Commerce and Conquest in the Mediterranean, 1100-1500 1993 from the 12th century merchants from north italian and southern french towns were able to take advantage of christian conquests in italy sicily and the levant to dominate the markets of those regions and of north africa this book examines the impact of this combination of conquest and trade

The Siege of Jerusalem 2009-06-04 the story of the final battle of the first crusade the most extraordinary siege in medieval history began with the arrival of a christian army at jerusalem on the dawn of tuesday 6 june 1099 other sieges may have lasted longer involved greater numbers of troops and deployed more siege engines but nothing else in the entire medieval period compares to the extraordinary journey that the besiegers had made to get to their goal and the heady religious enthusiasm among the troops this was the culmination of the first crusade a military pilgrimage that had seen hundreds of thousands of men women and children leave their homes in western europe march for three years over thousands of miles and undergo tremendous hardship to reach their longed for goal jerusalem no other medieval army had made such a journey and no other army had such a peculiar makeup there were hundreds of unattached poor women gathered from the margins of northern french towns by the charity of the charismatic preacher peter the hermit and given a new direction in their lives through the expedition to jerusalem there were farmers who had sold their land and homes put all their belongings in two wheeled carts and marched alongside their oxen bards came and earned their keep by composing songs about the events they were witnessing from songs about the heroic charges of the nobles to bawdy satires on the lax behavior of some of the senior clergy naturally knights and foot soldiers were at the heart of the fighting forces but even here there was a strange fluidity to the army with the status of a warrior rising or falling depending on his ability to keep his horse alive and his armor in good order the siege of jerusalem offers a vivid and engaging account of the events of that siege the key figures the turning points the spiritual beliefs of the participants the deep political rivalries and the massacre of the inhabitants which left such a deep scar in the horrified imagination of those who learned about it that it still evokes passionate feelings nearly a thousand years later

Warfare, Crusade and Conquest in the Middle Ages 2023-04-21 this volume brings together a series of articles by john france published over a span of more than forty years covering a number of aspects of the military and crusading history of the middle ages both in europe and the near east an interest in understanding how war worked and why informs a first group of articles ranging from carolingian armies to

the organisation of war in the 13th century the focus then turns to the crusades the most ambitious conquests of the era with a set of studies on the first crusade and others on the manner and conduct of warfare in the territories of the latin east the volume also includes a major unpublished analysis co authored with nicholas morton of the problems faced by the local islamic powers in the early crusading period reminding us that an army is only as strong as its enemies permit and suggesting that the crusaders should be seen in this light

Edge of Empire 2005 written and researched on four continents edge of empire makes an original and significant contribution to international history jasanoff offers a fresh account of european imperialism that challenges received wisdom about how imperial power was asserted in asia and the middle east she shows us that britain s expansion involved more than the mere imposition of an imperial project over foreign subjects and that the stereotypical white man s burden ideology emerged only after long years of cross cultural encounters book jacket

Conflict and Conquest in the Islamic World [2 volumes] [2 volumes] 2011-07-22 a reference work that thoroughly documents the extensive military history of the islamic world between the 7th century and the present day military political conflict and the resulting factionalism shifts in leadership and divergent belief systems has been a constant and crucial part of the islamic world in order to fully grasp the cultural social or political aspects of islam in the modern world it is necessary to comprehend the rich tapestry of islamic history from pre islamic times to the present much of which involved armed conflict conflict and conquest in the islamic world a historical encyclopedia provides hundreds of entries on wars revolutions sieges institutions leaders armies weapons and other aspects of wars and military life enabling readers to understand the complex role conflict has played in islamic life throughout history and see how islamic warfare has evolved over the centuries this reference work covers not only the traditional middle eastern regions and countries but also provides relevant historical information regarding islam in north africa central asia southeastern asia and oceania

The Re-conquest: a Love Story. In Two Cantos. Part the Second 1868 nest of deheubarth was one of the most notorious women of the middle ages mistress of henry i and many other men famously beautiful and strong willed object of one of the most notorious abduction elopements of the period and ancestress of one of the most famous dynasties in medieval ireland the fitzgeralds this volume sheds light on women gender imperialism and conquest in the middle ages from it emerges a picture of a woman who though

remarkable was not exceptional representative not of a group of victims or pawns in the dramatic transformations of the high middle ages but powerful and decisive actors the book examines beauty love sex and marriage and the interconnecting identities of nest as wife concubine mistress both at the time and in the centuries since her death when for welsh writers and other commentators she has proved a powerful symbol

