Kembali Utuh (Unwind Dystology#4: Undivided) 2010

winner of the Children s Literature Association Edited Book Award from the Jaded Wired Teenagers of M.T. Anderson s Feed to the spirited young rebels of Suzanne Collins the Hunger Games trilogy the protagonists of young adult dystopias are introducing a new generation of readers to the pleasures and challenges of dystopian imaginings as the dark universes of YA dystopias continue to flood the market contemporary dystopian fiction for young adults Brave New Teenagers offers a critical evaluation of the literary and political potentials of this widespread publishing phenomenon with its capacity to frighten and warn dystopian writing powerfully engages with our pressing global concerns liberty and self-determination environmental destruction and looming catastrophe questions of identity and justice and the increasingly fragile boundaries between technology and the self when directed at young readers these dystopian warnings are distilled into exciting adventures with gripping plots and accessible messages that may have the potential to motivate a generation on the cusp of adulthood this collection enacts a

lively debate about the goals and efficacy of YA dystopias with three major areas of contention do these texts reinscribe an old didacticism or offer an exciting new frontier in children's literature do their political critiques represent conservative or radical ideologies and finally are these novels high minded attempts to educate the young or simply bids to cash in on a formula for commercial success this collection represents a prismatic and evolving understanding of the genre illuminating its relevance to children's literature and our wider culture

Talking Book Topics 2003

if there is one trend in children's and YA literature that seems to be enjoying a steady rise in popularity it is the expansion of the YA dystopian genre while the genre has been lauded for its potential to expand horizons promote critical thinking and foster social awareness and activism it has also come under scrutiny for its promotion of specific ideologies and its often sensationalist approach to real world problems in an examination of six YA dystopian texts spanning more than twenty years of development of the genre this book explores the way in which posthumanist ideologies in particular are deployed or resisted in these texts as a means of making sense of the specific challenges which young people confront in the twenty first century

Final Report of Neal Batson, Court-appointed Examiner 2013-05-02

gothic fiction's focus on the irrational and supernatural would seem to conflict with science fiction's rational foundations however as this novel collection demonstrates the two categories often intersect in rich and revealing ways analyzing a range of works including literature film graphic novels and trading card games from the past three decades through the lens of this hybrid genre this volume examines their engagement with the era's dramatic changes in communication technology medical science and personal and global politics

Contemporary Dystopian Fiction for Young Adults 2019-04-29

transplant practices are discussed in the medical realm in fictional texts and in popular advertisement yet how do these sectors intersect and influence each other how can the accounts of surgeons invested in transplant practice be brought into conversation with fictional voices future t issues positions transplantation at the intersection of natural science and the humanities and adds to the discussion of organ transplantation by focusing on one specific aspect that is commonly overlooked the idea of speculation by engaging with speculative fiction in conversation with life writing it contributes to a more thorough understanding of transplantation as a cultural practice showcasing that transplantation is imagined as part of the future both within and beyond the literary sphere hereby this book

establishes the relationship between literary and medical narratives as reciprocal in effect eroding boundaries between the life sciences and literary studies as an interdisciplinary endeavor this study contributes to literary studies specifically to the fields of life writing speculative fiction and young adult fiction it offers insights for the study of transplantation in the popular realm and adds to the medical humanities

Posthumanist Readings in Dystopian Young Adult Fiction 2011-01-01

large successful organizations only transform after failure if everything is going well there is a tendency not to challenge methods it is only once things have gone radically wrong that a successful organization starts to reexamine their methods and culture this book is about organizational leadership but provides a unique spin to promoting innovation inclusion and transparency among employees it examines co author steven rotkoff s experiences as a retired us army colonel and red team strategies used by the military and the corporate world to make better decisions and improve organizational culture and applies them to nursing in both clinical and academic settings centering cases derived from us based academic and clinical settings the book discusses how and why some strategies do and others don t work and examines how these military and corporate strategies apply effectively to nursing settings turning a lot of the available literature on its head this book offers new models and methods to foster better conversations particularly between managers and staff nursing has changed in both academic and clinical settings just as military and corporate organizations have had to change their organizational behavior and leadership styles and methods to meet the needs of today s employees and consumers the nursing profession must change to meet the needs of faculty an inter professional health care environment and our increasingly inclusive and diverse environments
