## **Child Abuse**

1997-03

over the last few decades public opinion has been traumatised by revelations of child abuse on a mass scale it has become the major human rights story of the 21st century in western society this ground breaking book explores the relationship between the media child abuse and shifting adult child power relations which in western countries has spawned an ever expanding range of laws policies and procedures introduced to address the explosion of interest in the issue of child abuse allegations of child sexual abuse by roman catholic clergy in ireland and its cover up by church authorities have given rise to one of the greatest institutional scandals of modern history through in depth analysis of 20 years of media representation of the issue the book draws significant insights on the media s influence and its impact on civil society highly topical and of interest and relevance to lecturers and researchers in the areas of childhood studies sociology of childhood child protection and social work social and public policy and human rights as well as policymakers this book provides an important contribution to the international debate about child abuse as reflected to the public through the power of the media

## **The APSAC Handbook on Child Maltreatment**

2011

no social problem is as universal as the oppression of the child no slave was ever so much the property of his master as the child is of his parent never were the rights of man ever so disregarded as in the case of the child maria montessori in india where even stones and trees are worshipped children are routinely beaten neglected and abused the daily news is rife with stories of abuse and neglect often perpetrated in the name of discipline or protection the nithari case female foeticide instances of child marriage and the sexual abuse of minors the statistics are frightening lakhs of children are robbed of childhood and india is doing little to remedy that while the government now acknowledges education and nutrition as the essential entitlements of children there has been little legislation or initiative to safeguard their most fundamental rights child protection is still nowhere on the nation's radar loveleen kacker distilled several years of research to write this cogent and powerful volume on why child abuse and neglect happens and how it affects children in india she examines physical emotional and sexual abuse as well as neglect and maltreatment especially of the girl child bringing real life instances and case studies together with kacker's own work on the rights of children this is a guide for parents policy makers schoolteachers paediatricians childcare specialists indeed anyone with a stake in the welfare of minors a timely and much needed addition to the literature on child rights childhood betrayed is also a call for change nay a call to arms

## **Understanding Child Abuse and Neglect**

1993-02

child abuse casts a long shadow over the history of childhood across the centuries there are numerous accounts of children being beaten neglected sexually assaulted or even killed by those closest to them this book explores this darker side of childhood history looking at what constituted cruelty towards children in the past and at the social responses towards it focusing primarily on england it is a history of violence against children in their own homes covering a large timeframe which extends from medieval times to the present undeniably the experience of children in the past was often brutal and children

were treated with what seems to contemporary mores callousness and cruelty however historians have paid far less attention to how the mistreatment of children was understood within its contemporary context most parents both now and in the past loved their children and there have always been widely shared understandings of the boundaries that separate the acceptable treatment of children from the intolerable and morally wrong this book will examine how these boundaries have changed and been contested over time and in doing so provides a context to the many forms of violence experienced by children in the past

## **Dark secrets of childhood**

2015-05-06

the causes of child abuse and neglect have been major topics of study since the 1960s but treatment strategies research and legal issues have only received concentrated attention since the 80s the leading figures in these efforts have contributed to this handbook a state of the art compilation of their findings that also includes writings on associated cultural issues youth violence sexual abuse and child development both a text and a reference the volume is uniquely founded on empirical research

## **Photo-documentation in the investigation of child abuse**

2006

discusses how to recognize and deal with different kinds of child abuse including physical abuse sexual abuse and neglect

## **Breaking the Cycle of Child Abuse**

1979

child maltreatment constitutes a social problem that affects all societies of the world a recent study by the world health organisation points out that millions of children suffer some form of maltreatment and require medical and social attention therefore child maltreatment is not a new phenomenon it has been around since the beginning of time child maltreatment is recognized as an important psychopathological risk factor and is associated with poor psychological function in childhood and adolescence and adulthood the aim of this book is to address the issue of child abuse and neglect from a multidimensional perspective the reader will find a selection of internationally recognized works addressing the issue of child maltreatment both from theoretical and applied view

## **The Maltreatment of Children**

1978

child abuse and neglect is as at a minimum any recent act or failure to act on the part of a parent or caretaker which results in death serious physical or emotional harm sexual abuse or exploitation or an act or failure to act which presents an imminent risk of serious harm four major types of maltreatment are usually included neglect physical abuse sexual abuse and emotional abuse although any of the forms of child maltreatment may be found separately they often occur in combination this book presents new and important research in the field

## **Childhood Betrayed**

2015-07-16

how do you intervene in abusive and neglectful families or prevent maltreatment in families at risk how can you find the answers you need in the overwhelming array of information now available on the subject in working with child abuse and neglect author vernon r wiehe helps you focus by evaluating a wealth of references to current published literature and pinpointing the practical applications that put these findings into action condensing the explosion of knowledge about child maltreatment into one provoking yet accessible primer wiehe first offers a historical perspective on child maltreatment and

an assessment of the scope of the problem he also discusses theoretical perspectives for understanding the problem and specific treatment and prevention techniques information on state and national organizations working in the field illustrates not only the size of the problem but also the mobilized efforts to stem child abuse and neglect as well as a balanced introduction working with child abuse and neglect serves as a springboard to important sources of additional knowledge ideal for upper division undergraduates as well as graduate students and anyone in the helping professions who is beginning to work with victimized children working with child abuse and neglect provides a sound assessment of the state of the literature and application in this expanding area of study and practice in addition the handy reference value of this volume will appeal in particular to social workers counseling and clinical psychologists and nurses

## **Familiar Violence**