Gender, nation and conquest in the high Middle Ages 2016-05-16 he demonstrates how these novelists use major and marginal figures to reflect upon the ways that institutional powers invoke episodes from the discovery and conquest to legitimate the present and also to critique the recent historical past especially in the case of uruguay and argentina which endured military dictatorships in the 1970s and 1980s jacket *The Re-conquest. A Love Story. In Two Cantos* 1865 thomas allsen is one of the foremost historians of the mongol empire his latest book breaks new scholarly boundaries in its exploration of cultural and scientific exchanges between iran and china contrary to popular belief mongol rulers were intensely interested in the culture of their sedentary subjects under their auspices various commodities ideologies and technologies were disseminated across eurasia the result was a lively exchange of scientists scholars and ritual specialists between east and west the book is broad ranging and erudite and promises to become a classic in the field

Figural Conquistadors 2006 slavery race and conquest in the tropics challenges the way historians interpret the causes of the american civil war using abraham lincoln and stephen douglas s famed rivalry as a prism robert e may shows that when lincoln and fellow republicans opposed slavery in the west they did so partly from evidence that slaveholders with douglas s assistance planned to follow up successes in kansas by bringing cuba mexico and central america into the union as slave states a skeptic about manifest destiny lincoln opposed the war with mexico condemned americans invading latin america and warned that douglas s popular sovereignty doctrine would unleash us slaveholders throughout latin america this book internationalizes america s showdown over slavery shedding new light on the lincoln douglas rivalry and lincoln s civil war scheme to resettle freed slaves in the tropics

Culture and Conquest in Mongol Eurasia 2001-08-20 reproduction of the original the publishing house megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision

Rise Of The Trading State 1986-01-23 this work presents accurate accounts of the various expeditions of

some daring people to the north pole the writer aimed to concisely report the efforts made to reach the pole through this work written in 1910 this book gives a brilliant idea of the supplies and other means by which the explorations have been carried on contents include parry s expedition of 1827 kane s expedition 1853 54 55 expedition commanded by dr hayes in 1860 61 the german expedition 1869 70 voyage of the polaris 1871 73 the austro hungarian expedition 1872 74 the british expedition of 1875 76 the voyage of the jeannette 1879 81 greely s expedition 1881 84 the norwegian polar expedition 1893 96 sverdrup s expedition 1898 1902 italian expedition 1899 1900 peary s expeditions 1886 1909 dr cook s expedition 1907 9

Conflict and Conquest in the Islamic World 2011 the pax romana is famous for having provided a remarkable period of peace and stability rarely seen before or since yet the romans were first and foremost conquerors imperialists who took by force a vast empire stretching from the euphrates in the east to the atlantic coast in the west their peace meant roman victory and was brought about by strength and dominance rather than co existence with neighbours the romans were aggressive and ruthless and during the creation of their empire millions died or were enslaved but the pax romana was real not merely the boast of emperors and some of the regions in the empire have never again lived for so many generations free from major wars so what exactly was the pax romana and what did it mean for the people who found themselves brought under roman rule acclaimed historian adrian goldsworthy tells the story of the creation of the empire revealing how and why the romans came to control so much of the world and asking whether the favourable image of the roman peace is a true one he chronicles the many rebellions by the conquered and describes why these broke out and why most failed at the same time he explains that hostility was only one reaction to the arrival of rome and from the start there was alliance collaboration and even enthusiasm for joining the invaders all of which increased as resistance movements faded away a ground breaking and comprehensive history of the roman peace pax romana takes the reader on a journey from the bloody conquests of an aggressive republic through the age of caesar and augustus to the golden age of peace and prosperity under diligent emperors like marcus aurelius offering a balanced and nuanced reappraisal of life in the roman empire

Slavery, Race, and Conquest in the Tropics 2013-10-07 juan de solorzano pereira 1575 1654 was a lawyer who spent eighteen years as a judge in peru before returning to spain to serve on the councils of castile and of the indies considered one of the finest lawyers in spain his work de indiarum jure was the most

sophisticated defense of the spanish conquest of the americas ever written and he was widely cited in europe and the americas until the early nineteenth century his work and that of the spanish school of international law theorists generally is often seen as leading to hugo grotius and modern international law however as james muldoon shows the de indiarum jure represents the fullest development of a medieval catholic theory of international order that provided an alternative to the grotian theory

Unification and Conquest 1989 originally published in 1777 this work examines the history of the americas and the expansion of europe and the growth of their colonial empires in the new world

The Sovereigns of England from the Norman Conquest, in Rhyme 1872 the history of english rule in ireland stretches back to the twelfth century this book examines the actions of the earliest english settlers in ireland and asks a number of questions about the society they developed there why did these people come to ireland how did they interact with the native irish neighbors what was the nature of their relationship with england this was also a time of english expansion in wales and scotland and the book suggests comparisons and contrasts with the irish experience in this broader setting

