an unsung classic of nineteenth century russian literature karolina pavlova s a double life alternates prose and poetry to offer a wry picture of russian aristocratic society and vivid dreams of escaping its strictures pavlova combines rich narrative prose that details balls tea parties and horseback rides with poetic interludes that depict her protagonist s inner world and biting irony that pervades a seemingly romantic description of a young woman who has everything a double life tells the story of cecily who is being trapped into marriage by her well meaning mother her best friend olga and olga s mother who means to clear the way for a wealthier suitor for her own daughter by marrying off cecily first cecily s privileged upbringing makes her oblivious to the havoc that is being wreaked around her only in the seclusion of her bedroom is her imagination freed each day of deception is followed by a night of dreams described in soaring verse pavlova subtly speaks against the limitations placed on women and especially women writers which translator barbara heldt highlights in a critical introduction among the greatest works of literature by a russian woman writer a double life is worthy of a central place in the russian canon

I was passing through the waiting room of the morning journal on a certain evening last year when my attention was drawn to a man seated in a corner. He was dressed in black and his appearance was that of the deepest dejection. In fact upon his face I read the most melancholy despair. He was not weeping; his eyes were dry and almost expressionless and received the impression of exterior objects like motionless ice. He had placed upon his knees a small oaken chest ornamented with ironwork. His hands were crossed over this object and hung down accentuating his dejected appearance. excerpt from double life a novel geoffrey pemberton s position in this world of ours was rather betwixt and between in essence i suppose he belonged to the middle class but if anyone had asked him to which class he did belong he would have answered uncertainly suggesting that a man of letters belonged to no definite class and claiming that the novelist the poet the painter all alike were half bohemian and in virtue of their intelligence half aristocrat he would have talked vaguely of the democracy of intellect the aristocracy of brains the freemasonry of achievement but he would not have talked much because after all the subject would not interest him if he was a snob he certainly did not know it he was thirty six years old married and with two children his wife olivia half scotch half english was a year his junior he had for her that complete but reticent affection which although hardly fashionable now would have been a source of gratification to the framers of

the marriage service certainly he had not married her unadvisedly lightly or wantonly about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

when i decided to write my third manuscript double life it was a very tough decision to go actually ahead with it my writing style incorporates a lot of my personal experiences into the building of a story double life is a story about the memoirs of a young man and how he went from a relatively innocent teenager to transforming into a feared violent wise guy and deep cover agent the story is about his double life a calm life with his family and the separate life of a vicious hunter assassin and body guard it s a story of his life in organized crime and of being recruited to work indirectly for the government it s an emotional roller coaster ride for the main character from his mid teens to his mid thirties his love for the ladies and how his double life eventually brought him into forced retirement after it burned him out and had him seeking peace and solitude in the end he had to find the one special woman he could finish his life out with that he felt completely comfortable with and to raise a family of their own double life is a raw and powerful story that will grip the reader tightly it will pull you into its world as you feel yourself becoming a part of the main character or at least as close as a close friend can be when the end comes you will feel the anguish of a story

that needs to be told if you can put the book down you will be in deep thought wondering what it would be like to be the main character and having your world evolve into a very dangerous adrenaline filled rush of life death conspiracy trafficking and living a double life
