Haryana Judicial Services Exam 2022 | 5 Mock Tests + 30 Topic Wise Tests

1878

india has entered the second stage of financial sector development where market forces are helping in resources allocation and efficient price discovery process the harmonization of regulatory institutions and devising of new financial architecture is necessary to enhance the resilience of india s financial sector and reduce the fragility of some financial institutions high exposure in government securities government guaranteed loans improper valuation of collaterals vulnerability to interest rate cycle still high level of npas unsatisfactory corporate governance and disclosures inadequate surveillance stock market volatility risk concentration and policy failure cause concern this necessitates improving transparency and governance resolving failure in the industrial and financial sector de linking government and private sector fostering innovation and improving the supervisory and regulatory infrastructure given the debilitating impact of financial sector crisis on the economy the stability of the financial sector should be the goal of the economy financial stability can be strengthened by improved financial infrastructure enhanced competition and restructured segments of financial system reform measures enhanced efficiency and stability of the banking system in india indian banks are well placed compared with their counterparts in developed countries but there are persisting issues of removal of structural barriers to competition privatisation of banking system radical restructuring downsizing of the balance sheet recapitalisation and eventual privatisation of the financial

institutions withdrawal of quantitative credit controls and directed credit and modernisation of the payment system the inexorable process of economic reforms must continue to slash poverty and support sustainable development while strengthening financial institutions this overarching goal of development needs a renewed thrust on financial sector reforms the papers included in the present book cover large areas but all coalesce into the central theme of india s transforming financial sector it is hoped that the book will prove useful to a wide cross section of the reading public including scholars and academics the government executives international institutions business communities and planners and policymakers

The Edinburgh Medical Journal

1920

it is a well known fact that conventional commercial banks provide financial intermediation services on the basis of interest rates on assets and liabilities however since interest is prohibited in islam islamic banks have developed several other modes through which savings are mobilized and passed on to entrepreneurs none of which involve interest islamic banking and finance discusses islamic financial theory and practice and focuses on the opportunities offered by islamic finance as an alternative method of

financial intermediation key features of profit sharing as opposed to debt based contracts are highlighted and the ways in which they can facilitate improved efficiency and stability of a financial system are explored the authors illustrate that in addition to some 200 islamic banks operating in muslim as well as non muslim countries some of the biggest multinational banks are now offering islamic financial products this book will fascinate students researchers and academics with a special interest in comparative banking middle eastern studies and international finance and will also appeal to practitioners of banking and finance

Practicals in Cost Accounts

1895

banking today is not what it was some years back the basic purpose for which banks came into being was deposit mobilization and credit dispensation which in a short form can be called 3 6 3 banking it is not the same any more as the major agenda of the banks today is to multiply profits through an array of services like insurance mutual fund wealth management etc to customers the growth of financial markets blurring of product boundaries new network technologies have brought in enormous opportunities in the banking sector the key to success is knowledge on the subject and updation of the events in the

sector living up to the aspirations and requirements of the industry many indian universities have introduced banking as a subject in the curriculum of management courses at the undergraduate and postgraduate levels business schools and institutes of academic excellence have evolved exclusive courses on banking to tap the potential in the field this book meets the requirements of the subject in all its angles and intends to serve the requirements of management students who would like to make a career in banking and for those in pursuit of promotional avenues within the bank