Wulf the Saxon; A Story of the Norman Conquest 2024-03-16 excerpt from history of the conquest of peru the most brilliant passages in the history of spanish adventure in the new world are undoubtedly afforded by the conquests of mexico and peru the two states which combined with the largest extent of empire a refined social polity and considerable progress in the arts of civilisation indeed so prominently do they stand out on the great canvas of history that the name of the one notwithstanding the contrast they exhibit in their respective institutions most naturally suggests that of the other and when i sent to spain to collect materials for an account of the conquest of mexico i included in my researches those relating to the conquest of peru the larger part of the documents in both cases was obtained from the same great repository the archives of the royal academy of history at madrid 8 body specially entrusted with the preservation of whatever may serve to illustrate the spanish colonial annals the richest portion of its collection is probably that furnished by the papers of munoz this eminent scholar the historiographer of the indies employed nearly fifty years of his life in amassing materials for a history of spanish discovery and conquest in america for this as he acted under the authority of the government every facility was afforded him and public offices and private depositories in all the principal cities of the empire both at home and throughout the wide extent of its colonial possessions were freely opened to his inspection the result was a magnificent collection of manuscripts many of which he patiently transcribed with his own hand but he

did not live to reap the fruits of his persevering industry the first volume relative to the voyages of columbus was scarcely finished when he died and his manuscripts at least that portion of them which have reference to mexico and peru were destined to serve the uses of another an inhabitant of that new world to which they related about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The History of the Discovery and Conquest of America 1835 this is the story of a great commander captain robert corbet the most hated navy captain of his day and the battle for mauritius by 1809 the indian ocean was the final battleground for nelson s navy and the french fleet at stake was britain s commercial lifeline to india and its strategic capacity to wage war in europe

Colonisation and Conquest in Medieval Ireland 2006-06-01 historians of medieval europe have long employed the family as a window through which to explore broader social political and economic issues drawing primarily on the abundant charter sources in the archive of s s trinità at cava dei tirreni joanna h drell has reconstructed the history of family relationships in the principality of salerno from its conquest by the normans in 1077 to the death of the last norman king in 1194 in kinship and conquest drell challenges historians to modify their views on the nature of medieval family structure complicated ties of blood and marital kinship enabled the norman kings to solidify their central authority in the kingdom of southern italy and sicily the author finds that in the principality a broad range of kin participated in the management of family property and that kinship networks remained highly flexible drell mines the cava archive to illuminate not only the composition of the noble families and the nature of kinship networks but also the extent of genealogical memory the depth of norman cultural influence and the strategies the families used to transfer patrimonial holdings and hence political power one of the first books to integrate the italian south into the larger history of medieval europe kinship and conquest is a novel contribution to the rich historiography on kinship and political power in western europe

The Spanish Conquest in America 1861 classic work assessing the impact of the norman conquest in european context the introduction of brown s book should be made compulsory reading london review of

booksthe english who faced the forces of william duke of normandy on 14 october 1066 were by no means a pure bred and unified race norwas the flower of england s manhood laid low by an army of self seeking norman opportunists r allen brown traces the forces and influences that shaped both england and normandy in the decades before 1066 and shows how the new order emerging from the aftermath of the battle of hastings produced a degree of political unity and social dynamism previously unknown in england bringing a reinvigorated nation fully into the mainstream of the dynamic expansion of western latin christendom r allen brown was professor of history at king s college london and founder of the annual battle conference on anglo norman studies

History of the Conquest of Peru (Classic Reprint) 2018-03-07 the spanish conquest has long been a source of polemic ever since the early sixteenth century when spanish jurists began theorizing the legal merits behind native dispossession in the americas but in the business of conquest empire love and law in the atlantic world nicole d legnani demonstrates how the financing and partnerships behind early expeditions betray their own praxis of imperial power as a business even as the laws of the indies were being written she interrogates how and why apologists of spanish christian empire such as josé de acosta found themselves justifying the spanish conquest as little more than a joint venture between crown and church that relied on violent actors in pursuit of material profits but that nonetheless served to propagate christianity in overseas territories focusing on cultural and economic factors at play and examining not only the chroniclers of the era but also laws contracts theological treatises histories and chivalric fiction legnani traces the relationship between capital investment monarchical power and imperial scalability in the conquest in particular she shows how the christian virtue of caritas love and charity of neighbor and thus god became confused with cupiditas greed and lust because love came to be understood as a form of wealth in the partnership between the crown and the church in this partnership the work of the conquistador became ultimately that of a traveling business agent for the spanish empire whose excess from one venture capitalized the next this business was thus the business of conquest and featured entrepreneurial violence as its norm not exception the business of conquest offers an original examination of this period including the perspectives of both the creators of the colonial world monarchs venture capitalists conquerors and officials of religious figures such as las casas and finally of indigenous points of view to show how a venture capital model can be used to analyze the partnership between crown and church it will appeal to students and scholars of the early modern period latin american colonial studies

