a commentary on the of exodus

of wanderlust reflects on the comforts of home personal warm and lovely a charming read the book feels like a warm conversation with your most thoughtful curious friend garden gun longlisted for the pen diamonstein spielvogel award veranda book club pick where you are is who you are though frances mayes is known for her travels she has always sought a sense of home wherever she goes in this poetic testament to the power of place in our lives mayes reflects on the idea of home from the earliest imprint of four walls to the startling discoveries of feeling the strange ease of homes abroad friends homes and even momentary homes that spark desires for other lives from her travels across italy to the american south france and mexico mayes examines the connective tissue among them through the homes she s inhabited a place in the world explores mayes s passion for and obsession with houses and the objects that inhabit them books rich food gardens beloved friends and transportive art the indelible marks that each refuge has left on her and how each home influenced the next serve as the foundations of the book s chapters written in mayes s signature intimate style a place in the world captures the adventure of moving on while seeking comfort in the cornerstone closest to all of us home

The Oxford Companion to Sugar and Sweets

2008

this interdisciplinary study focuses upon two conflicts within early christianity and demonstrates how these conflicts were radically transformed by the greco roman rhetorical and compositional practice of mimesis the primary means by which greco roman students were taught to read write speak and analyze literary works the first conflict is the controversy surrounding jesus s relationship with his family his mother and brothers and the closely related issue concerning his alleged illegitimate birth that is arguably evident in the gospel of mark and then the author of matthew s and the author of luke s recasting of this controversy via mimetic rhetorical and compositional strategies i demonstrate that the author of our canonical luke knew vehemently disagreed with used and mimetically transformed matthew s infancy narrative matt 1 2 in crafting his own the second controversy is the author of acts imitative transformation of the petrine pauline controversy that in acts 7 58 15 30 the author knew disagreed with used and mimetically transformed gal 1 2 via compositional strategies similar to how he transformed matthew s birth narrative and recast the intense controversy between the two pillars of earliest christianity peter and paul into a unity and harmony that historically never existed

1862

bad books reconstructs how the eighteenth century french author nicolas edme r tif de la bretonne and his writings were at the forefront of the development of modern conceptions of sexuality and pornography although certain details are well known for example that r tif s 1769 treatise on prostitution le pornographe is the work from which the term pornography is derived or that he was an avid foot and shoe fetishist much of this story has been obscured and even forgotten including how the author actively worked to define the category of obscenity and the modern pornographic genre and how he coined the psycho sexual term fetish and played a central role in the formation of

theories of sexual fetishism in the late nineteenth and early twentieth centuries thus this book is also about literary history and how it is written it explores how r tif perceived as a bad author in both senses of the term and his contributions were glossed over or condemned such that the originality of his texts has still not been fully established placing r tif s novels and short stories in dialogue with his autobiographical writings as well as with contemporary and modern critical commentaries the various chapters of the book examine the author s repeated testing of the limits of censorship to define and redefine the boundaries of obscenity his advancement of the modern form and definition of pornography through a focus on intimacy and female pleasure his detailed narrative explorations of foot and shoe fetichisms that were later appropriated by the sexologists and his development of theories of eugenics and reproduction in his utopian science fiction the history of r tif s texts and their reception reveals an evolution in the criteria of what is considered to be good or worthy literature a category once defined purely on moral grounds that is increasingly seen in cultural terms bad books corroborates the recent resurgence of interest in the author by showing the import of his texts which not only designate a number of firsts in the histories of sexuality and pornography but which also illuminate some of the defining moments in the history of french literary studies

Historical Sketches and Reviews

1998-01-01

they stand as unselfconscious as if the photograph were being taken at a church picnic and not during one of the pitched battles of the civil rights struggle none of them knows that the image will appear in life magazine or that it will become an icon of its era the year is 1962 and these seven white mississippi lawmen have gathered to stop james meredith from integrating the university of mississippi one of them is swinging a billy club more than thirty years later award winning journalist and author paul hendrickson sets out to discover who these men were what happened to them after the photograph was taken and how racist attitudes shaped the way they lived their lives but his ultimate focus is on their children and grandchildren and how the prejudice bequeathed by the fathers was transformed or remained untouched in the sons sons of mississippi is a scalding yet redemptive work of social history a book of eloquence and subtly that tracks the movement of racism across three generations and bears witness to its ravages among both black and white americans
