properly service the l and lx series skid steer loader
and components to the manufacturer s standards use a
multi meter and do a voltage drop test on the
connections to see if anything is out of sorts if your
ground is good 12 volts at main starter positive then
you apply 12 volts to the small wire terminal it should
do something again make sure the engine will bar over
as well both of these were resolved my wiring in new
fuse or relay sockets for the correct item in the
engine compartment also had a deere 6675 essentially a
nh l565 with a yanmar engine having an intermittent
electrical problem and ended up replacing fuse sockets
