ghostly poetry of the late war alone would have made a book as large as this and an inclusive scheme would have ended as a six volume encyclopedia of ghostly verse i hope that this may be called for some day the present book has been held to the conventional limits of the type of small anthology which may be read without weariness i hope by the exclusion not only of many long and dreary ghost poems but many others which it was very hard to leave out i have not considered as ghost poems anything but poems which related to the return of spirits to earth thus the blessed damozel a poem of spirits in heaven la belle dame sans merci whose heroine may be a fairy or witch and whose ghosts are presented in dream only do not belong in this classification nor do such poems as mathilde blind s lovely sonnet the dead are ever with us class as ghost poems for in these the dead are living in ourselves in a half metaphorical sense if a poem would be a ghost story in short i have considered it a ghost poem not otherwise in this connection i wish to thank mabel cleland lud lum for her unwearied and intelligent assistance with the selection and compilation of the book and aline kilmer for help in its revision and arrangement about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an little maid who loved too well and died i may not tell how glad she seemed my neighbors young and old with backward glances lingered as they went only upon one face was all content a sorrow comforted a peace untold i watched them through the swinging gate the dawn stayed till the last had gone a ballad of hallowe en theodosia garrison all night the wild wind on the heath whistled its song of vague alarms all night in some mad dance of death the poplars tossed their naked arms mignon isa hath left her bed and bared her shoulders to the blast the long procession of the dead stared at the haunted asylum welcome to the spine tingling tale of the haunted asylum chronicles of terror within these pages you will embark on a journey that will test your courage unravel your deepest fears and challenge your very understanding of reality this chilling narrative follows a group of intrepid urban explorers as they step into the shadows of an abandoned mental institution their insatiable curiosity will thrust them into a nightmarish realm of malevolent spirits tortured souls and the darkest secrets hidden within the decaying walls ashley and mike meet two children from the haunted lighthouse who disappeared in 1879 it has been said that young children are the perfect medium for paranormal activity the innocence of a child allows them to see and experience this activity it is also thought that psychic phenomenon tends to run in families i m told that my grandmother had psychic abilities which she passed to me the haunting of hannah finn is based on experiences that i had as a child memories and experiences that i remember in vivid detail children have no control over any paranormal ability they don t know why they see hear or do certain things it just happens often parents think that the child is having a nightmare or vivid dream or just an over active imagination small children are more sensitive to paranormal activity because they have not yet learned the negative stigma attached to speaking up about seeing a ghost as they grow older some children are no longer able to see the paranormal activity while others never outgrow it these children continue to see hear and even communicate with the dead as they grow they feel different from other children because they are sense children can t control the paranormal activity that they experience the ghost could be friendly or could be bad the haunting of hannah finn is about a little girl who can see and communicate with the dead this novel is about the paranormal activity she experiences it is a 20188 word middle grade fiction that includes ghostly encounters humor and adventure it easily fits in with other middle grade children adventures as rl stein s goosebumps or haunting hour this story is ominous dark spirit named nellie nellie is trying to get a message to hannah hannah is being terrorized by this spirit nellie always seems to appear to hannah before or after a tragedy occurs the death of a kitten even the death of hannah s grandfather this book explores the literary and cultural history behind certain christmas and halloween traditions and examines the way that they have
