The Lighthouse Stevensons 2011-06-28

for centuries the seas around scotland were notorious for shipwrecks mariners only aids were skill luck and single coal fire light on the east coast which was usually extinguished by rain in 1786 the northern lighthouse trust was established with robert stevenson appointed as chief engineer a few years later in this engrossing book bella bathurst reveals that the stevensons not only supervised the construction of the lighthouses under often desperate conditions but also perfected a design of precisely chiseled interlocking granite blocks that would withstand the enormous waves that batter these stone pillars the same stevensons also developed the lamps and lenses of the lights themselves which sent a gleam across the wave and prevented countless ships from being lost at sea while it is the writing of robert louis stevenson that brought fame to the family name this mesmerizing account shows how his extraordinary ancestors changed the shape of the scotland coast against incredible odds and with remarkable technical ingenuity

The Lighthouse Stevensons 2005

this is a personal story about some of the most famous engineers scotland has ever produced and places the lives and work of the world famous stevenson lighthouse engineers in their social and historical context it draws on eye witness accounts from sir walter scott and robert louis stevenson

English Lighthouse Tours, 1801, 1813, 1818 from the Diaries of Robert Stevenson with His Drawings of Lighthouses 1946

a lavishly illustrated history of the iconic bell rock lighthouse which has stood as an industrial wonder of the world since its completion in 1811

English Lighthouse Tours, 1801, 1813, 1818, from the Diaries of Robert Stevenson 1946

on a journey of discovery warren and gerda rovetch both creaky themselves explore the hidden places of great britain s last wilderness the rugged and startling coast of scotland s north west highlands they bring fresh perspectives to the environmental cultural and spiritual dimensions of their experience as their journey moves at an easy pace from village pubs and croft houses to places of untouched natural beauty and solitude celtic history and tradition comes alive as our hosts meander their way along part travelogue part guidebook but all charm and wit this book transports us to another culture where we have much to learn

Account of the Skerryvore Lighthouse 1848

robert louis stevenson s departure from europe in 1887 coincided with a vocational crisis prompted by his father s death impatient with his established identity as a writer stevenson was eager to explore different ways of writing at the same time that living in the pacific stimulated a range of latent intellectual and political interests roslyn jolly examines the crucial period from 1887 to 1894 focusing on the self transformation wrought in stevenson s pacific travel writing and political texts jolly shows how stevenson s desire to understand unfamiliar polynesian and micronesia cultures and to record and intervene in the politics of samoa gave him opportunities to use his legal education pursue his interest in historiography and experiment with anthropology and journalism thus as his geographical and cultural horizons expanded stevenson s professional sphere enlarged as well stretching the category of authorship in which his successes as a novelist had placed him rather than enhancing his stature as a popular writer however stevenson s experiments with new styles and genres and the pacific subject matter of his later works were resisted by his readers jolly s analysis of contemporary responses to stevenson s writing gleaned from an extensive collection of reviews many of which are not readily available provides fascinating insights into the interests obsessions and resistances of victorian readers as stevenson sought to escape the vocational straightjacket that confined him his readers just as strenuously expressed their loyalty to outmoded images of stevenson the author and their distrust of the new guises in which he presented himself

Dynasty of Engineers 2011

this 1931 book is comprised of extracts from an account of the bell rock lighthouse 1824 by robert stevenson 1772 1850 a renowned scottish civil engineer who specialised in the design and construction of lighthouses a highly readable book that will be of value to anyone with an interest in civil engineering

Smut and the Lighthouse 2023-09-07

robert louis stevenson writer of boundaries reinstates stevenson at the center of critical debate and demonstrates the sophistication of his writings and the present relevance of his kaleidoscopic achievements while most young readers know robert louis stevenson 1850 1894 as the author of treasure island few people outside of academia are aware of the breadth of his literary output the contributors to robert louis stevenson writer of boundaries look with varied critical approaches at the whole range of his literary production and unite to confer scholarly legitimacy on this enormously influential writer who has been neglected by critics as the editors point out in their introduction stevenson reinvented the personal essay and the walking tour essay in texts of ironic stylistic brilliance that broke completely with victorian moralism his first full length work of fiction treasure island provocatively combined a popular genre subverting its imperialist ideology with a self conscious literary approach stevenson one of scotland s most prolific writers was very effectively excluded from the canon by his twentieth century successors and rejected by anglo american modernist writers and critics for his play with popular genres and for his non serious metaliterary brilliance while stevenson s critical recognition has been slowly increasing there have been far fewer published single volume studies of his works than those of his contemporaries henry james and joseph conrad

Scottish and Manx Lighthouses 2015-12

from the bestselling author of the lighthouse stevensons a gripping history of the drama and danger of wrecking since the 18th century and the often grisly ingenuity of british wreckers scavengers of the sea

