Modelling Accelerated Proficiency in Organisations 2021-08-02

this book presents a research thesis of a large scale study conducted with over 50 large organizations in 7 countries with 80 business leaders to understand how businesses speed up the proficiency of their employees to meet business challenges the book describes a start to end research study that explored the concept of accelerated proficiency of employees in organizations the book is organized into five chapters the book introduces the concept of accelerated proficiency in a business context in light of reviews of four decades of classic studies the research methodology to identify sources recruit participants and the mechanism to collect as well as analyze data have been explained in detail the book reveals six business practices implemented by organizations across the board that seem to make a major impact in shortening the time to proficiency of employees important observations and findings have been discussed as implications in regards to how organizations orchestrated six business practices as an input output feedback system to reduce the time to proficiency of the workforce the book briefly explains how these six practices were implemented through a set of twenty four strategies in various contexts the concepts and findings discussed in this book contribute significantly to the body of knowledge on accelerated proficiency in particular the conceptual model and the framework developed in this study can be implemented across a range of contexts business sectors job types and settings to reduce the time to proficiency of the workforce

Creativity and Marketing 2009-06-09

creativity and marketing the fuel for success presents a diverse collection of theoretical analysis real world evidence and case study applications to synthesize emerging studies on how creativity is important for marketing success

Research Skills for Social Work 2023-08-18

research skills are central to successfully completing the social work degree this title will help students develop those skills and apply them to all aspects of their work detailed information is included on a variety of research methods such as focus groups literature reviews questionnaires and interviews which are fundamental to students research projects packed with useful practical examples it provides plenty of opportunity for critical examination of research methods and their outcomes

The Craft of Business Research 2021-02-05

embark on a transformative voyage of research discovery through the pages of this comprehensive guidebook unveil the latent prowess of a successful corporate researcher within you as you traverse a meticulously outlined showcase of the entire business research process tailored with precision for business leaders who may find themselves lacking extensive research backgrounds or formal training in research methodologies this book serves as an all encompassing compass to equip you with the essential tools and techniques required to conduct impactful practice oriented corporate research that addresses the most pressing issues faced by organizations perfectly suited for professionals practitioners and corporate managers embarking on the journey of corporate research or pursuing advanced doctoral level programs this book stands as your definitive resource a roadmap that unravels a systematic research process in a manner that is both accessible and implementable rooted deeply in the qualitative domain this guidebook delves into a comprehensive exploration of strategies and principles each meticulously demonstrated through a comprehensive organizational research study that serves as the backbone of the narrative rich with real world full scale examples every chapter guides you through the intricacies from the initial stages of selecting a pertinent research topic and crafting a research blueprint to skillfully gathering high quality data and conducting profound analysis empower yourself with invaluable insights to deftly position your own research within the most suitable paradigm forge connections with participants construct and present models rigorously test outcomes and delve into so much more all of this under the expert guidance of an award winning accelerated learning scientist and a seasoned business leader ensuring you re in capable hands as you navigate the research landscape catering to a diverse audience ranging from practitioners managers executives scholars students professors teachers and researchers this book is an indispensable companion with a shared goal of advancing their understanding of research excellence whether you re a practitioner yearning to enhance your decision making acumen a manager driven to infuse innovation into your organization or a scholar on an unrelenting quest for academic distinction this indispensable guide will serve as your steadfast companion propelling your research endeavors to unprecedented heights

Research Anthology on Securing Mobile Technologies and Applications 2019-07-10

mobile technologies have become a staple in society for their accessibility and diverse range of applications that are continually growing and advancing users are increasingly using these devices for activities beyond simple communication including gaming and e commerce and to access confidential information including banking accounts and medical records while mobile devices are being so widely used and accepted in daily life and subsequently housing more and more personal data it is evident that the security of these devices is paramount as mobile applications now create easy access to personal information they can incorporate location tracking services and data collection can happen discreetly behind the scenes hence there needs to be more security and privacy measures enacted to ensure that mobile technologies can be used safely advancements in trust and privacy defensive strategies and steps for securing the device are important foci as mobile technologies are highly popular and rapidly developing the research anthology on securing mobile technologies and applications discusses the strategies methods and technologies being employed for security amongst mobile devices and applications this comprehensive book explores the security support that needs to be required on mobile devices to avoid application damage hacking security breaches and attacks or unauthorized accesses to personal data the chapters cover the latest technologies that are being used such as cryptography verification systems security policies and contracts and general network security procedures along with a look into cybercrime and forensics this book is essential for software engineers app developers computer scientists security and it professionals practitioners stakeholders researchers academicians and students interested in how mobile technologies and applications are implementing security protocols and tactics amongst devices

