Indian Agriculture

population explosions have always pushed india into many deep rooted socio economic bottlenecks india is home to one third of the globe s poverty ridden and hunger prone population despite the undoubted availability of and access to food grains this study explores the causes of and solutions to the prevalence of hunger and malnutrition at the grassroots level although india s spending on protecting its boundaries has increased massively there does not seem to have been as much emphasis on protecting its citizens there can be no doubt that food security involves the simultaneous growth in demand and supply of food grains as such the book analyses the supply side background behind the accomplishment of food security it explores the nature prospects and challenges ahead for indian agriculture food grain production can be enhanced on a par with increasing demand only when hurdles confronting agriculture are addressed

self help groups are crucial for employment generation for a large portion of the population the acceptability of their produce and sustainability is very important for social economic well being of the group members this book based on my ph d research focuses on the acceptability of the products of self help groups by its market and to explore the best business practices adopted by them when we look at corporate world we find the likes of dhirubhai ambani tata birla godrej and many others who have made it big through their indomitable spirit and indefatigable passion to ascend to the pinnacle of greatness the common aspect of many legendary names in corporate world is their tireless tirade to achieve their mark despite several handicaps sometimes in the form of a humble background financial crisis social ostracism tragedies and formal educational acquisitions these are people who re write history through the ink of their sweat tears and blood to provide the world with the deepest thoughts of motivation to overcome the times of crises all entrepreneurs have the same expectations same emotions same problems same passion to come up in life and progress in their own business the world deserves to know about these shgs and their marketing practices to hold on to diversity and humanity together i humbly present this book to the current and budding women shg fraternity to realize their contribution towards our country s economy

Impact of Micro Enterprises of SHG's on Poverty Alleviation

extreme poverty which intensified in india during colonial rule peaked in the 1920s after decades of imperialist exploitation famine

and disease a time when architects engineers and city authorities proposed a new type of housing for india s urban poor and industrial workers as farhan karim argues economic scarcity became a central inspiration for architectural modernism in the subcontinent as india moved from colonial rule to independence the indian government business entities international ngos and intergovernmental agencies took major initiatives to modernize housing conditions and the domestic environment of the state s low income population of greater dignity than riches traces multiple international origins of austerity as an essential ingredient of postcolonial development by prescribing model villages communities and ideal houses for the working class this project of austerity eventually reduced poverty into a stylized architectural representation in this rich and original study karim explains the postwar and postcolonial history of low cost housing as an intertwined process of global transferences of knowledge cold war cultural politics postcolonial nationalism and the politics of economic development
