thank you for purchasing my book kevin goes to japan 3 stories for japanese learners jlpt n5 to n1 some of them would realize that the range of the level is more comprehensive than before because this book is just before the last book i wanted to focus on telling the story therefore some japanese sentences would be complicated for early learners however reading many books is good practice to understand the language and you need to have the skill to guess unknown words seeing the context the word lists are more than kevin 2 showing many vocabularies and i keep writing topics from each chapter but 15 jlpt sample questions come with each chapter a total of 180 questions for n5 to n3 i believe that advanced learners need to read books that understand more natural japanese instead of sample questions please try to use expressions you can find a list miscellaneous idioms expressions proverbs etc tomoko teaches kevin kanji radical that japanese language questions include it in this book in this story jlpt wouldn t ask radical but if you know the basic rules it helps to give extra knowledge for this language and its origins in the story kevin wants yukio to fall in love with tomoko and you can see how his love strategy works however the day kevin s working holiday visa expires is coming and he and yumiko s relationship will be swirled i hope you enjoy this story as a bilingual novel as well content 1 i ll do everything i can for yukio 2 how to offer incense at the buddhist altar 3 the origin of kanji 4 are the british really gentlemen 5 the secret of the smile 6 white day 7 the day after white day 8 i want to be your set meal 9 more than friends less than lovers 10 definition of an auntie 11 wavering female heart 12 the spirit of women