Changing Age and Career Concepts in the Austrian Banking Industry 2019-10-31

demographic change is affecting societies and organizations alike although ageing is relevant to all there is still a tendency for more negative stereotypes to be attributed to

older individuals while positive stereotypes are mainly associated with younger individuals further there are indications of gendered ageism showing that age prejudices are more likely to affect women this book argues that through holistic measures human resources management is of fundamental importance to an age friendly and non age discriminatory culture it can be assumed that awareness raising on age issues also takes into account the gender issue drawing on qualitative interviews with employees in the austrian banking industry and using an analytical framework the author provides suggestions and implications for organizations to address this situation

Inquiry and Research Skills for Language Teachers 2020-12-11

this book equips pre service language teachers with research and inquiry skills which they can use in the course of their classroom teaching research is presented not as an additional burden in teachers busy lives but as an integrated tool for satisfying their curiosity developing an investigative stance and strengthening the links between theory and practice over the course of the book the authors introduce and encourage the use of pedagogically exploitable pedagogic research activities pepras to develop a deeper understanding of pedagogic issues in an engaging supportive and collaborative way this book will be of interest to students and instructors on tesol and related courses as well as practitioners working in the teacher training sector

Global Business Expansion: Concepts, Methodologies, Tools, and Applications 2017-05-31

this book represents the first systematic qualitative analysis of a new type of collective anti corruption initiatives the author describes how companies can take responsibility in the fight against corruption and which six success factors play an important role in this difficult endeavor despite great international efforts throughout the last two decades corruption has not significantly decreased on a global level in light of globalization private actors increasingly cooperate in the fight against corruption in the context of sector specific coordinated governance initiatives in this study this new collective approach is examined in view of its potential to curb corruption

Fighting Corruption Collectively 2018-06-18

this book is open access under a cc by 4 0 license this book brings together contributions by researchers scholars policy makers practitioners professionals and citizens who have an interest in or experience of indigenous pathways and transitions into higher education university is not for everyone but a university should be for everyone to a certain extent the choice not to participate in higher education should be respected given that there are other avenues and reasons to participate in education and employment that are culturally socially and or economically important for society those who choose to pursue higher education should do so knowing that there are multiple pathways into higher education and once there appropriate support is provided for a successful transition the book outlines the issues of social inclusion and equity in higher education and the contributions draw on real world experiences to reflect the different approaches and strategies currently being adopted focusing on research program design program evaluation policy initiatives and experiential narrative accounts the book critically discusses issues concerning widening participation

Indigenous Pathways, Transitions and Participation in Higher Education 2020-04-15

this edited collection provides an original and comprehensive take on retail crime and its prevention by combining international data and multidisciplinary perspectives from criminologists economists geographers police officers and other experts drawing on environmental criminology theory and situational crime prevention it focusses on crime and safety in retail environments but also the interplay between individuals products and settings such as stores commercial streets and shopping malls as well as the wider context of situational conditions of the supply chain in which crime occurs chapters offer state of the art research on retail crime from a range of countries such as australia brazil israel italy sweden the uk and the usa this methodological and well researched study is devoted to both academics and practitioners from a variety of disciplines and

backgrounds whose common interest is to prevent retail crime and overall retail loss the chapters crime in a scandinavian shopping centre and perceived safety in a shopping centre are published open access under a cc by 4 0 license at link springer com

