shakespeare s the comedy of errors is the slapstick farce of his youth in it the lost twin sons of the old merchant egeon both named antiphilus find themselves in ephesus without either one even knowing of the other s existence meanwhile egeon has arrived in search of the son he thinks is still alive and has been sentenced to death for the crime of being from syracuse to add to the confusion the two antiphiluses have twin servants both named dromio as the four men unwittingly encounter each other the play is crammed with wildly escalating misunderstandings before the truth emerges and egeon is pardoned shakespeare bases his story on plautus s menaechmi a play about identical twins who accidentally meet after a lifetime apart he borrows from another plautus play by having adriana the wife of one antiphilus entertain the other the spirited adriana often gives speeches evoking strong emotions as do other characters at times even here shakespeare suggests complexities beyond the farce
