Van Helsing's Guide to the Unquiet Dead 2016-12-13 publisher's note
products purchased from third party sellers are not guaranteed by the publisher
for quality authenticity or access to any online entitlements included with the
product the 1 guide to behavioral issues in medicine delivering thorough
practical discussion of the full scope of the physician patient relationship this is
an extraordinarily thorough useful book it manages to summarize numerous
topics many of which are not a part of a traditional medical curriculum in
concise relevant chapters doody's review service 5 stars reviewing an earlier
edition the goal of behavioral medicine is to help practitioners and students
understand the interplay between psychological physical social and cultural
issues of patients within its pages readers will find real world coverage of
behavioral and interactional issues that occur between provider and patient in
everyday clinical practice readers will learn how to deliver bad news how to
conduct an effective patient interview how to care for patients at the end of life
how to clinically manage common mental and behavioral issues in medical
patients the principles of medical professionalism motivating behavior change
and much more as the leading text on the subject this trusted classic delivers
the most definitive practical overview of the behavioral clinical and social
contexts of the physician patient relationship the book is case based to reinforce
learning through real world examples focusing on issues that commonly arise in
everyday medical practice and training one of the significant elements of
behavioral medicine is the recognition that the wellbeing of physicians and other
health professionals is critically important to caring for patients
