

Epub free Samsung smart tv guide not working (2023)

if your verizon fios tv guide is not working anymore then read our updated 2024 guide on how to fix it verizon fios provides fiber optic tv service that s known to be speedy and incredibly reliable the video provides a complete guide on how to fix the spectrum tv guide not working issue how to fix it disconnect the power cord once you ve noticed that your spectrum tv guide is not working or even loading you need to disconnect it first you must unscrew it and remove the coaxial cable behind the box after this wait at least 10 seconds before you screw it back i decided to put together this comprehensive article about why your fios tv guide stopped working and how to rectify it if the fios tv guide isn t working power off and restart your set top box if that doesn t work try turning off the fios router waiting for 30 seconds and then restarting it 7 effective ways to fix samsung tv guide not working whether a soft reset can help reload the samsung tv guide how setting the correct time and date does resolve the issue 1 solution agooser26 newbie 02 18 2023 06 18 pm re channel guide stopped working mine did the same thing and i was so frustrated i believe it happened right after a software update on the tv too so i tried everything even going back to factory set up and different wifi no guide data on your directv receiver here s what you can do about it posted by stuart sweet november 19 2023 topics directv hdtv satellite in the twenty first century we expect things to work it can be frustrating when you press the guide button on your directv receiver or dvr and see nothing but regular schedule in the meantime you can access the guide by clicking in the channel up down button on the smart remote or heading to home live tv guide you can also utilise the voice assistant feature by pressing the microphone button on the smart remote and saying guide the tv program guide or recorded title list is not displayed even if you press the guide or titlelist button while watching from an external device cable box or set top box step 1 change channels for issues with programming on a specific channel try changing channels then change back to the original channel alternatively you can open your guide and re select the channel you re currently viewing to relaunch the stream step 2 close other apps too many applications open on your device can impact performance there are several possible reasons why the youtube tv live guide is not working as expected some of them are a bug or glitch in the youtube tv app or website a problem with the user s account or location settings a poor or unstable internet connection an outdated or incompatible device or software tips choose your issue if the issue still occurs after resetting the tv or viewing the video select the issue or symptom below for further troubleshooting the tv has no power tv turns off or randomly restarts an led keeps blinking on the tv slow or unresponsive remote missing channels signal quality abnormal picture screen detailed method on how to fix it step 1 on your directv remote press the guide button on your screen scroll through the listed channels one after the other with the aid of the directional buttons you can look at each channel s specific shows by entering the channel s number via the remote control at the guide interface all appears to again work perhaps go into settings and check for updates didn t work for me when i tried when i posted before or wait for amazon to send the update believe they stagger sending updates bottom line after today s 4k firestick update channel guide logos have returned there s a basic solution for nearly all technical errors find info on topics like how to restart your device check your internet speed or reinstall the sling tv app common solutions six common fixes resetting an internet connection power cycling streaming internet solutions device specific troubleshooting if your dvr is currently setup to receive internet
