at the muzzles of russian cannons this vivid and extraordinarily detailed account of the charge and the bloody mêlée that followed by an author with unique access to regimental archives is told largely in the words of the survivors themselves terry brighton takes the reader closer than ever before to the experience of charging down the valley of death the most notorious and most contentious cavalry charge in history still remains an enigma though numerous books have been written about the charge all claiming to reveal the truth or to understand the reason why exactly what happened at balaklava on 25 october 1854 continues to be fiercely debated voices from the past the charge of the light brigade relives that fateful day not through the opinions of such historians but from the words of those that were there this is the story of the charge told by the soldiers of both sides in the most detailed description of the battle of balaklava yet written gallop with the light dragoons and lancers into the mouths of the russian cannon as the shells and cannonballs decimate their ranks read of the desperate efforts to return down the valley of death as the enemy pressed around the remnants of the light brigade and of the nine victoria crosses won that day possibly more significant are the accusations and counter arguments that followed the loss of the light brigade just who was responsible for that terrible blunder the leading figures all defended their own positions leading to presentations in parliament and legal action yet one of those senior figures made an astonishing admission immediately after the battle only to change his story when the charge became headline news just who was it that made the fatal error that cost the british army its light brigade an in depth analysis of this disastrous action during the battle of balaklava in 1854 digicat publishing presents to you this special edition of boys of the light brigade a story of spain and the peninsular war a war story of astonishing courage and honor of stupidity of blood death agony and waste nothing in british campaign history has ever equaled the tragic farce that was the charge of the light brigade during the crimean war s battle of balaclava on october 25 1854 in this fascinating study cecil woodham smith shows that responsibility for the fatal mismanagement of the affair rested with the earls of cardigan and lucan brothers in law and sworn enemies for more than thirty years in revealing the combination of pride and obstinacy that was to prove so fatal woodham smith gives us a picture of a vanished world in which heroism and military glory guaranteed an immortality impossible in a more cynical age the electronic text center at the university of virginia presents the full text version of the charge of the light brigade english poet alfred tennyson 1809 1892 wrote the poem in 1854 lord cardigan s cavalry charge on 25 october 1854 at the battle of balaclava into the valley of death is surely one of the most famous actions in military history is there anything new to say about it in print yes there is because most publications have concentrated on commanding officers lucan cardigan and the fatal actions of nolan but there were 670 men in the charge and by collating the evidence from the many eyewitnesses james bancroft offers a new and more accurate appraisal of events cardigan s description of the action was quoted at length in the house of commons with the batteries vomiting forth upon us shells and shot round and grape with one battery on our right flank and another on the left when we came to within a distance of fifty yards from the mouths of the artillery which had been hurling destruction upon us we were in fact surrounded and encircled by a blaze of fire one question of course which the author who has been studying the subject for many years addresses is how anyone survived examines a part of the action of the battle of balaclava one of the earlier and most important battles of the crimean war in the light brigade rebecca cooper dives headfirst into the difficulties of living in the light this collection of powerful essays explores what it really means to be compassionate empathetic and brazen all at the same time this one is for the dreamers for the dig down deep believers for the two a m thinkers and the never stop fighting achievers this is for the deep deep dark all night survivors and for the looking at the bottom of the barrels still want to be alivers for the ones that know how to live and die by promises for the ones that still know how to cross their hearts and hope the legend of their lives never die this is for the torchbearers the light bringers and the broad shouldered warriors that show up to the arena early for the ones that don t keep count because the count doesn t matter and for the ones that search the horizon and ignore all of the pointless chatter this is for the tenacious audacious girls that don t need your dull crown because they brought their own and this is for the ones that bear their chest scars like a holy battle cry to the forlorn you re going to make it they whisper you re

