Comparative Stylistics of Welsh and English **2018-07-15**

the comparative analysis of welsh and english found in this book is based on a translation corpus consisting of just over thirty novels and autobiographies from the late nineteenth century up to the early twenty first century many of the original welsh texts contain stylistic features which in a context of intense bilingualism with english benefit from the deliberate discussion and analysis in this volume however the work is intentionally descriptive rather than prescriptive laying out patterns that are observed in the corpus and making them available to welsh writers and translators to adopt if or as required as similarly the classic work in the field by vinay and darbelnet this book examines its topics through the lens of translation techniques such as transposition modulation and adaptation

Dictionary Of British And Irish Botanists And Horticulturalists Including plant collectors, flower painters and garden designers 2002-09-11

an exhaustive treatment of all british and irish botanists through 1976

Dictionary Of British And Irish Botanists And Horticulturalists Including plant collectors, flower painters and garden designers 1994-02-25

over the past four centuries botanists and gardeners in the british isles have gathered maintained and propagated many varying species of plants their work has been documented in innumerable books and articles which are often difficult to trace the dictionary of british and irish botanists and horticulturalists represents a time saving reference source for those who wish to discover more about the lives and achievements of the horticulturalists listed the dictionary s utility comes not only from indicating the major publications of the named authors but also the location of their herbaria and manuscripts the previous 1977 edition of the dictionary has for many years been a much used source of information for botanists botanic artists and archivists in this revised edition the scope has been expanded to include among its 13 000 entries flower painters in addition to botanical artists over 1400 entries and for the first time garden designers finally the dictionary should have international appeal since so many botanists and gardeners worked on collective plants overseas in particular in north america and the british commonwealth each entry gives wherever possible details of dates and places of birth and death educational qualifications professional posts honours and awards publications location of plant collections manuscripts drawings and portraits its main function however is to provide further biographical references to books and periodicals comprehensive classified indices facilitate access by professions and activities countries and plant interests