Retail Crime 2023-12-20

this book makes valuable theoretical empirical and methodological contributions to the study of overseas doctoral students cross cultural adaptation focusing on australia one of the top three destinations for chinese students this book seeks to understand how chinese doctoral students perceive their lived experience of adapting to the academic and research environment at australian universities the book presents an innovative data collection chiefly based on interviews it probes into chinese doctoral students emic perception of their cross cultural adaptation from a human development perspective and in three main phrases how motivated and prepared they are for their overseas stay planning how they experience their adaptation as active agents implementing and how they evaluate their overseas doctoral journey after the fact reflecting empirically speaking its findings can help bolster the effectiveness of cross cultural adaptation and that of the internationalisation of doctoral education methodologically speaking it combines popular techniques and underused instruments such as graphics and maps to offer an in depth portrait of the issue given its content the book is primarily intended for researchers in cultural studies and practitioners in international education or in a broader sense for anyone who has a keen interest in how individuals navigate the learning trajectory and construe meanings in unfamiliar academic and socio cultural settings though the book focuses on australia as a case study its findings are equally applicable to other contexts

The Eastern Train on the Western Track 2020-07-15

global perspectives on leadership in early childhood education aims to improve leadership and management in early childhood education and care ecec settings through research evidence written for a wide audience including the academic community policymakers practitioners teachers directors and professionals the book provides knowledge and tools to enhance the ecec sector divided into three thematic sections the book examines the theory of leadership in ecec strategies for improving professional development and the governance and policies related to ecec leadership worldwide in its 16 chapters that blend theoretical and practical perspectives the book addresses diverse topics such as pedagogical leadership in different countries peer mentoring and the utilization of digital technology in early childhood education the volume draws upon collaboration through the international leadership research forum in early childhood ilrf ec and encompasses contributions from across the world from south africa to norway australia finland and beyond by incorporating different contexts and viewpoints global perspectives on leadership in early childhood education makes a significant and timely contribution to the field of education

Global Perspectives on Leadership in Early Childhood Education 2020-09-18

the open access version of this book available at taylorfrancis com books 9780429352775 has been made available under a creative commons attribution non commercial no derivatives 4 0 license no city environment reflects the meaning of urban life better than a public place a public place whatever its nature a park a mall a train platform or a street corner is where people pass by meet each other and at times become a victim of crime with this book we submit that crime and safety in public places are not issues that can be easily dealt with within the boundaries of a single discipline the book aims to illustrate the complexity of patterns of crime and fear in public places with examples of studies on these topics contextualized in different cities and countries around the world this is achieved by tackling five cross cutting themes the nature of the city s environment as a backdrop for crime and fear the dynamics of individuals daily routines and their transit safety the safety perceptions experienced by those who are most in fear in public places the metrics of crime and fear and finally examples of current practices in promoting safety all these original chapters contribute to our quest for safer more inclusive resilient equitable and sustainable cities and human settlements aligned to the global 2030 agenda for sustainable development

Crime and Fear in Public Places 2020-05-21

because of the subprime mortgage crisis in 2008 the challenges of securing necessary external capital have become more significant for young ventures in this realm equity crowdfunding has evolved into the most promising financing alternative for entrepreneurs and received worldwide attention by focusing on three subsequent research

questions this book aims to contribute to the ongoing scientific discussion of equity crowdfunding first it reveals fruitful future research avenues by providing a systematic overview of the development of equity crowdfunding research second it sheds light on the so far less explored investor perspective and analyzes the decision making process of equity crowdfunding investors third based on a multi method approach the questions of how equity crowdfunding investors evaluate radically innovative ventures and how radically innovative ventures can establish venture legitimacy are explored

Equity Crowdfunding

this volume specifically examines current concerns about imprisoned fathers and highlights best practices with a group of children and parents who present significant vulnerabilities it brings together contemporary works in this area to share and consolidate knowledge to encourage comparisons and collaborations across jurisdictions and to stimulate debate all with the aim of furthering knowledge and improving practice in this area although there is considerable focus on imprisoned mothers there is limited knowledge or understanding of the needs experiences or effective responses to imprisoned fathers and their children despite men making up the vast majority of the prison population the ongoing and negative impact of parental incarceration on children is well documented and includes emotional and behavioural consequences marginalisation and stigma as well as financial and social stresses however understanding of these processes and importantly what can assist children and families is poor this book seeks to add to the understanding of paternal imprisonment by providing an in depth exploration of how the arrest detention and experiences of fathers during imprisonment can affect their ability to parent and meet the needs of their children this book was originally published as a special issue of child care in practice