going to make it they whisper you re going to make it they whisper because we did too this is for the light brigade the charge of the light brigade famously immortalized by tennyson lasted only 20 minutes from beginning to end and was but one of the three dramatic phases of the battle of balaclava it is however the phase best remembered because of the military incompetence that led to the fateful attack john sweetman describes in absorbing detail this dashing series of actions including the thin red line and the charge of the heavy brigade as the anglo french army besieging the crimean port of sebastopol defended its supply base from russian attack this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant the charge of the light brigade is one of the most famous controversial and emotive small scale actions in military history over the 160 years since the event and since it was immortalized in tennyson s poem it has generated a stream of writing and debate yet as this new book by anthony dawson shows the subject is far from exhausted his selection of previously unpublished letters and journal accounts of the two cavalry charges at the battle of balaklava is a notable addition to the literature on the crimean war it offers a direct insight into events on the battlefield as they were seen and understood by those who witnessed them and by those who took part in their own words and in the language of the time the men who were there recorded what they knew and felt anthony dawson s letters from the light brigade offers us a rich source of authentic very telling soldiers experiences from the crimean war he presents this new collation with a concise authoritative commentary on the deployment of the light brigade and its major actions in crimea of course that formation s famous charge at balaklava is given due prominence but not exclusively so there are real gems of insight here both historical and modern much to fascinate and a great deal to learn i for one will never look at or describe the battles and battlefields of the crimea again in quite the same way hence i am delighted to introduce and commend this work as a very valuable and compelling addition to the literature of the crimean war from the foreword by mungo melvin major general retired president british commission for military historyas featured in the yorkshire post there is a cure for covid and if they succeed they may just be able to save the people they rely on for survival humans this is underworld meets national treasure we bring the light in an otherwise darkened world wahida clark based on actual events the stirring epic of high action and brave men riding into hell the crimea russia 1854 the armies of england france and turkey join forces against the iron clad onslaught of imperial russia this will be a battle to decide the fate of europe and every man who lifts a saber brandishes history in his clenched fist the charge of the light brigade pulses with drama and passion of that mighty encounter heroes and cowards madmen and valiant lovers spring to life from its action swept pages here is a novel equaled in power only the legendary adventure which inspired it six hundred brave men s charge into hell inkermann has been called the soldiers battle with equal truth the whole crimean campaign might be called the soldiers war it was the vindication of the regimental officer and the rank and file it showed to the world the ineptitude of the general staff as it existed at that day those entrusted with the conduct of the campaign were mostly old men long past the age when brilliant service in the field could be expected of them some had seen war service in the peninsula forty years before the interim being

