How Students Write: A Linguistic Analysis

2020-04-01

the knowledge of business policy and techniques of strategic management is the need of the hour to prospective business managers the present competitive environment has brought several drastic changes in policy making and strategic management hence there is necessity of theoretical understanding about the business policy as well as strategic management businesses need to implement sound strategies to succeed those strategies form part of an overall management and business policy that guides the business in connecting with customers generating profits and managing resources the related concepts of strategic management and business policy are keys to help small business owners manage their responsibilities and set clear objectives strategic management represents a theoretical concept first introduced by peter drucker in the mid 20th century the idea behind strategic management is that organizations will be better equipped to meet their goals and objectives if the owners and managers adopt a clear business philosophy for many businesses that philosophy will be to increase their share of the market for others it might be about making a difference in the community or about developing new products sometimes a combination of motives drives the management s strategy in any case strategic management helps the business to keep its sights set on what matters most and to not get distracted by ancillary concerns strategic management is the art and science of formulating implementing and evaluating cross functional decisions that will enable an organization to achieve its objectives it is the process of specifying the organization s objectives developing policies and plans to achieve these objectives and allocating resources to implement the policies and plans to achieve the

organization's objectives strategic management therefore combines the activities of the various functional areas of a business to achieve organizational objectives this book is designed to support and enhance both learning and teaching an important aspect of the style adopted for this book is the use of exhibits presenting a vast gamut of information regarding special theoretical matter

Excelling on the FCAT: Standards of Excellence

2013-11-18

this book argues for the value of digital literacy in the multilingual writing classroom against the background of huge changes in literacy practices prompted by online communication and a growing acceptance of a broader definition of academic literacy that encompasses multimodality the book examines the relationship between digital and print literacies and addresses the design of literacy spaces for multilingual classrooms the author critically evaluates the latest developments in the use of technology in multilingual writing spaces and focuses on the role of teachers in their design it also addresses areas that are not often discussed in relation to multilingual students from blogging to publishing and intellectual property the book will help teachers meet the challenges created by rapidly shifting technology as well as making an innovative contribution to research on multilingual writing classrooms

O-level English Critical Guide (Yellowreef)

2019-08-28

this volume was written to make the case for changes in second language writing practices away from the five paragraph essay and toward purposeful meaningful writing instruction as the volume editors say if you have already rejected the five paragraph essay we offer validation and classroom tested alternatives if you are new to teaching l2 writing we introduce critical issues you will need to consider as you plan your lessons and as you consider review the textbooks and handbooks that continue to promote the teaching of the five paragraph essay if you need ammunition to present to colleagues and administrators we present theory research and pedagogy that will benefit students from elementary to graduate school if you are skeptical about our claims we invite you to review the research presented here and consider what your students could do beyond writing a five paragraph essay if you enacted these changes in practice part 1 discusses what the five paragraph essay is not it is not a very old established form of writing it is not a genre and it is not universal part 2 looks at writing practices to show the essay's ineffectiveness in elementary schools secondary schools first year writing classes university writing courses undergraduate discipline courses and graduate school part 3 looks beyond the classroom at testing at the end of each chapter the authors all well known in the field of second language writing suggest changes to teaching practices based on their theoretical approach and classroom experience the book closes by reviewing some of the major questions raised in the book by exploring which questions have been left unanswered and by offering suggestions for teachers who want to move away from the five paragraph essay an assignment sequence for genre aware writing instruction is included