capitalism history and indigenous studies

The Re-conquest. [in Verse] 2019-04-10 this is an enquiry into the place of the right of conquest in international relations since the early sixteenth century and the causes and consequences of its demise in the twentieth century it was a recognized principle of international law until the early years of this century that a state that emerges victorious in a war is entitled to claim sovereignty over territory which it has taken possession sharon korman shows how the first world war which led to the rise of self determination and to calls for the prohibition of way prompted the reconstruction of international law and the consequent abolition of the title by conquest her conclusion which highlights the merits and defects of the modern law as a vehicle for discouraging war by denying the title to the conqueror challenges many of the assumptions that have come to constitute part of the conventional wisdom of our times this is a study not of international law narrowly conceived but of the place of a changing legal principle in international history and the contemporary world

English-Chinese Translation as Conquest and Resistance in the Late Qing 1811-1911 2019-05-11 indian removal was a process both physical and symbolic accomplished not only at gunpoint but also through language in the midwest white settlers came to speak and write of indians in the past tense even though they were still present winning the west with words explores the ways nineteenth century anglo americans used language rhetoric and narrative to claim cultural ownership of the region that comprises present day ohio indiana and illinois historian james joseph buss borrows from literary studies geography and anthropology to examine images of stalwart pioneers and vanished indians used by american settlers in portraying an empty landscape in which they established farms towns and civilized governments he demonstrates how this now familiar narrative came to replace a more complicated history of cooperation adaptation and violence between peoples of different cultures buss scrutinizes a wide range of sources travel journals captivity narratives treaty council ceremonies settler petitions artistic representations newspaper editorials late nineteenth century county histories and public celebrations such as regional fairs and centennial pageants and parades to show how white americans used language metaphor and imagery to accomplish the symbolic removal of native peoples from the region south of the great lakes ultimately he concludes that the popular image of the white yeoman pioneer was employed to support powerful narratives about westward expansion american democracy and unlimited national progress buss probes beneath this narrative of conquest to show the ways indians far from being passive participated in

shaping historical memory and often used anglo americans own words to subvert removal attempts by grounding his study in place rather than focusing on a single group of people buss goes beyond the conventional uses of history giving readers a new understanding not just of the history of the midwest but of the power of creation narratives

The Re-Conquest. [In Verse] 2015-12-08 divinital translation into english of a first person account of the 16th century conquest of peru written by a spanish soldier and naturalist pedro de cieza de leon was one of the first europeans in the andean region of south america to use native inform div

Storm and Conquest 2008 the elizabethan conquest of ireland sparked off two linguistic events it initiated the language shift from irish to english which constitutes the great drama of irish cultural history and it marked the beginnings of english linguistic expansion palmer explores the role of language in shaping colonial ideology and english identity

Kinship and Conquest 2018-10-18 the spanish conquest in america vol iv by arthur helps this book is a reproduction of the original book published in 1868 and may have some imperfections such as marks or hand written notes

The Normans and the Norman Conquest 1994 in this important new book the renowned historian serge gruzinski returns to two episodes in the sixteenth century which mark a decisive stage in global history and show how china and mexico experienced the expansion of europe in the early 1520s magellan set sail for asia by the western route cortes seized mexico and some portuguese based in malacca dreamed of colonizing china the aztec eagle was destroyed but the chinese dragon held strong and repelled the invaders after first seizing their cannon for the first time people from three continents encountered one other confronted one other and their lives became entangled these events were of great interest to contemporaries and many people at the time grasped the magnitude of what was going on around them the iberians succeeded in america and failed in china the new world became inseparable from the europeans who were to conquer it while the celestial empire became for a long time to come an unattainable goal gruzinski explores this encounter between civilizations that were different from one another but that already fascinated contemporaries and he shows that our world today bears the mark of this distant age for it was in the sixteenth century that human history began to be played out on a global stage it was then that connections between different parts of the world began to accelerate not only between europe and the americas but also between europe and china this is what is revealed by a global

history of the sixteenth century conceived as another way of reading the renaissance less eurocentric and more in tune with our age

Conflict and Conquest 1897 marc david baer offers a new theoretical understanding of religious conversion grounded in a significant historical example the reign of the sultan mehmed iv 1648 87 as an expression of his turn to piety mehmed iv actively sought to establish his reputation as a convert maker convincing or coercing christian and jewish subjects of the empire to be honored by the glory of islam in addition mehmed iv and his inner circle expressed their own conversion to piety and their dedication to converting others islamizing not only individual souls but also geographical space mehmed iv is remembered as an ineffectual ruler whose incompetence ultimately led to the catastrophic siege of vienna and baer sheds new light on this disastrous reign by bringing to the fore the sultan s zeal for conversion
