first published in 2014 with the shift from film to digital a new view of the future of cinematography has emerged today s successful cinematographer must be equal parts artist technician and business person the cinematographer needs to master the arts of lighting composition framing and other aesthetic considerations as well as the technology of digital cameras recorders and workflows and must know

how to choose the right tools within their budget to get the job done  
david stump s digital cinematography focusses primarily on the tools  
and technology of the trade looking at how digital cameras work the  
ramifications of choosing one camera versus another and how those  
choices help creative cinematographers to tell a story this book  
empowers you to both correctly choose the right camera and workflow  
for your project from today s incredibly varied options as well as  
understand the ins and outs of implementing those options stump sheds  
a light on the confusing advantages and disadvantages of shooting  
theatrical features using digital technology and what it can or can t  
do topics covered include detailed coverage of arriflex blackmagic  
canon ikonoskop panasonic panavision phantom red silicon imaging sony  
and weisscam digital motion picture cameras coverage of a wide variety  
of lenses including angenieux canon cooke fujinon hawk leica  
panavision red schneider sony unioptics vantage and zeiss coverage of  
recorders displays and look management tools exposure theory tips  
learn how to correctly expose digital cameras focusing tips learn how  
to focus digital cameras correctly checklists to help design digital  
workflows practical tips on preparation prepare for shooting a digital  
motion picture like a professional camera set up and operation color

management digital intermediates 3d stereo cinematography future trends and much more if you aspire to be a successful cinematographer in this new digital age or if you already are a working cinematographer in need of a resource to help you stay on top of your game this is a must read book
