encourage students to look at psychological disorders along a continuum and analyze disorders in terms of whether the individual's behavior creates distress or impairs daily functioning. Importantly, an effort is made to bring to life the nature of these conditions by providing vivid clinical descriptions in addition to short descriptions used liberally throughout each chapter. A fully integrated case study is presented at the end of each chapter, again illustrating the interplay of biological, psychosocial, and emotional factors. Revel™ is Pearson's newest way of delivering our respected content: fully digital and highly engaging. Revel offers an immersive learning experience designed for the way today's students read, think, and learn. Enlivening course content with media interactives and assessments, Revel empowers educators to increase engagement with the course and to better connect with students.

Psychology 2015

Making social psychology come to life, this renowned Canadian text utilizes a storytelling approach to make social psychology relevant and interesting for students. It presents the science of social psychology in a conversational manner that captures students' interest without compromising scientific rigour. Real-world examples, practical application questions, and mini-stories woven throughout each chapter help students relate to difficult topics and understand the concepts in terms of their own lives. The fifth Canadian edition has been updated with almost 350 new Canadian sources and expanded coverage of cross-cultural research, evolutionary psychology, and social neuroscience.
