the benefits and uses of a wedding photo album wedding albums digital may be in but traditional is enduring in this modern age of digital photography there seems to be less interest in having a tangible wedding album to keep around for memories photographers wrangle the newlyweds into buying the newest digital package with cd s dvd s and other whatnots but what about having your hands on old fashioned if i dare say photos nothing can still beat the traditional wedding album as a keepsake it is a wonderful item to have on the shelf or coffee table it makes for a conversation maker and guests at your home can pick it up at their leisure if they so choose breaking out a dvd and popping it in seems so pretentious of an exercise that it would be downright embarrassing