spent doing office work at the horse guards many had never heard a shot fired in anger in their lives their services being confined to hyde park or the curragh camp family or political influence procured them their appointments while younger men who had already rendered splendid war service in the east were either passed over snubbed or relegated to subordinate positions the miseries of varna the unparalleled sufferings of the troops before sebastopol and the awful blunder of balaclava give testimony to the unwisdom of the selections during the long peace since waterloo the army had grown unpopular it had been neglected even the duke of wellington was averse to making any military display for fear that what army there was should be further reduced the force which left england for the east was one of the worst equipped viii and most badly organised that ever left our shores on the contrary the men of which it was composed were the finest they were all long service men of grand physique and of an unrivalled spirit before the crimean war a red coat was looked on with disdain after the war the wearer was hailed as a friend he had proved that he was a worthy descendant of the heroes of the peninsula that he could perform as gallant deeds on the blood stained slopes of the alma or in the valley of balaclava as had his forebears at waterloo that he could die of disease and starvation as uncomplainingly before sebastopol as did his predecessors in spain or portugal in the following pages the author has endeavoured to pay a small tribute to the heroism of the rank and file and to show how they won for themselves in the hearts of the british public the warm place they have ever since occupied the survivors of the crimean war are alas growing yearly fewer but the author desires to acknowledge with thankfulness much information he has gained from the veterans he has had the opportunity of knowing amongst whom he wishes specially to mention sergeant james mustard of the 17th lancers a survivor of the immortal charge and happily still alive he also wishes to acknowledge his indebtedness to the fascinating pages of kinglake s invasion of the crimea and russell s british expedition to the crimea stirling s highland brigade in the crimea and steven s connaught rangers have also been advantageously consulted from the books includes pictures includes descriptions of the charge made by survivors examines the myths and legends surrounding the charge includes a bibliography for further reading includes a table of contents the charge of the light brigade is the most famous british cavalry charge in history possibly also eclipsing the renown of any other mounted attack conducted by the armed forces of other nations in the general imagination this cavalry action is certainly remembered far more vividly than the 1854 battle of balaclava during which it occurred and even the wider crimean war that led to the battle of course the prominence of the charge in popular and historical memory is due primarily to alfred lord tennyson s poem describing the events of that distant late october afternoon the bearded poet laureate crafted a powerful gripping poetic narrative that fixed the encounter firmly in both the popular imagination and in the english literary oeuvre millions of people who know nothing else of the crimean war between great britain and the russian empire are familiar with tennyson s memorable verses at the same time however his words also created a narrative about the combat which has obscured much contrary evidence replacing fact with legend and completely obscuring the true significance of the charge of the light brigade indeed its perception by historians and depiction in history books has been massively influenced by the sheer artistic power of tennyson s poem sober historians have unwitting cherry picked the existing original documents to support tennyson s version of the events while disregarding much contrary evidence that provides a very different perspective of the light brigade s attack in fact a closer examination of source materials casts the charge of the light brigade in a very different light than the widely accepted version of men so highly disciplined and obedient that they obeyed a suicidal order without question so unquestioningly obedient were the british cavalrymen the legend declares that they were willing to charge into a cannon s mouth and die rather than raise a voice of protest against the imbecility of their incompetent officers this mix of doomed courage and absolute unfaltering compliance with the orders of their superiors however idiotic had given the light brigade and the british soldier in general a character of tragic heroism powerful as this vision of buffoonish commanders leading soldiers infused with ant like obedience may be in the world of poetry considerable documentation still exists which at least partially refutes such an interpretation these documents recently revisited by a handful of historians greatly diminish the role of upper echelon mistakes in causing the charge they restore agency and initiative to the ordinary british soldiers highlighting them as fierce independent minded and energetic actors in their own right who very nearly changed the outcome of the entire battle of balaclava with their skill courage and daring ironically it is possible to argue that the charge of the light brigade was an attack mostly initiated by the rank and file and that it was largely successful the actual blunder

was the failure of other commanders to support the charge by sending in infantry in its wake which could potentially have led to the complete rout of the russian forces instead the british commanders did nothing to exploit the breakthrough created by the initiative skill and ferocity of the ordinary cavalryman squandering the opportunity they had been offered the charge of the light brigade chronicles the history and legacy of the ill fated cavalry charge along with pictures of important people places and events you will learn about the charge of the light brigade like never before in no time at all treasury of verse by the great victorian poet includes the famous long narrative poem enoch arden plus the lady of shalott the charge of the light brigade break break break flower in the crannied wall and more also included are excerpts from three longer works the princess maud and the brook treasury of verse by the great victorian poet including the long narrative poem enoch arden plus the lady of shalott the charge of the light brigade selections from the princess maud and the brook more

inkermann has been called the soldiers battle with equal truth the whole crimean campaign might be called the soldiers war it was the vindication of the regimental officer and the rank and file it showed to the world the ineptitude of the general staff as it existed at that day those entrusted with

