Abandon the Indicators : Trade Like a Institutional Trader Crazy Killer Tricks to Easy Instant Forex Millionaire 2013-05-09 if you are like me i think you should be slapped hard recently a very gifted and talented trader reached out to me took me by the collar looked me straight in the eye and then slapped me hard like a painful 5 finger slap not really but it sure felt like that actually you can still see the five fingers pattern on my face almost what i m trying to say is that even trader x can learn a couple of new tricks tricky tricky so actually i got five new tricks for you one for every finger that was slapped on my face well you may as well call it the new face of trading here we go are you ready woring the content shared here may cause you to become extremely filthy rich and glamorously famous if these two conditions are severely dangerous for you do not proceed beyond this point further after reading and applying these concept a strange items may appear in your driveway think ferraris and lambos if you are highly allergic to any of these items or money and fame make you puke i would highly suggest going to you know where before we can continue 1 forex has little to do with how the market is behaving and more importantly with where is the market right now now i am not speaking about a physical location here pay attention the market is always at a precise address know the markets correct address and you will get loads of mail loaded with cold wet hard cash word of caution don t wet your pants when you get it i mean the cash think round numbers round numbers are always a good address to be at and you receive a cashollahh la la loaded mail 2 find out where the losers are and don t try to be a pathetic one why am i saying that you are correct yes you are why the heck i need to know where the losers are well for ones so you don t become one if you have been living under a rock or been in a comma for the last 10 years and just woke up let me break it up for you l o s e r s make 95 of all forex participants that s right they are here to participate by losing their behinds but you can skip getting your behind whipped out by knowing where these poor souls are and most importantly where they are heading pause and think about this take a deep breath it will down on you losers are always exiting and running so think market bottoms and tops 3 no amount of indicators will make you successful yes you heard me right i have not misspelled indicators you could call them money broker gators the smart brokers are really advertising and pushing their favorite stochastic or whatever to the traders see if you follow their advice you might as well give them your wallets the broker is pushing these sinisterly so they know how the majority of their customers are thinking and can react appropriately meaning putting their dirty fingers in your account literally like finger sucking after getting chicken grease all over your hands but for some of you this may be too gross so you should keep reading but get a paper towel to wipe the grease 4 you can find this one in the book5 nothing is what is seems like it is it may appear that you are up for grubbing millions at some point of your trade but be worned the market is bought only to be sold this is especially true in forex so take your profits while you can see them and move to the next trade unless you fully understand how the market moves you should not take another trade and lose your precious hard earned money well you actually have a choice continue in your old tracks until you lose everything you work so hard for or click few buttons like click click push a couple mouse clicks and arrive at your new forex reality the one sprinkled with expensive cars houses pearl white beaches and turquoise blue caribbean waters see you in your new reality trader x

**Forex Trading Secrets** 2013-03-07 i hope you sitting down cause i am laughing on the floor at the notion of hearing one more little talk about the forex indicators and how you can be the next forex millionaire using such and such crossing lines see the reason there are winners and losers in life and forex as well is some can see deception coming from a 100 miles away and some refuse to look at the truth see i was taken for a sucker and was brought on a rollercoaster of books trainings forex education like there is no tomorrow but it took me nearly 3 years to wake up from the magic little cozy balloon of guru's webinars and the next big talking head during this time of course i was spending thousands of dollars on books and forex robots and all kind of crap you know what i am talking about my family and friends thought i have lost my mind spending all this time in front of the screen you may recognize yourself here and looking at stupid charts i kind of had become the laughing stock of the company look the forex head is alive eventually it got so bad that i lost all interest in trading and was ready to quit one afternoon i overheard a conversation while at the golf course yeah i am a snooper there were two guys sipping on something that came with a small umbrella on top and one of them was saying something so impressive that made my ears become as big as an elevator shaft the guys were speaking of a stock trader turn to be a forex trader that was raking in the vicinity of 20 to 30k a month from his house computer doing it with couple trades a month listen to this the guy was not a screen struck maniac like myself he was not some kind of national television speaker it turned out he was a member of the same golf club i was a member too now you can imagine my excitement and hopes came up i was

determined to meet this guy and squeeze every ounce of knowledge out of him however there was a big problem that trader i will call him trader x for familiar reasons did not go to the bars was not in the social networks and was not holding any training and educational courses on how to be the next forex millionaire he was quietly running the forex cash machine of his had a large family and was spending time in his huge house now i came in with a plan where i would meet trader x at one of the club events you know those fund raiser things trader x was known for one thing dumping a large sums of money on different causes that he cared about i was able to talk trader x in to giving me a half hour short consult at the end i offered trader x to pay him for his services and that's where my frustration became full trader x was not for sale it didn't matter what i offered whatever that was it was all i had he would not chime in to my idea of training me finally after much bugging him he gave in and we started a regular weekly meetings but he refused to get any money he was saying boy you are my fun today all that trading is too boring and makes me sad i was like k if it is that boring make me sad too you know let the stashes of cash come down eventually i moved to a different city and never heard of trade x again what i am about to reveal in this book is the real dirty truth about forex and how you too can be the next trader x forex trading is not all it is cracked up to be the real winners are not your daily gurus i will teach you everything that trader x taught me and more you have a choice keep going in circles looking for the holy grail of forex or move your fingers make a few mouse clicks and meet me on the other side take a click of faith see you on the other side
