winner of the 2021 wolfson history prize black spartacus is a tour de force by far the most complete authoritative and persuasive biography of toussaint that we are likely to have for a long time an extraordinarily gripping read david a bell the guardian a new interpretation of the life of the haitian revolutionary toussaint louverture among the defining figures of the age of revolution toussaint louverture is the most enigmatic, though the haitian revolutionary normal labour obstetrics n gynaecology made easy **2023-03-10** **4/17**

multiplied across the globe appearing on banknotes and in bronze on t shirts and in film the only definitive portrait executed in his lifetime has been lost well versed in the work of everyone from machiavelli to rousseau he was nonetheless dismissed by thomas jefferson as a cannibal a caribbean acolyte of the european enlightenment toussaint nurtured a class of black catholic clergymen who became one of the pillars of his rule while his supporters also believed he communicated with vodou spirits and for a leader who once summed up his modus operandi with the phrase say little but do as much as possible he was a prolific and indefatigable correspondent famous for exhausting the five secretaries he maintained simultaneously at the height of his power in the 1790s employing groundbreaking archival research and a keen interpretive lens sudhir hazareesingh restores toussaint to his full complexity in black spartacus at a time when his subject has variously been reduced to little more than a one dimensional icon of liberation or criticized for his personal failings his white mistresses his early ownership of slaves his authoritarianism hazareesingh proposes a new conception of toussaint s understanding of himself and his role in the atlantic world of the late eighteenth century black spartacus is a work of both biography and intellectual history

rich with insights into toussaint s  
fundamental hybridity his ability to unite  
european african and caribbean traditions in  
the service of his revolutionary aims  
hazareesingh offers a new and resonant  
interpretation of toussaint s racial politics  
showing how he used enlightenment ideas to  
argue for the equal dignity of all human  
beings while simultaneously insisting on his  
own world historical importance and the  
universal pertinence of blackness a message  
which chimed particularly powerfully among  
african americans ultimately black spartacus  
offers a vigorous argument in favor of getting  
back to toussaint a call to take haiti s  
founding father seriously on his own terms and  
to honor his role in shaping the postcolonial  
world to come shortlisted for the baillie  
gifford prize finalist for the pen jacqueline

the paper cap by amelia e barr is a story with a certain amount of mystery favorable in so far as it permits the readers to exercise ingenuity in devising a probable reason for the selection of a paper cap as the symbol of labor the recital also reveals england s social life and customs during the 19th century excerpt now if the working man was looking for a symbol there are many reasons why the paper cap would appeal to him it is square straight upright it has no brim it permits the wearer to have full sight for whatever he is doing it adds five inches or more to his height it is cool light and clean and it is made of a small square of brown paper and costs nothing every man makes his own paper cap generally while he smokes his first morning pipe it was also capable of assuming all the expressions of more pretentious head coverings worn straight over the brows it imparted a steady business like appearance tilted to one side it showed the wearer to be interested in his own appearance if it was pushed backward he was uncertain about his work on the head