the conduct of the campaign were mostly old men long past the age when brilliant service in the field could be expected of them some had seen war service in the peninsula forty years before the interim being spent doing office work at the horse guards many had never heard a shot fired in anger in their lives their services being confined to hyde park or the curragh camp family or political influence procured them their appointments while younger men who had already rendered splendid war service in the east were either passed over snubbed or relegated to subordinate positions the miseries of varna the unparalleled sufferings of the troops before sebastopol and the awful blunder of balaclava give testimony to the unwisdom of the selections during the long peace since waterloo the army had grown unpopular it had been neglected even the duke of wellington was averse to making any military display for fear that what army there was should be further reduced the force which left england for the east was one of the worst equipped viii and most badly organised that ever left our shores on the contrary the men of which it was composed were the finest they were all long service men of grand physique and of an unrivalled spirit before the crimean war a red coat was looked on with disdain after the war the wearer was hailed as a friend he had proved that he was a worthy descendant of the heroes of the peninsula that he could perform as gallant deeds on the blood stained slopes of the alma or in the valley of balaclava as had his forebears at waterloo that he could die of disease and starvation as uncomplainingly before sebastopol as did his predecessors in spain or portugal in the following pages the author has endeavoured to pay a small tribute to the heroism of the rank and file and to show how they won for themselves in the hearts of the british public the warm place they have ever since occupied the survivors of the crimean war are alas growing yearly fewer but the author desires to acknowledge with thankfulness much information he has gained from the veterans he has had the opportunity of knowing amongst whom he wishes specially to mention sergeant james mustard of the 17th lancers a survivor of the immortal charge and happily still alive he also wishes to acknowledge his indebtedness to the fascinating pages of kinglake s invasion of the crimea and russell s british expedition to the crimea stirling s highland brigade in the crimea and steven s connaught rangers have also been advantageously consulted from the books

The Reason why 1960

includes pictures includes descriptions of the charge made by survivors examines the myths and legends surrounding the charge includes a bibliography for further reading includes a table of contents the charge of the light brigade is the most famous british cavalry charge in history possibly also eclipsing the renown of any other mounted attack conducted by the armed forces of other nations in the general imagination this cavalry action is certainly remembered far more vividly than the 1854 battle of balaclava during which it occurred and even the wider crimean war that led to the battle of course the prominence of the charge in popular and historical memory is due primarily to alfred lord tennyson s poem describing the events of that distant late october afternoon the bearded poet laureate crafted a powerful gripping poetic narrative that fixed the encounter firmly in both the popular imagination and in the english literary oeuvre millions of people who know nothing else of the crimean war between great britain and the russian empire are familiar with tennyson s memorable verses at the same time however his words also created a narrative about the combat which has obscured much contrary evidence replacing fact with legend and completely obscuring the true significance of the charge of the light brigade indeed its perception by historians and depiction in history books has been massively influenced by the sheer artistic power of tennyson s poem sober historians have unwitting cherry picked the existing original documents to support tennyson s version of the events while disregarding much contrary evidence that provides a very different perspective of the light brigade s attack in fact a closer examination of source materials casts the charge of the light brigade in a very different light than the widely accepted version of men so highly disciplined and obedient that they obeyed a suicidal order without question so unquestioningly obedient were the british cavalymen the legend declares that they were willing to charge into a cannon s mouth and die rather than raise a voice of protest against the imbecility of their incompetent officers this mix of doomed courage and absolute unfaltering compliance with the orders of their superiors however idiotic had given

the light brigade and the british soldier in general a character of tragic heroism powerful as this vision of buffoonish commanders leading soldiers infused with ant like obedience may be in the world of poetry considerable documentation still exists which at least partially refutes such an interpretation these documents recently revisited by a handful of historians greatly diminish the role of upper echelon mistakes in causing the charge they restore agency and initiative to the ordinary british soldiers highlighting them as fierce independent minded and energetic actors in their own right who very nearly changed the outcome of the entire battle of balaclava with their skill courage and daring ironically it is possible to argue that the charge of the light brigade was an attack mostly initiated by the rank and file and that it was largely successful the actual blunder was the failure of other commanders to support the charge by sending in infantry in its wake which could potentially have led to the complete rout of the russian forces instead the british commanders did nothing to exploit the breakthrough created by the initiative skill and ferocity of the ordinary cavalryman squandering the opportunity they had been offered the charge of the light brigade chronicles the history and legacy of the ill fated cavalry charge along with pictures of important people places and events you will learn about the charge of the light brigade like never before in no time at all
