this book is a series of newspaper accounts and photographs chronicling the 1910-11 construction of the Rapidan Dam in rural Blue Earth County, Minnesota. Two Mankato, Minnesota newspapers, the Review Daily and Weekly and Mankato Free Press, followed the dam's construction from the initial community rumblings in February 1910 to the final walkthrough by Consumers Power Company engineers in March 1911. In December 1863, Civil War soldiers took refuge from the dismal conditions of war and weather; they made their winter quarters in the Piedmont region of central Virginia. The Union's Army of the Potomac in Culpeper County and the Confederacy's Army of Northern Virginia in neighboring Orange County for the next six months, the opposing soldiers eyed each other warily across the Rapidan River. In *Music Along the Rapidan*, James A. Davis examines the role of music in defining the social communities that emerged during this winter encampment. Music was an essential part of each soldier's personal identity, and Davis considers how music became a means of controlling the acoustic and social cacophony of war that surrounded every soldier. Nearby music also became a touchstone for colliding communities during the encampment: the communities of enlisted men and officers or northerners and southerners on the one hand, and the shared communities occupied by both soldier and civilian on the other. The music enabled them to define their relationships and their environment emotionally, socially, and audibly. The year is 1863, losses in 1862 at Fredericksburg, Vicksburg, and Murfreesboro have left the Union Army in disarray. Twenty-five thousand enlistees are about to reach the end of their service and will have to be released on the first of May. The Confederacy has gained in experience and confidence. Cavalry forays by audacious commanders like General Jeb Stuart and Mosby's Rangers are dazzlingly successful. Now General Hooker is named commander of the Federal forces, and changes are coming. The *Virginia Landmarks Register*, fourth edition, will create for the reader a deeper awareness of a unique legacy and will serve to enhance the stewardship of Virginia's irreplaceable heritage. *Exploring the Early History and Traditional Life of the Nez Percé* traces their contacts with white explorers and settlers, the loss of their land, and their eventual surrender to reservation life. Beginning with 1915, the abstracts of decisions of the United States Customs Court are included. Vols. for 1891-1897 include decisions of the United States Board of General Appraisers. Vols. for 1891-1897 include decisions of the United States Board of General Appraisers.
