Risk Conundrums 2021-04-26 in quebec and scotland questions of constitutional change national identity and national grievance play an important role in the electoral calculations of political parties and voters taking a strong stance on the national question can have strategic benefits both for parties pushing for greater autonomy and for those endorsing the status quo in this in depth look at issue voting authors Éric bélanger richard nadeau ailsa henderson and eve hepburn examine how the national question affects political parties and voter behaviour in both substate nations through party manifestos interviews with legislators and opinion survey data this book demonstrates that calls for constitutional change influence political debate competition voter choice and the outcome of elections not only within quebec and scotland but also across canada and the united kingdom minority nationalist parties the authors show can gain support by claiming ownership of issues with widespread public agreement such as self determination and protecting the identity and interests of the nation a comprehensive analysis of recent electoral politics the national question and electoral politics in quebec and scotland greatly enhances our understanding of the electoral impact of substate nationalism

Human Behavior in the Social Environment 1898 fandom has been celebrated both as a harmonious tolerant space and as apolitical and detached from reality yet fandom is neither harmonious nor apolitical throughout the past century fandom has been shaped by recurring controversies and sparked by the emergence of new circles platforms and discourses since the earliest days of science fiction fandom fans have conceived of their communities as quasi political bodies and of themselves as public actors in discursive spaces they are concerned with the organizational structures norms and borders of fandom as well as their own position within it all this latter concern has moved to the forefront as fan practices and platforms have been coopted by the entertainment industry and by political actors forcing fans to situate their fannish and political identities in relation to both sprawling transmedia franchises and right wing groups exploiting fannish formations for political ends through case studies of glee and the hunger games fandoms as well as events such as gamergate racefail 09 and the hugo awards

controversies this book explores the complexities of political fandom
