Classic Farm Tractors 2014-04-15 wars are remembered as dramas either of stirring victory or shameful defeat the forgotten war in korea depending on who is remembering has been branded as both win or lose korea sometimes vanishes within the larger narrative of the cold war a memo somewhere near the front of the tale it also hides behind larger personalities such as general macarthur president truman or television that moment in korea was the first occasion when americans were too busy for world events grandpa s war offers a nuanced perspective of the korean war the author is a student of war diaries from the first cavalry and a friend and relative to their combat engineers this telling of korea is not another by product of great colliding superpowers but rather the familiarity of farm kids and city boys who were translating strange orders into gutsy actions their instructions communists the third world were as foreign to them as the people these boys are aging now and some of them are already gone on june 25 2020 the forgotten war will be seventy years old the peninsula today would seem greatly different to these boys south korea with its burgeoning economy world class health care prestigious education and olympics has escaped its past as a third world nation the north on the other hand has never flourished these boys may not have known too much about what they were doing at the time but for the last seventy years they ve had so many confirmations of stirring victory this novel chooses to never forget these farm kids and city boys even after their war becomes a footnote of history

**Catalog of Copyright Entries. Part 1. [B] Group 2. Pamphlets, Etc. New Series** 1948 anytime i have been to a family gathering or get together with friends much of the time becomes devoted to telling tales of days gone by these stories i listened to as a child and throughout my life those of my family and friends that arent here in person now are still here in the stories about them and people places and events that we all seem to never forget however ive noticed a flaw to the telling of our memories when those who can recall and tell the stories are about to pass away almost always so does all that they remembered so i decided that as i myself love to tell the stories i am not going to let that happen to me so i have been writing short stories so my children and grandchildren will be able to always have them to read since i began writing ive gained interest from my cousins and old friends who also want to read them as time has moved forward the number of memories continues to grow and i write more memories to keep i hope that reading this compilation of short stories will give you some opportunity to recall life should have smiles and a laugh or two and i hope you find them within

*Agricultural Leaders' Digest* 1947 this is my first attempt at writing a book and most certainly will be my last i have had much encouragement how to do it even though i have had no experience somehow i have gotter done because my son and his wife karen by stating that his business had to get new phones and they were required to upgrade the whole system and my old flip phone will no longer have any service so i am getting you a new smart phone and putting it on buildings inc s account l said no l don t know how to run them they said it ll be great you can just talk into it and it writes it down for you and then you ll be able to write your book and so i wrote two chapters and it wasn t going

very well so they said what you really need is a tablet so we went and got one and it did work some better but the pictures won't stay in place and they keep pushing the words around