Life of Robert Stevenson, Civil Engineer ... 1878

so what have the scots ever done for the world then well most people will know about john logie baird inventor of television alexander graham bell the telephone and alexander Fleming penicillin but what about alexander cummings from edinburgh it would be hard to imagine getting through the day without using his invention the flushing toilet or how about william cullen from glasgow there would be a lot of sour milk and warm beer without the first man to demonstrate artificial refrigeration and then there s alexander bain from caithness can anyone really imagine a world without his invention the fax machine the list goes on and on janet keillor from dundee marmalade james clerk maxwell from edinburgh radio waves john reith from stonehaven the bbc james black from uddingston beta blockers james bowman lindsay from angus light bulbs james goodfellow from paisley the atm dugald clerk from glasgow the two stroke engine alexander mcrae from the kyle of lochalsh speedos james blyth from kincardineshire the first electricity producing wind turbine caledonia dreaming tells the often frankly unbelievable stories behind these discoveries and looks at how they along with the writers

philosophers philanthropists and bankers of scotland have left their unique indelible mark on the modern world

A Rudimentary Treatise on the History, Construction, and Illumination of Lighthouses 1850

in this classic work alan stevenson surveys the history and technology of lighthouse construction from the earliest towers built by the ancient greeks and romans to the latest innovations in optics and signaling stevenson himself was a celebrated lighthouse builder responsible for several key structures in the british isles and his detailed technical knowledge is evident throughout the book a rudimentary treatise is an indispensable resource for historians engineers and anyone interested in the history of navigation and maritime safety this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Health Biographies of Alexander Leeper, Robert Louis Stevenson & Fanny Stevenson 2018-06-15

records of a family of engineers is a story of the robert louis stevenson s family and their accomplishments in the area of lighthouse engineering focused on the author s grandfather robert stevenson 1772 1850 who was a scottish civil engineer and famed designer and builder of lighthouses the author traces the history and the name of the stevenson family from the thirteenth century onwards and discusses his ancestors through to robert stevenson in the second and the third chapter robert louis stevenson thoroughly describes his grandfather s involvement with the northern lighthouse board where robert stevenson served as engineer for nearly fifty years until 1842 during which time he designed and oversaw the construction and later improvement of numerous lighthouses including the bell rock lighthouse which is one of his most famous works

Bell Rock Lighthouse 2002-10-01

more than most writers robert louis stevenson requires a literary life fascination with stevenson s life the stevenson biography is almost a minor genre has tended to eclipse his literary achievement this study focuses on stevenson s writing practice within the different geographical cultural and political contexts that shaped it from scotland to the south seas following stevenson s own views on biography the book is not structured primarily in terms of chronology but is more a kind of literary geography than traditional literary history

Creaky Traveler in the North West Highlands of Scotland 2016-12-05

an entertaining historical investigation into the scavengers who have profited off the spoils of maritime disasters the washington post even today britain s coastline remains a dangerous place it is an island soaked by four separate seas with shifting sand banks to the east veiled reefs to the west powerful currents above and the world s busiest shipping channel below the country s offshore waters are strewn with shipwrecks and for villagers scratching out an existence along britain s shores those wrecks have been more than simply an act of god in many cases they have been the difference between living well and just getting by though daphne du maurier and poldark have made cornwall famous as britain s most notorious region for wrecking many other coastal communities regarded the sea s bounty as a way of providing themselves with everything from grapefruits to grand pianos some plunderers were held to be so skilled that they could strip a ship from stem to stern before the coast guard had even left port some were rumored to lure ships onto the rocks with false lights and some simply waited for winter gales to do their work this book uncovers tales of ships and shipwreck victims from shoreline orgies so dionysian that few participants survived the morning to humble homes fitted with silver candelabra from coastlines rigged like stage sets to villages where everyone owns identical tennis shoes spanning three hundred years of history the wreckers examines the myths realities and superstitions of shipwrecks and uncovers the darker side of life on britain s shores bathurst who won a somerset maugham award for the lighthouse stevenson s offers a spellbinding tale of seafaring men their ships and the ocean that cares for neither publishers weekly a fascinating haunting account of pillagers plunderers and pirates john burnett author of dangerous waters modern piracy and terror on the high seas

Robert Louis Stevenson in the Pacific 2004

jim s life was pretty ordinary until the day a dying pirate left him with a treasure map now he s thrust into a world of high seas adventure and intrigue with a gruff captain and a naive aristocrat on one side and a mutinous crew of undercover pirates on the other led by the slippery long john silver directors will want all hands on deck for this faithful adaptation of robert louis stevenson s classic as it is packed with great roles of all sizes

Robert Stevenson's Account of the Building of the Bell Rock Lighthouse 2013-01-17

in much of the western world wherever there are seacoasts lighthouses exert a perennial fascination for people in spite of the fact that modern technology has taken away the human element in operating them

