The Voyages of Captain James Cook 1842

in a style that is more detective story than conventional biography williams explores the multiple narratives of cook s death in short williams examines the story of cook s progress from obscurity to fame and eventually to infamy a story that until now has never been fully told

The life, voyages, and discoveries, of captain James Cook. [Followed by] Pitcairn's island and the mutineers of the Bounty 1837

cook led three famous expeditions to the pacific ocean between 1768 and 1779 in voyages that ranged from the antarctic circle to the arctic sea cook charted australia and the whole coast of new zealand and brought back detailed descriptions of the natural history of the pacific accounts based on cook s journals were issued at the time but it was not until this century that the original journals were published in beaglehole s definitive edition the journals tells the story of these voyages as cook wanted it to be told radiating the ambition courage and skill which enabled him to carry out an unrivalled series of expeditions in dangerous waters

The Death of Captain Cook 2008

Cook's great voyages marked the end of an era in world history as he sailed into Hawaii in January 1778, he made contact with the last of the human civilizations to grow up independently of the rest of the world but equally for the Polynesians and Melanesians of the Pacific. Cook's arrival in their midst merely marked a further, if disastrous, twist in diverse histories already many centuries old. In this immensely enjoyable and absorbing book, Cook's journeys are reimagined, attempting to leave behind or master our later preoccupations to let us see what Cook and his associates experienced and what the societies he encountered experienced, from the Beothuks of Newfoundland to the Tongans of the Friendly Islands.

The Journals of Captain Cook 2003-09-25

Examines the training and accomplishments of Captain James Cook and reconstructs his explorations and journeys to Hawaii, New Zealand, and Australia.

Discoveries 2018-04-04

This story is a fictional reconstruction of the momentous visit to the island of Hawaii in 1779.

by captain james cook and his company aboard h m s resolution and discovery the natives believed this first white visitor to be lono their long awaited god of agriculture and the harvest realizing the benefits of being thought a god cook did nothing to dispel the misconception although most of his crew thoroughly enjoyed the pleasures offered by the island paradise some men including ship s master william bligh later captain of h m s bounty and the american colonist john ledyard feared and resented the false position taken by their practical captain in the quiet rebellion that followed captain cook a scientist and a man of reason would not be persuaded by the convictions of his religious antagonist who believed the mission doomed to failure because of his blasphemous acts the accuracy of their predictions is left for the reader to decide the story is told by jonathan forrest a midshipman on cook s flagship the resolution through his eyes are shown many scenes of shipboard and island life the thoughts and actions of the ill fated captain and the events leading ultimately to the tragedy which affected the first europeans to visit the hawaiian islands

The Voyages of Captain Cook 1990-01-01

captain james cook loved to sail he loved making maps he was very good at it too and he particularly loved shiny buttons in this charming picture book little ones can celebrate the life of a great mariner and true adventurer join miss batts and her class as they tell the story of captain cook with a humorous and whimsical school play that s sure to engage the very

young we see the class act out the story of cook as a boy watching ships on the horizon sailing to canada then to tahiti and on to new south wales spot the escaping chicken in each of the scenes kids will discover that captain cook was the first european to cross the antarctic circle and they ll also learn that on his final journey he never came home again parents carers and teachers will smile at the familiar set up of the chaotic school play and the inventive props and enjoy eavesdropping on the audience as they interact with the performance at the back of the book walk through cook s gallery and see real life paintings of cook his ship and his travels

The Explorations of Captain James Cook in the Pacific, as Told by Selections of His Own Journals, 1768-1779 *1958*

captain james cook was the greatest explorer of his age perhaps of any age he was a leader of men a master voyager who journeyed to unknown places a seeker of knowledge who commanded three demanding scientific expeditions he and his crews had encounters with peoples of the south seas which could lead to mutual respect and trade but also to misunderstanding and violence even before he died his exploits were widely admired but his death at the hands of hawaiians turned him into a legendary figure a hero of the

enlightenment who was said to have brought civilization to the Pacific while giving up his own life in the process yet despite everything that is known about Cook's life and many adventures the man himself remains shrouded in mystery with this book Dan O'Sullivan seeks to put this right and casts vivid light on Cook's character teasing out his personality from the pages of his own journals as well as an original and illuminating re-examination of Cook's complex character this is also a vivid introduction to his life and times which is essential reading for anyone with an interest in this incomparable sea captain

The Return of Lono 1979-06-01

essays reassess Cook's standing as a leading figure in eighteenth century history exploration and the advancement of science

The Story of Captain Cook 1963

the first ever illustrated account of the explorer and cartographer's epic eighteenth century Pacific voyages complete with excerpts from his journals this is history's greatest adventure story in 1766 the Royal Society chose prodigal mapmaker and navigator James Cook to lead a South Pacific voyage his orders were to chart the path of Venus across the Sun that task completed his ship the HMS Endeavour continued to comb the southern hemisphere for the

imagined continent terra australis the voyage lasted from 1768 to 1771 and upon cook s return to london his journaled accounts of the expedition made him a celebrity after that came two more voyages for cook and his crew followed by cook s murder by natives in hawaii the voyages of captain james cook reveals cook s fascinating story through journal excerpts illustrations photography and supplementary writings during cook s career he logged more than 200 000 miles nearly the distance to the moon and along the way scientists and artists traveling with him documented exotic flora and fauna untouched landscapes indigenous peoples and much more in addition to the south pacific cook s voyages took him to south america antarctica new zealand the pacific coast from california to alaska the arctic circle siberia the east indies and the indian ocean when he set out in 1768 more than one third of the globe was unmapped by the time cook died in 1779 he had created charts so accurate that some were used into the 1990s the voyages of captain james cook is a handsome illustrated edition of cook s selected writings spanning his pacific voyages ending in 1779 with the delivery of his salted scalp and hands to his surviving crewmembers it s an enthralling read for anyone who appreciates history science art and classic adventure

