explores the relationship between long distance trade and the economic and political structure of southern india

## *Reports of the United States Tax Court*

1972

in the early 1400s iranian elites began migrating to the deccan plateau of southern india lured to the region for many reasons these poets traders statesmen and artists of all kinds left an indelible mark on the islamic sultanates that ruled the deccan until the late seventeenth century the result was the creation of a robust transregional persianate network linking such distant cities as bidar and shiraz bijapur and isfahan and golconda and mashhad iran and the deccan explores the circulation of art culture and talent between iran and the deccan over a three hundred year period its interdisciplinary contributions consider the factors that prompted migration the physical and intellectual poles of connectivity between the two regions and processes of adaptation and response placing the deccan at the center of indo persian and early modern global history iran and the deccan reveals how mobility liminality and cultural translation nuance the traditional methods and boundaries of the humanities

## *The Last Battle in Golconda Fort*

2017-08-22

siraj ud daula the nawab of bengal was neither coward nor afraid of wars he routed the british army from calcutta within four days after that could he defend the state of bengal in spite of his so many enemies because of his cruelty and profligacy what caused his downfall was it profligacy or cruelty who and how they conspired against him to take their revenge was a quite intrigue it is an interesting historical story which one must read along with other interesting and inspiring stories
