civil society in the middle east is a project of the department of politics and the koverkian center for near eastern studies new york university project director is augustus richard norton boston university while there is wide disagreement about the outcome among those who follow events in the middle east there is little doubt that the regimes in the region are under increasing pressure from their citizens in rich and poor states alike incipient movements of men and women are demanding a voice in

politics recent political developments in jordan yemen lebanon even the future state of palestine clearly show the vitality and dynamism of civil society the melange of associations clubs guilds syndicates federations unions parties and groups which provide a buffer between state and citizen and which are now so clearly at the forefront of political liberalization in the region civil society in the middle east a two volume set of papers providing an unusually detailed and rich assessment of contemporary politics within the middle east and in this sense alone quite literally peerless is the result of a project of the department of politics and the kevorkian center for near eastern studies at new york university volume i contains contributions by augustus richard norton raymond a hinnebusch laurie brand muhammad muslih mustafa kamil al sayyid ghanim al najjar and neil hicks eva bellin jill crystal saad al din ibrahim and alan richards

torrance's conflict and agreement in the church gathers together his most influential essays and articles on topics relating to ecumenism himself involved heavily in the ecumenical movement he wrote that ours must be the task of learning together again how to confess like the early church faith in Jesus Christ as saviour and God in all its breadth and length and height and depth and therefore in the overflowing love of God out of this conviction grew a comprehensive doctrine of the church in which our differences are lost sight of because they are destroyed from behind by a masterful faith in the saviour of men in the first volume torrance presents a set of essays engaging theologically with different denominations along with responses to particular problems facing the ecumenical project in particular writing after the third world conference on faith and order he addresses the hopes and barriers it raised to closer ecumenical relations throughout torrance's acute awareness of contrasting theological principles establishes a firm basis for further progress without obscuring the doctrinal and ecclesiological differences that remain in the second volume torrance's thought on inter denominational cooperation in light of the church's mission is presented he begins by suggesting that the lines of conflict and agreement in the church coincide less and less with the frontiers of the historic communions this opens the door for greater union between those communion but also exposes significant challenges to unity within them addressing the major debates on the sacraments of baptism and the eucharist along with the priesthood and biblical exegesis torrance proposes a constructive way forward sealed by reconciliation in the body and blood of Christ