This is Captain Cook 2015-03-01

this edition contains the descriptions of the three voyages of captain cook which resulted in the complete round the world expedition captain and his team were the first europeans to meet the indigenous people of australia and oceania captain cook took a great interest in the locals style of life and customs thus the book doesn t just present an account of one of the most daring sea expeditions in history but also impressions of the first encounter of seamen with the people of unknown worlds and places

In Search of Captain Cook 2008-03-30

here ganathan obeyesekere debunks one of the most enduring myths of imperialism civilization and conquest the notion that the western civilizer is a god to savages using shipboard journals and logs kept by captain james cook and his officers obeyesekere reveals the captain as both the self conscious civilizer and as the person who his mission gone awry becomes a savage himself in this new edition of the apotheosis of captain cook the author addresses in a lengthy afterword marshall sahlins s 1994 book how natives think which was a direct response to this work

The Three Voyages of Captain Cook Round the World *1824*

reproduction of the original the three voyages of captain cook round the world by james cook joseph banks dr hawkesworth

Captain Cook 2004

our feelings could be better conceiv d than describ d wrote james king in february 1779 after unwrapping a bundle handed to him by a hawaiian priest and finding in it a human thigh the thigh of his late commander the renowned captain james cook better conceiv d than describ d is the first full biography of james king the interesting though tragically short lived royal navy officer in the reign of george iii captain james king s adventurous life saw him lay claim to alaska in the name of george iii fight as a frigate captain in the american war of independence and test the marine chronometer that revolutionised navigation starting in the small town of clitheroe in lancashire and taking us to the edges of the then known world on a great voyage of discovery this book shows the development of james king not only as a sailor but also as an astronomer sponsored by the board of longitude while also examining the death of captain cook at the hands of the hawaiians with cameo appearances

from horatio nelson the infamous william bligh society artist sir joshua reynolds diarist fanny burney and statesman edmund burke this is a who s who of georgian society and shows the importance of patronage in the second half of the 18th century better conceiv d than describ d is a must read for anyone interested in captain cook georgian and maritime history

The Voyages of Captain James Cook 2016-11-01

cook s three voyages of discovery which took place between 1768 and 1779 are among the most remarkable achievements in the history of exploration cook charted vast areas of the globe with astonishing accuracy and the voyages also made a significant contribution towards solving some of the great problems of cartography and navigation with crews containing gifted sailors and navigators as well as botanists painters and scientists cook provides the link between the speculative profit hungry voyages of the elizabethan seafarers and the scientific expeditions of the nineteenth and twentieth centuries

The Voyages of Captain Cook Around the World (All 7

Volumes) 2023-11-24

captain james cook frs rn 1728 1779 was an english explorer navigator and cartographer ultimately rising to the rank of captain in the royal navy cook was the first to map newfoundland prior to making three voyages to the pacific ocean during which he achieved the first european contact with the eastern coastline of australia and the hawaiian islands as well as the first recorded circumnavigation of new zealand

examines the life of captain james cook a british explorer and scientist including his early life his many pacific voyages and his death and legacy provided by publisher

The Three Voyages of Captain Cook round the World 2019-09-25

captain james cook 1728 1779 was one of the most influential explorers in history cook sailed thousands of nautical miles across largely uncharted areas of the globe discovering new lands and mapping vast areas of the pacific ocean including the islands of new zealand

and the east coast of terra australis incognita which he named new south wales from humble beginnings in york england cook went on to circumnavigate the globe on three occasions before tragically losing his life in the hawaiian islands aged just 52 his achievements not only included the discoveries of countless islands exotic peoples and previously unknown flora and fauna but they also led to the settlement of australia in 1788 and ultimately changed the world the voyages of captain cook is the story of his thrilling and perilous voyages around the world

Better Conceiv'd Than Describ'd *2012-10-25*

no aspect of the voyages of captain cook have been more controversial than cook s death this book reprints one of the classic accounts of this episode the vivid and lively narrative by one of the voyage surgeons david samwell introductory essays contextualize samwell s contribution within this period of pacific maritime history

The Voyages of Captain Cook *1999*

captain james cook is probably the most famous maritime explorer of all time and with good reason the three voyages of discovery he made between 1768 and his death in 1779 set new standards in navigation surveying and shipboard health among his many achievements he

dispelled the myth of a great southern continent established that new zealand was two islands and discovered and charted the eastern coast of australia to a high degree of accuracy the retinues of gentleman scientists that sailed with him made advances in astronomy botany and zoology and artists such as sydney parkinson alexander buchan and william hodes provided europeans with some of the first images of the exotic peoples flora and fauna of the pacific much has been written about cook but in this format the author anthony cornish is able to structure the book as a question answer session to discuss the 101 most pertinent and interesting questions relating to cook s career and character the objectives and route of each of his voyages and the key events beautifully enhanced with engravings from the published narratives of the voyages artefacts and paintings now held in the national maritime museum greenwich and photographs of the endeavor replica this is an essential companion for any cook enthusiast book jacket

The Story of Captain Cook 2008-11

captain james cook 1728 1779 was one of the most influential explorers in history cook sailed thousands of nautical miles across largely uncharted areas of the globe discovering new lands and mapping vast areas of the pacific ocean including the islands of new zealand and the east coast of terra australis incognita which he named new south wales from humble beginnings in york england cook went on to circumnavigate the globe on three

occasions before tragically losing his life in the hawaiian islands aged just 52 his achievements not only included the discoveries of countless islands exotic peoples and previously unknown flora and fauna but they also led to the settlement of australia in 1788 and ultimately changed the world the voyages of captain cook is the story of his thrilling and perilous voyages around the world
