buddhism is in many ways a visual tradition with its well known practices of visualization its visual arts its epistemological writings that discuss the act of seeing and its literature filled with images and metaphors of light some buddhist traditions are also visionary advocating practices by which meditators seek visions that arise before their eyes naked seeing investigates such practices in the context of two major esoteric traditions the wheel of time kalacakra and the

great perfection dzogchen both of these experimented with sensory deprivation and developed yogas involving long periods of dwelling in dark rooms or gazing at the open sky these produced unusual experiences of seeing which were used to pursue some of the classic buddhist questions about appearances emptiness and the nature of reality along the way these practices gave rise to provocative ideas and suggested that rather than being apprehended through internal insight religious truths might also be seen in the exterior world realized through the gateway of the eyes christopher hatchell presents the intellectual and literary histories of these practices and also explores the meditative techniques and physiology that underlie their distinctive visionary experiences the book also offers for the first time complete english translations of three major tibetan texts on visionary practice a kalacakra treatise by yumo mikyo dorjé the lamp illuminating emptiness a nyingma great perfection work called the tantra of the blazing lamps and a bön great perfection work called advice on the six lamps along with a detailed commentary on this by drugom gyalwa yungdrung

Naked Seeing 2014

in this examination of zion theology and how it arises in the book of psalms antti laato s starting point is that the hebrew bible is the product of the exilic and postexilic times which nonetheless contains older traditions that have played a significant role in the development of the text laato seeks out these older mythical traditions related to zion using a comparative methodology and looking at biblical traditions alongside ugaritic texts and other ancient near eastern material as such laato provides a historical background for zion theology which he can apply more broadly to the psalms in addition laato argues that zion related theology in the psalms is closely related to two events recounted in the hebrew bible first the architectural details of the temple of solomon 1 kings 6 7 which can be compared with older mythical zion related traditions second the religious traditions related to the reigns of david and solomon such as the ark narrative which ends with david s transfer of the ark to jerusalem 2 sam 6 from this laato builds an argument for a possible setting in jerusalem at the time of david and solomon for the zion theology that emerges in the psalms