The Craftsman Series: The Bell Rock Lighthouse 2006-04-04

at last a complete new edition of the poetry of robert louis stevenson during his lifetime stevenson published a child s garden of verses 1885 penny whistles underwoods 1887 and ballads 1890 there were also various private press adventures in poetry with his stepson lloyd osbourne and the posthumous songs of travel 1895 and new poems 1918 this new edition contains these collections and also some of stevenson s printed and manuscript poems that have never been published in any collection the edition also identifies and restores various poems assembled by stevenson in his notebooks many of which were mutilated by members of the boston bibliophile society the editor roger lewis has carefully studied stevenson s manuscripts and letters identifying many variants in individual poems and in orders of his collections as well as in the editorial procedures of a succession of rls s literary associates who claimed to be fulfilling his intentions or acting on his authority the ordering of this edition will follow stevenson s own final arrangement over unauthorised editorial rearrangements or strict considerations of chronology complete and accurate dates of composition and publication of individual poems and of collections are given wherever possible appendices include bibliographical description and location for manuscript and printed sources of all poems in the edition poems in process how stevenson sketched and revised during composition notebooks bibliographical history and significance chronology and ordonnance of poetic units there are also explanatory and textual notes scots poems are glossed and annotated using the concise scots dictionary and web resources of the snda a substantial introduction covers the publishing histories of individual volumes and literary influences placing emphasis on stevenson as a scottish poet and arguing for his best verse to be considered

Robert Louis Stevenson 2010-01-07

cruising with robert louis stevenson travel narrative and the colonial body is the first book length study about the influence of travel on robert louis stevenson s writings both fiction and nonfiction within the contexts of late victorian imperialism and ethnographic discourse the book offers original close readings of individual works by stevenson while bringing new theoretical insights to bear on the relationship between travel authorship and gender identity oliver s buckton develops cruising as a critical term linking stevenson s leisurely mode of travel with the striking narrative motifs of disruption and fragmentation that characterize his writings buckton follows stevenson s career from his early travel books to show how stevenson s major works of fiction such as treasure island kidnapped and the ebb tide derive from the innovative techniques and materials stevenson acquired on his global travels exploring stevenson s pivotal role in the revival of romance in the late nineteenth century cruising with robert louis stevenson highlights stevenson s treatment of the human body as part of his resistance to realism arguing that the energies and desires released by travel are often routed through resistant or comic corporeal figures buckton also focuses on stevenson s writing about the south seas arguing that his groundbreaking critiques of european colonialism are formed in awareness of the fragility and desirability of polynesian bodies and landscapes cruising with robert louis stevenson will be indispensable to all admirers of stevenson as well as of great interest to readers of travel writing victorian ethnography gender studies and literary criticism

The Wreckers: A Story of Killing Seas, False Lights and Plundered Ships 2012-03-01

describes the life of the man who wrote kidnapped treasure island and a child s garden of verses

Caledonia Dreaming 2023-07-18

combine matters of biography science engineering technology art history economics and politics seemingly effortlessly and definitely seamlessly an excellent book and a joy to read henry petroski wall street journal augustin fresnel 1788 1827 shocked the scientific elite with his unique understanding of the physics of light the lens he invented was a brilliant feat of engineering that made lighthouses blaze many times brighter farther and more efficiently battling the establishment his own poor health and the limited technology of the time fresnel was able to achieve his goal of illuminating the entire french coast at first the british sought to outdo the new fresnel equipped lighthouses as a matter of national pride americans too resisted abandoning their primitive lamps but the superiority of the fresnel lens could not be denied for long soon from dunkirk to saigon shores were brightened with it the fresnel legacy played an important role in geopolitical events including the american civil war no sooner were fresnel lenses finally installed along u s shores than they were drafted the union blockaded the confederate coast the confederacy set about thwarting it by dismantling and hiding or destroying the powerful new lights levitt s scientific and historical account rich in anecdote and personality brings to life the fascinating untold story of augustin fresnel and his powerful invention

A Rudimentary Treatise on the History, Construction, and Illumination of Lighthouses 2020-05-15

in his travel narrative travels with a donkey in the cevennes 1879 robert louis stevenson declares i travel not to go anywhere but to go i travel for travel s sake the great affair is to move taking up the concepts of time place and memory the contributors to this collection explore in what ways the dynamic view of life suggested by this quotation permeates stevenson s work the essays adopt a wide variety of critical approaches including post colonial theory post structuralism new historicism art history and philosophy making use of the vast array of literary materials that stevenson left across a global journey that began in scotland in 1850 and ended in samoa in 1894 these range from travel journals letters and classic literary staples such as treasure island and the strange case of dr jekyll and mr hyde to rarely read masterpieces such as the master of ballantrae or the ebb tide while much recent scholarship on stevenson foregrounds geography the present volume also examines the theme of movement across memory time and generic boundaries taken together the essays offer a view of stevenson that demonstrates how the protean nature of his literary output reflects the radical developments in science technology and culture that characterized the age in which he lived

Records of a Family of Engineers 2011

maps fascinate us they chart our understanding of the world and they log our progress but above all they tell our stories from the early sketches of philosophers and explorers through to google maps and beyond simon garfield examines how maps both relate and realign our history with a historical sweep ranging from ptolemy to twitter garfield explores the legendary impassable and non existent mountains of kong the role of cartography in combatting cholera the 17th century dutch craze for atlases the norse discovery of america how a venetian monk mapped the world from his cell and the muppets knack of instant map travel along the way are pocket maps of dragons mars murders and more with plenty of illustrations and prints to signpost the route from the bestselling and widely adored author of just my type on the map is a witty and irrepressible examination of where we ve been how we got there and where we re going
