This Is What a Published Author Looks Like 2018-12-19

canter and fairbairn offer helpful advice on getting started in academic writing together with offering some useful tips and pointers for those more established as such this is a handy text to have on the shelf as a reminder and as a support for students and new colleagues entering the world of academic publication studies in higher education would you like to write for publication but can t find the time or motivation to do so do you already publish academically or professionally and want to extend your portfolio of publications would you like help in guiding your students as they set out on a career as published authors becoming an author provides an accessible and engaging toolkit for authors students academics and other professionals who want to build their careers their confidence and their personal satisfaction through publication it demystifies the move from being an effective student or active professional to being a published author the authors draw aside the veils of confusion that surround the practicalities of publishing in academic journals or entering the book market place this book takes the reader through the publishing process from planning and writing through to contractual and ethical matters discussing key issues such as the importance of structure and style where and how to publish your work dealing with publishers the future of academic publishing the authors experience of publishing editing and reviewing in a range of academic areas has allowed them to fill the book with real life experiences about encountering and overcoming problems associated with becoming an author it has also allowed them to address the psychological and emotional barriers that confront authors and to offer practical help in getting past them

Author! Author! 1984-01-01

the art of writing up a completed research project in a format suitable for submission to a social work journal is an ability separate from one s skills as a research methodologist it is also an ability that despite its importance is often overlooked by research courses and senior level mentors this straightforward pocket guide to preparing research articles steps into the void

as an insider's guide to getting published drawing on nearly 20 years of experience editing a social work research journal Bruce A. Thyer has crafted a candid companion to the journal publishing process unraveling the mysteries that students as well as many established researchers might otherwise stumble over and as a result their prospectus for future success improve Thyer's frank advice on selecting an appropriate journal handling rejections and revisions understanding confusing concepts like impact factors and electronic publishing and avoiding common methodological and formatting pitfalls constitute a gold mine for the fledging researcher/writer

The Author's Novel Journal 2017-09-11

this book covers all essential aspects of writing scientific research articles presenting eighteen carefully selected titles that offer essential must-know content on how to write high quality articles the book also addresses other rarely discussed areas of scientific writing including dealing with rejected manuscripts the reviewer's perspective as to what they expect in a scientific article plagiarism copyright issues and ethical standards in publishing scientific papers simplicity is the book's hallmark and it aims to provide an accessible comprehensive and essential resource for those seeking guidance on how to publish their research work the importance of publishing research work cannot be overemphasized however a major limitation in publishing work in a scientific journal is the lack of information on or experience with scientific writing and publishing young faculty and trainees who are starting their research career are in need of a comprehensive guide that provides all essential components of scientific writing and aids them in getting their research work published

The Editor 1924

this title presents a theorized approach to writing that is crucially combined with strategies designed to assist the writer guiding them through the various intellectual and practical phases of writing a journal article
