most believers know that the bible says for we wrestle not against flesh and blood but if we say that we know this then why are there so many believers made of flesh and blood blaming resenting and fighting one another maybe it s because we are not realizing enough that those negative thoughts and feelings do not come just from us but from living beings that are unseen we are not realizing enough that unholy thoughts feelings desires and reasons did not originate from us or from what is said to be our sinful nature just as holiness does not originate from us if our holi ness comes from the holyspirit would our un holiness not also come from un holyspirits i submit that we do not understand enough the sin that dwells in the flesh it is alive and does what we do not want to do unless we recognize the real spiritualenemies behind the flesh miguel demelli is a spirit filled believer who also embraces the hebraic roots of the messiah and the whole house of israel ezechie 37 15 28 he s been searching for the keys to victory for 15 years and just when he thought he was defeated forever these simple truths were clarified to him and transformed his walk forever his desire is to see true unity and victory in the body but as he found out for himself this cannot happen as long as there is so much hidden unrecognized enemy activity in and through us operating against ourselves and then against one another resulting in much strife and even diseases he presently splits his time as a translator in his local congregation as spanish outreach coordinator translator for the messianic israel alliance in the us and mexico as an associate with wholeness ministries and with other personal ministry and translation opportunities he currently resides in orlando florida cover illustration by rosemary burke c 2009

### Homilies on the Gospel According to S. John

1880

James Stonewall is an elite assassin for the Under Realm Syndicate, an expert hunter and merciless killer. As a former pirate, he thrives on danger; the more perilous the mission, the better. He can't resist his newest contract: eliminate a rebel shape-shifting magic thief that stalks the border of the Under Realm, kidnapping and murdering innocent others. But never did the centuries-old vampire anticipate playing hero to a mythical temptress with luscious curves, tantalizing lips, and hypnotic eyes. Captured and held prisoner, Katya Moro was trapped in a seemingly endless loop of unimaginable agony as her magic was slowly being torn from her soul. A gasp away from death, she is rescued by a sinful kiss and awakens in the strong arms of a powerful warrior whose roguish smile, sharp fangs, and intense strength unlock dormant instincts within her: an all-consuming madness that demands complete surrender. Gazing down at her, James knew he had to kill her. Dark magic wielders like the beautiful female he'd found were a grave threat to human society and were not permitted to roam the mortal world. But Katya's smoky voice and sweet kisses stir a fierce hunger inside him. She is unpredictable, uncontrollable, and wickedly seductive—his perfect kind of dangerous. To keep her safe, James will protect her from the magic thieves that hunt her and his fellow assassins until he can find a way to return Katya to her home in the Under Realm. Can Katya's passion conquer the darkness within his soul?

### WINNING IN THE BATTLES OF LIFE

2014-09-05

Everything in existence functions because of laws of nature. Knowledge of those laws is what allows us to accomplish anything in life. Our spiritual and religious life is no different. Spiritual awakening is also managed by laws in nature. On every level of existence, there are basic facts that manage creation, development, decay, and death. Our consciousness or soul is no exception to these facts, and by knowing about them, we can achieve our complete development as a human being. Samael Aun Weor explains the fundamental laws and energies that we need to consciously harness in order to reach our full potential. These are the same energies that fuel the creation of any organism, from the smallest atom to the most expansive universe. The human being is called to be a radiant king or queen of nature, but to arrive at that level, one must know how.
