sources but i can never find them in time solution this book includes key texts and case studies are summarised complete with fully referenced quotes ready to use in your essay or exam problem lots of introductory books turn out to cover totally different topics than my course solution this book is written by a current university lecturer who understands what students are

expected to know

Surfing with Sartre 2017-08-08 is laurence sterne one of the great christian apologists ryan stark recommends him as such perhaps to the detriment of the parson s roguish reputation the book s aim however is not to dispel roguishness but rather to discern the theological motives behind sterne s comic rhetoric from tristran shandy and the sermons to a sentimental journey to this end stark reveals a veritable avalanche of biblical themes and allusions to be found in sterne often and seemingly awkwardly in the middle of sex jokes and yet the effect is not to produce irreverence on the contrary we find an irreverently reverent apologetic stark argues and a priest who knows how to play gracefully with religious ideas through sterne in fact we might rethink humour s role in the service of religion

Philosophy: A Complete Introduction: Teach Yourself

2014-01-31 a trolley is careering out of control up ahead are five workers on a spur to the right stands a lone individual you a bystander happen to be standing next to a switch that could divert the trolley which would save the five but sacrifice the one do you pull it or say you re watching from an overpass the only way to save the workers is to drop a heavy object in the trolley s path and you re standing next to a really fat man this ethical conundrum based on british philosopher philippa foot s 1967 thought experiment has inspired decades of lively argument around the world now thomas cathcart coauthor of the new york times bestseller plato and a platypus walk into a bar brings his sharp intelligence quirky humor and gift for popularizing serious ideas to the trolley problem framing the issue as a possible crime that is to be tried in the court of public opinion cathcart explores philosophy and ethics intuition and logic along the way he makes connections to the utilitarianism of jeremy bentham kant s limits of reason st thomas aquinas s fascinating principle of

double effect and more read with an open mind this provocative book will challenge your deepest held notions of right and wrong would you divert the trolley kill one to save five would you throw the fat man off the bridge

Biblical Sterne 2021-01-14 every film development executive says they re looking for original stories maverick screenwriting will teach you how to play with advanced narrative techniques time logic and reality that change the way we look at the world discover the techniques that give films like the matrix the truman show and avatar an original twist you will learn the difference between plot driven and concept driven films how to play with time reality and point of view in radical ways how to emotionally connect with your audience how to create a matrix that will hold your story together how to push your concept to the limit how to tell a story that expresses the unique way you look at the world in maverick screenwriting writers development executives producers and directors will all find inspiration and new approaches that will help your film project stand out

The Trolley Problem, or Would You Throw the Fat Guy Off the Bridge? 2013-09-10 ever want to have a bagel with hegel eggs with bacon or spend a day with socrates mill herodotus or kant able to pick their brains about the most mundane moments of your life former oxford philosophy fellow robert rowland smith thought he would and so with dry wit and marvelous invention smith whisks you through a typical day injecting a little philosophy into it at every turn wake up with descartes go to work with plato and nietzsche visit the gym with kant have sex with ovid or simone de beauvoir as the day unfolds smith grounds complex abstract ideas in concrete experience giving you an informal introduction to applying philosophy to everyday life not only does breakfast with socrates cover the basic arguments of philosophy it brings an irresistible insouciant charm

to its big questions waking us up to the richest possible range of ideas on how to live neither breakfast lunch nor dinner will ever be the same again

Maverick Screenwriting 2014-01-09 advice on achieving a fulfilling old age from one of the bestselling authors of plato and a platypus walk into a bar after being advised by his dentist to get tooth implants daniel klein decides to stick with his dentures and instead use the money to make a trip to the greek island hydra and discover the secrets of aging happily drawing on the inspiring lives of his greek friends and philosophers ranging from epicurus to sartre klein uncovers the simple pleasures that are available late in life as well as the refined pleasures that only a mature mind can fully appreciate a travel book a witty and accessible meditation and an optimistic guide to living well travels with epicurus is a delightful jaunt to the aegean and through the terrain of old age that only a free spirit like klein could lead

Breakfast with Socrates 2010-03-09 with the exception of sleep humans spend more of their lifetimes on work than any other activity it is central to our economy society and the family it underpins our finances and our sense of meaning in life given the overriding importance of work we need to recognize a profound transformation in the nature of work that is significantly altering lives the incoming tidal wave of shadow work shadow work includes all the unpaid tasks we do on behalf of businesses and organizations it has slipped into our routines stealthily most of us do not realize how much of it we are already doing even as we pump our own gas scan and bag our own groceries execute our own stock trades and build our own unassembled furniture but its presence is unmistakable and its effects far reaching fueled by the twin forces of technology and skyrocketing personnel costs shadow work has taken a foothold in our society lambert terms its prevalence as middle class serfdom and examines its

sources in the invasion of robotics the democratization of expertise and new demands on individuals at all levels of society the end result a more personalized form of consumption a great social leveling pedigrees don t help with shadow work and the weakening of communities as robotics reduce daily human interaction shadow work offers a field guide to this new phenomenon it shines a light on these trends now so prevalent in our daily lives and more importantly offers valuable insight into how to counter their effects it will be essential reading to anyone seeking to understand how their day got so full and how to deal with the ubiquitous shadow work that surrounds them

Travels with Epicurus 2012-10-30 a humorous and insightful collection of essays on poetry and its process
